Mining Swindler Sentenced.

NEW YORK, Oct. 29.—Ignatius L. Quay, president of the Horse Show Company, has been sentenced to a year in the penitentiary by Justice Davis, in the Supreme Court. He pleaded guilty to swindling, through the sale of worthless stock. Larry Summerfield, the originator of the plan, probably will be brought to trial Monday.

Bank Expected to Pay Soon.

MEXICO CITY, Oct. 29.—A standing committee appointed to represent jointly the depositors and shareholders in the defunct International Bank & Trust Company have outlined a plan which, it is expected, will bring about a speedy settlement with depositors. There is also a movement on foot for reorganizing the bank locally and under a Mexican charter.

Republican Campaign to Be in His Hands.

ROOSEVELT'S DESIRE MET

National Chairman Never Said He Would Not Serve.

ENEMIES STARTED REPORT

Payne Will Probably Resign From Second Place—Committee Will Meet in December to Fix Convention Date.

NATIONAL COMMITTEE.

Chairman—Marcus A. Hanna, Cleveland.
Secretary—Perry S. Heath, Salt Lake.
Treasurer—Cornelius N. Bliss, New York.
Pacific Coast members—Oregon—George A. Steel, Portland.
Washington—George H. Baker, Goldendale.
California—W. C. Van Fleet, San Francisco.
Idaho—D. W. Standrod, Pocatello.

CLEVELAND, O., Oct. 29.—(Special.)

Senator Hanna today said he would again accept the duties of chairman of the Republican National Committee, as he had been assigned to it by the wish of President Roosevelt that he manage his campaign for re-election. Mr. Hanna desires the public to know he never said he would not serve again. He is of the opinion that such reports were circulated to injure him politically.

Despite reports to the contrary, the only question as to Mr. Hanna's re-election as National chairman has been that of his health. It has been known that he desires to manage a third campaign, because he has his experience as stated in the program for the task. Of course, he appreciates that a third election to the National chairmanship, especially after the death of the President whose two Presidential campaigns he managed so successfully, would be a distinct compliment.

Senator Hanna's chief wish, however, is to aid in success of Republican policies. He believes such success is best for the welfare of the country. Had it not been for this devotion to Republicanism, it is quite certain he would have retired from politics on the death of President McKinley. He was sorely tempted to do so at that time. Had Senator Hanna been actuated by any selfish personal ambition he would have sought the Presidential nomination against Mr. Roosevelt, but from the first he consistently discouraged his friends from putting him forward.

As far as the vice-chairmanship is concerned, it is not probable that Postmaster General Payne, the present incumbent, will accept the position again. His health is not robust, and it is not usual for a Cabinet officer to take a direct part in the management of a campaign. It is believed Mr. Payne would feel he could not do his duty to the committee and to the Post-office Department at the same time. If Mr. Hanna becomes the chairman again, it is generally conceded that the vice-chairmanship will go to the East, and some close personal friend of President Roosevelt will be chosen. As soon as the Ohio campaign ends, Chairman Hanna will issue a call for a meeting of the Republican National Committee to fix the place and time for the Presidential convention, Tuesday, December 8, or Wednesday, December 9, will probably be the date, and the Arlington Hotel, in Washington, the meeting place.

BOSTON REPUBLICANS RALLY.

Secretary Shaw Points Out Why He Favors Subsidies to Ships.

BOSTON, Oct. 29.—Tremont Temple was packed to the doors tonight, the occasion being the biggest political meeting held by the Republican party in this city during the present state campaign. The principal speakers were Governor Bates and Secretary of the Treasury Shaw. United States Senator Foraker, of Ohio, who was expected, was unable to be present. Secretary Shaw said: "We are securing only 10 per cent of the trade of South America, of South Africa and of the countries washed by the Pacific Ocean. This trade is worth more than \$1,000,000,000 per annum. We get 10 per cent of it. Other countries secure the remainder. Why? They are ready to pay the price."

"Last Winter a bill was introduced offering a subsidy for American ships but it was defeated. I am not minding its defeat. Senator Hanna told me there were three companies ready if the bill had passed to make contracts to build ships and establish and maintain regular lines in three directions where we have no ships. But practically every Democrat voted against it, not because of its provisions, but on principle. I recognize that the term 'subsidy' has a bogus sound, it is a good scare word. But it ought to take something more than scare words to deter us from every reasonable effort to get our share of trade of the countries I have referred to. All Europe is establishing commercial colonies, warehouses, branch offices and banks on many of these shores. No man can now say how soon complications may arise similar to those that recently existed in Venezuela, and no one can now predict to what extent, and in what manner, the United States may become interested in

MOODY SPEAKS IN MASSACHUSETTS.

SPRINGFIELD, Mass., Oct. 29.—William H. Moody, Secretary of the Navy, addressed an audience of 200 people at a Republican rally here today. He touched upon the postal investigations, and said he could promise for the President that the reports of Holmes, Conrad and Charles J. Bonaparte would be submitted in full to the public and no one would be sheltered by the Administration.

BRYAN MADE TO GET DOWN.

Postoffice Watchman Will Not Allow Him to Speak From Steps.

TOLEDO, O., Oct. 29.—W. J. Bryan was tonight ordered off the steps of the Toledo Postoffice by the watchman in charge of the building. Mr. Bryan was to speak from the steps of the Postoffice. Two thousand people had gathered, and he was about to open the meeting when the watchman told him to get down. Mr. Bryan, candidate for Lieutenant-Governor, and informed him that Mr. Bryan could not speak from the steps, but he would have to get down on the curb.

Mr. Niles at once made the announcement that the meeting would be held on the corner, and the crowd followed Mr. Bryan and his escort to the new stand.

SNUBS SECRETARY WILSON.

"Cotton King" Brown, of New Orleans, Refuses to Greet Him.

NEW ORLEANS, Oct. 29.—Secretary of Agriculture Wilson visited the cotton exchange today, and was snubbed by "Cotton King" Brown, who refused to greet Mr. Wilson, despite the fact that he is exchange director of a number of members of the Board of Trade. The snub was due to Mr. Wilson's antagonism to the bull movement in cotton, and his criticism of Brown's methods. The incident has caused a sensation, but Brown's action is indorsed by leading cotton brokers.

ORIGINATOR OF BUSINESS SYSTEM.

POISON CAUSED HIS DEATH.

Jury Finally Reaches Decision in the Case of ex-Pittsburg Recorder.

PITTSBURG, Oct. 29.—The verdict of the coroner's jury on the death of ex-City Recorder Owen Brown was reached tonight after 13 sittings. The jury found that Brown came to his death suddenly at his residence on Sunday afternoon, March 15, 1903, from poison administered by some unknown person or persons. The death of Recorder Brown occurred a few days after his resignation as City Recorder at the close of a year's bitter factional fighting in local politics.

There were vague rumors of suicide at the time, but the death was generally attributed to collapse from overwork and mental stress. The suicide rumors, however, reached the ear of J. P. Brown, of Nebraska, a brother of the deceased, and he came here to investigate, and on April 25 had the body exhumed from its resting place in Bull Creek cemetery, near Tarentum, Pa., the boyhood home of the Recorder, and a post-mortem examination held.

After the post-mortem the vital organs were sent to Philadelphia for a chemical analysis. On June 23 the inquest proper was taken up and continued at intervals ever since. In all there were 13 sessions, not counting the viewing of the body. For the past two months nothing has been done owing to the illness of Colonel C. T. Campbell, of Louisville, who had been retained by J. P. Brown, the dead man's brother, to look after his interests in the case.

Ex-Recorder Brown left a valuable estate, of which his wife, from whom he had been separated, several nephews and close friends were made beneficiaries by his will. The verdict of the coroner's jury leaves the case where it has been all along, as it is believed he did not die from natural causes.

J. P. Brown, who has been conducting the investigation, proposes to remain here and investigate further.

MARKED FOR ASSASSINATION.

Armenians Say European Nation Had London Leader Slain.

NEW YORK, Oct. 29.—Armenians of this city are beginning to talk more freely about the murder of Sagat Sagouni, which occurred in London Monday morning. These men, who refuse to permit the use of their names, dread vengeance of their organized enemies, linked with Sagouni was real head of the Armenian revolutionary party, and he was murdered by an assassin in the pay of a certain European government.

Members of the Armenian colony here say warning was sent to Sagouni a month ago, when the whole assassination plot was first discovered.

It is asserted that 15 Armenian leaders are understood to have been marked for assassination. The leaders are now considering the advisability of laying all the evidence in their possession before the Secret Service officials.

DOWIE COMES BACK AT HIM.

Says Dr. Parkhurst Is Not Worth Powder and Shot.

NEW YORK, Oct. 29.—John Alexander Dowie, at his noonday meeting, engaged in a denunciation of medical students, medical colleges, secret societies and newspapers. His audience consisted of about 800 persons, most of whom were his own followers. Dowie did not stick very closely to his published subject, "Medicine and Surgery; Are They Sciences?"

Before he appeared on the platform, it was announced that 30 converts had been secured during the campaign of the Zionists in this city, and that they would be baptized on Sunday. Concerning Rev. Charles H. Parkhurst, Dowie said: "There's that miserable Parkhurst. He tells over his sermon and his hearers toll while listening to him. I have made up my mind that Parkhurst is not worth powder and shot. He never in his life addressed as many people as I address in one week. I never heard that Dr. Parkhurst had to get the police to keep people out of his church, as they had to do at my meetings."

"What do I care what they say about me? Bah! I preach to more than a million every week. I've had a pretty good time in New York, but there is a better time coming."

Dowie announced that after a conference with city officials, he had decided to postpone the meeting of the Carnegie Hall meeting until Wednesday of next week.

At the early morning service Dowie announced to his followers another crusade. He told his host to return to Zion City and save their money against the expenses of another crusade, because "the good work of spreading the restoration message is going to be carried far and wide."

James M. Peters, in charge of the transportation arrangements, said the departure would be made early next week, according to the programme. Dowie will

PARTNER OF HOLLADAY DEAD.

Hon. John E. Russell, Interested in Northwest in Early Days.

LEICESTER, Mass., Oct. 29.—(Special.)—Hon. John E. Russell, former partner of Benjamin Holladay, in the old Overland Transportation line between the Missouri River and Salt Lake City, and other stage lines in the territories carrying the United States mails, is dead here, aged 89 years.

Mr. Russell was also connected with the Panama Railroad and the Pacific Mail Steamship Company, and interested with Holladay in a steamship line from San Francisco to Portland, Or., besides having important interests identified with the development of the New West.

WELL-KNOWN CHICAGO CONTRACTOR.

CHICAGO, Oct. 29.—P. J. Sexton, president of the Chicago Brick Company, a well-known and wealthy general contractor, died last night, aged 77 years. Mr. Sexton became ill while in London, England, six weeks ago, and returned to Chicago in the care of a nurse. Mr. Sexton had been identified with the building industry in Chicago since coming here from Nashville, Tenn., shortly after the great fire. Among the best known structures which he erected are the Cook County Hospital, the City Hall, the county building and the Plymouth Congregational Church. He was also interested in the construction of several of the World's Fair buildings. Mr. Sexton served in company of Kentucky cavalry during the Civil War.

CHRISTIAN SCIENCE FAILS TO SAVE.

WASHINGTON, Oct. 29.—Mrs. Florence L. Marliatt, wife of C. L. Marliatt, assistant entomologist of the Department of Agriculture, died here yesterday after a long illness. The coroner gave a certificate of death from inflammation of the stomach. According to the explanation given to the coroner, Mrs. Marliatt was a Christian Scientist and refused to have a physician called.

TRINIDAD, COLO., Oct. 29.—The great strike of coal miners, pending in District 15, for 30 days, was officially called today, when President Howell sent a copy of the following letter to all unions in the district: Trinidad, Ind., Oct. 28.—William Howells, president District 15, U. M. W. of A., Trinidad, Colo.—Dear Sir and Brother: At the last meeting of the National executive board, the question of insuring a strike in the coal mines of Colorado, Utah, New Mexico and Wyoming, District 15, received careful consideration, and it was unanimously agreed to empower the undersigned to open negotiations with the Colorado Fuel & Iron Company and the Victor Fuel Company for the purpose of arranging a conference with these two companies, which would authorize us to make an adjustment with a strike averted. In the event of failure to effect an amicable adjustment, we were given full power to enforce the application of the undersigned to a strike at whatever date in our judgment held out the greatest promise of success. Operators Hold Out. Pursuant to these instructions, we communicated by wire with the presidents of the companies above named, asking them to meet our representatives in conference. We received replies from them declining to meet us, or to accept our proposals for a conference. In view of the difference pending in District 15, since the receipt of these declarations, we continued our efforts to reach the interests which control in Colorado, Utah, New Mexico and Southern Wyoming, to take effect Monday morning, November 9, provided an adjustment has not been reached in the interval, or negotiations were authorized to inform all miners, union and non-union, that the National organization of the United Mineworkers of America will render its assistance in every way to enforce the strike and prosecuting it to a successful issue. It is unnecessary, of course, to remind you how important and essential it is that the members and their friends conduct themselves in a manner which will command respect, sympathy and support from the public. The men should be advised to observe the laws of the land under no circumstances should they permit themselves to be provoked into the commission of unlawful acts. While the earnest hope of the miners of District 15 may be successful in their effort to secure reasonable wages and fair conditions of employment, we remain, yours truly, JOHN MITCHELL, President U. M. W. of A. T. L. LEWIS, Vice-President U. M. W. of A. W. H. WILSON, Secretary-Treasurer U. M. W. of A. President Howell said to the representative of the Associated Press: "The companies mentioned have refused to arbitrate all differences, and the officials of the union have given up hope, and the strike will occur November 9. The reason we have waited so long was that District 15 could not hope to win without sanction by the executive board." "President Mitchell has ordered the strike through me, and the strike will be to a finish." Chase Court-Martial Is Resumed. DENVER, Colo., Oct. 29.—After a recess of four days, court-martial proceedings in the case of Brigadier-General John Chase, Commander of the National Guard of Colorado, charged with perjury, disobedience and insubordination, were resumed today. Colonel Verdeschburg, who was in temporary command at Camp Goldenfield when the executive order was issued by Adjutant-General Sherman Bell—subsequently countermanded by General Chase—for the release of a striker from the military prison, after repeated questioning by Willis V. Elliott, counsel for General Chase, testified that he would more than likely use his own pleasure (Continued on Page 3.)
