Leader on Trial for Extortion Declares They Would Throw Him Down if All Did Not Go Well With Them.

NEW YORK, Oct. 28.—David Fraze, general superintendent employed by the Tiffany Studio, testified in the trial of Samuel Parks for extortion today. He told of his interview with Parks in a season January 5, when Parks again said Tiffany was fined \$500. Later in the same day Fraze, accompanied by Louis Schmidt, treasurer of the Tiffany Corporation, called on Parks in his home. Schmidt asked Parks, the witness said, why the "fine" of \$500 was imposed and Parks replied:

"I am not in this business for my health, and you're getting off easy. Other firms have done business with me, and if you don't wish to pay you can fight it like some other firms, who changed their minds pretty quick."

"Does this money go to the labor unions?" asked Schmidt. "It goes to Sam Parks and a few others," was the reply, according to the witness. "I have lost my health working for a lot of ungrateful people, who would throw me down in a minute if everything did not go right. I am going away soon for my health, and after a few months you will not hear of Sam Parks in labor troubles. I've got enough to keep me comfortable during the rest of my life."

On cross-examination Fraze admitted that he had sought Parks "because they had to." The witness was excused and the court took a recess. Louis Schmidt, treasurer of the Tiffany Studio, testified that Parks told him the fine should be paid, and that if he did not a bit of work would be done on the Tiffany jobs.

Witness said that Parks' reply to his question as to whom the money should go was: "It goes to Sam Parks, and you can go to any of the firms that have done business with me and find out that Sam Parks' word goes."

Schmidt testified that Parks refused to accept a check when he suggested that method of paying the "fine," saying: "You don't think that I was born yesterday."

A stir went around the courtroom when he told of Parks saying that he could employ nonunion men, and that if he did not "Why, the union men will kick, I said to him," the witness declared. "Never mind," Parks replied, "I have got those unions, and I will fine him \$50, and he can't get another job in the city."

Schmidt testified that he had gone alone to Parks' residence January 2, two days later, and that he had returned containing \$50 in bills and gold. Both men had verified the amount. Parks then said that the men would resume work the following morning, which they did.

During the cross-examination Schmidt said that he knew Parks was committing a crime in accepting the \$50, and Parks' intention that he should report it to the District Attorney if he liked had quite taken his breath. At the conclusion of Schmidt's testimony, court adjourned for the day.

MAY TRY TO FORCE UNION.

Iron League Considering a Strike to Gain Arbitration Agreement.

NEW YORK, Oct. 28.—President Buchanan, of the International Association of Bridge & Structural Ironworkers, who has been several days endeavoring to patch up the existing difficulties between the Iron League and the Housewrights' Union, has received a letter from the Secretary of the League refusing to meet the executive committee of the Housewrights' Association. The strike committee of the Iron League says there is nothing to settle. It is through with all negotiations with the Housewrights' Union and the members of the league are only employing members of the union formed by the Building Trades Employers' Association. Until the union expresses its willingness to sign the plan of arbitration the Iron League will have nothing to do with it.

New York Contractors Declare Rivals and Labor Are in Partnership.

NEW YORK, Oct. 28.—In a statement to the public, issued by the firm of William Burdette & Co., contracting stonecutters in Brooklyn, it is alleged that their employees, about 100 in number, have been organized to strike at the instigation of an association employing stonecutters which has formed an alliance with labor unions connected with the trade in Greater New York. The firm charges that members of the association regularly add 30 per cent to all bids for stone work, and after averaging bids, the Association's officers apportion the contracts, that is added 10 per cent, and the remainder about \$500,000, which is divided with the unions, the latter receiving about \$50,000, the remainder going to the association.

The president of the corporation, E. F. Oiberson, threatens an appeal to the courts if his men do not return to work. It is said that some of the employers admit having agreed to add 30 per cent on all contracts in New York, but deny having made any arrangements for dividing with the unions.

kings took the stand and testified that Watkins had defrauded him. On cross-examination the defense indicated a purpose to throw suspicion on Grigsby on the theory that hatred of Watkins had led him to commit the act.

DOWIE AFTER POLITICAL POWER

Says He Will Control New York as He Does Chicago in Five Years.

NEW YORK, Oct. 28.—John Alexander Dowie addressed a slim audience at the early morning service today on the "Eleventh Commandment," his own addition to the decalogue, the wording being, "Love Thy Neighbor." Dowie said he had come to New York because he loved the people of the city, but he said the people of New York did not love him because of the vicious and untrue attacks made on him by the newspapers.

A "healing service" was held later in the day. At the "healing service" Dowie said: "We have visited nearly every house in New York, and we could do it eight times in a year. It would take the churches ten years to do that."

After an attack on church newspapers he continued: "For many years I have held the balance of political power in Chicago, and I control over 50,000 votes there. Whatever way I say the election shall go, it goes, and I shall have the same power here some day. Fifty thousand votes could control the situation here if I had them, and in five years I will control that number in this city."

At the night service the subject of Dowie's discourse was "The Story of the Planting, Progress and Prosperity of the City of Zion, Illinois," and he depicted the community from its foundation to the present time. He denied that the host contemplated a return to Zion earlier than was originally arranged for.

The meetings in Carnegie Hall were to be conducted by Dowie from the start, Dowie said. They are to be held on the 3d, 4th, 6th and 8th of the month, and will be especially conducted with a view to the establishment of the Christian Catholic church in this city."

He announced he would hold a baptism in the Garden next Sunday.

CHAMBERLAIN IS INDORSED.

Anti-American Cuban Society Favors His Protection Views.

HAVANA, Oct. 28.—The International Chamber of Commerce, organized to oppose the action of the Havana Chamber of Commerce in endorsing reciprocity with the United States, has adopted resolutions favoring the attitude of ex-consul Secretary Joseph Chamberlain, of Great Britain, in connection with the tariff question, which is now agitating England and her colonies.

The International association, which is anti-American in its doctrines, indorses the speeches made by Mr. Chamberlain, who he calls attention to the fact that will secure to Great Britain should the United States and Cuba adopt a reciprocity treaty. A cablegram setting forth his indorsement has been sent to Mr. Chamberlain.

HOLDS ANARCHY A RELIGION.

Plea of Lawyer to Prevent Deportation of an Englishman.

NEW YORK, Oct. 28.—Judge Lacombe, in the United States Circuit Court today, listened to arguments in the habeas corpus proceedings on behalf of John Turner, the English anarchist, whose deportation has been ordered by the Government. Defendant's counsel made a splendid plea for Turner, alleging that anarchy was not a crime but a religion.

The Attorney for the Government made a little attempt to answer this argument, but requested permission to submit a brief, to which Judge Lacombe assented. He named Friday as the day of the filing of the paper. Meantime Turner is remanded without bail.

NOTED WOMAN DEAD

Mrs. Booth-Tucker in Missouri Train Wreck.

ABOUT TWENTY ARE INJURED

Noted Salvation Army Leader Lives Half an Hour After Being Injured — Accident Caused by Spreading Rails.

MARCELINE, Mo., Oct. 28.—Mrs. Booth-Tucker died at 2:50 o'clock this morning, just as the train bearing her and the other wounded pulled into the station here. Colonel Holland also died on the train. Consul Booth-Tucker had been visiting the Salvation Army colony at Amity, Colo. She stopped in Kansas City to inspect a large workmen's hotel that the army was opening here, and departed last night for New York. She was to have been met in Chicago today by Commander Booth-Tucker.

The train ran into an open switch and struck a large steel water tank with such force as to move it five feet from its foundation and throw five cars from the track completely wrecking them. The only cars escaping were the mail, express and day coaches.

KANSAS CITY, Mo., Oct. 28.—A special from Dear Lake says that Mrs. Booth-Tucker was fatally injured in a Santa Fe wreck, and died half an hour later. The train, which started from Dear Lake for Marceline with the injured, was delayed by the breaking of a truck, and has not yet reached Marceline. The Salvation Army citadel here has no news, except that Colonel Holland was seriously hurt, and the officers disbelieve the report of Mrs. Booth-Tucker's death.

HANNA BLACKMAIL

Woman Demands \$500 or She Will Expose Him.

COLUMBUS, O., Oct. 28.—A Deputy United States Marshal today received from the District Attorney at Cincinnati a request for the arrest of Mrs. Samuel Boswell, of this city, on the charge of using the mails to defraud, but she was too ill to be taken into custody.

It is alleged in the affidavit that Mrs. Boswell sent through the mails a letter to Z. L. White, a leading merchant of Columbus, demanding that he pay her \$500 or certain facts would be exposed. It is alleged that the woman sent a similar letter to Senator Hanna demanding \$50.

The name "Anna Lynne" was signed to the letters in both instances. The identity of the sender was ascertained through a decoy letter. When confronted by a Post-office inspector, it is alleged Mrs. Boswell admitted having sent the letters, saying she knew nothing derogatory to the Senator—Leading Ohio Merchant Receives Like Note.

KEMPER GETS HEARING.

President Favors Postal Official Dismissed by Payne.

WASHINGTON, Oct. 28.—The President has ordered a reconsideration of the case of Louis Kemper, the ex-superintendent of the registry system of the Postoffice Department, recently removed by Postmaster-General Payne. In his petition to the President, Mr. Kemper says that the alleged charges are inconsistent and unjust and that he had never been furnished with a copy of them nor informed of the charges as required by the civil service rules, and he has performed his full duty in the 19 years he has served in the postal service.

The determination to give Kemper a hearing was reached after the President had a talk with Otto Kemper, Assistant Commissioner of Public Works in Brooklyn. He is a brother of the ex-Superintendent.

One of the reasons alleged by Bristow for recommending Kemper's dismissal was that he was incompetent and inefficient. Otto Kemper answered the charge by producing a letter written by Theodore Roosevelt, August 5, 1899, while he was Governor of New York. It is as follows: "Hon. Charles E. Smith—My dear Mr. Postmaster-General: Mr. Louis Kemper was postmaster at Santiago while I was there with the Army for the capture of the city. I was struck by his efficiency and desire to be accommodating. He wishes to be transferred to the postal service in the United States. I very cordially recommend him."
