

CANT BE COLE

Hitchcock Will Not Give Him Spokane Office.

ULTIMATUM TO SENATORS

Must Drop Their Candidate or Be Turned Down.

HIS RECORD IS ASSAILED

Register of the Land Office Must Go to a Man Whose Reputation is Proof Against Attack of Any Kind.

OREGONIAN NEWS BUREAU, Washington, Oct. 29.—If the Washington Senators, when they arrive in Washington, persist in urging the appointment of Hal J. Cole as Register of the Spokane Land Office, they will be flatly turned down by the Administration. Assurance of this was given to Representative Jones today by Secretary Hitchcock, who said he trusted the Senators would desist in their efforts in behalf of Cole. Cole cannot be appointed, he said, "no matter how many Senators endorse him. His record is not good, and we are not going to appoint men whose records are besmirched."

FOR RESTORATION TO DOMAIN

Senators Ask Revocation of Order Withdrawing Lane County Lands. OREGONIAN NEWS BUREAU, Washington, Oct. 29.—The Oregon Senators today united in a letter to the General Land Office recommending the immediate restoration to the public domain of townships 15, 16 and 17 south, range 4 east, in Lane County, which were temporarily withdrawn several months ago with a view to enlarging the Cascade forest reserve.

With their request the Senators forwarded a petition sent in by the Commercial Club of Eugene, and point out that one of the most prosperous mining camps in Oregon is situated in this proposed extension, employing more than 600 men. They say that large stamp mills are being successfully operated, and more are now under construction on these lands and within a short time the mines and their employees will demand all the products that can be raised in the vicinity. These townships are being rapidly settled, and the Senators state that to withdraw permanently the land would paralyze the numerous industries established and springing up and greatly retard and destroy the future development of that section of Lane County. Furthermore, they insist there is no necessity for adding these townships to the reserve.

FIGHT MADE ON BOOTH.

Opposition to Reappointment as Receiver Because He is in Mill Firm. OREGONIAN NEWS BUREAU, Washington, Oct. 29.—The first thing the Interior Department will take up when it comes to examine into the records of James H. Booth, Receiver of the Roseburg Land Office, who has been recommended by the delegation for reappointment, is a charge that has been on file some time alleging that Booth is connected with the Booth-Kelly Lumber Company, which has been operating largely in Southern Oregon and Northern California, and that Booth, in view of his connection with the company, should no longer be a land officer at Roseburg. Before he takes action in the case Secretary Hitchcock will thoroughly investigate the matter and determine whether Booth's connection with the lumber business disqualifies him to hold public office.

EARLY TRIAL FOR THOMSON.

Receiver's Case Will Be Called Next Month, if He is Ready. OREGONIAN NEWS BUREAU, Washington, Oct. 29.—The Oregon Senators today received a telegram from United States District Attorney Hall, of Portland, advising them that if Aea B. Thomson, the suspended Receiver of the La Grande Land Office, is ready he can be tried between the 15th and 20th of November. The Senators mailed this information to Secretary Hitchcock, but it was not delivered this evening. It is probable the Secretary will agree to continue Thomson's suspension for the period stated, and await the decision of the court before acting.

PUGET SOUND HAS A NEED.

Chief of Marine Corps Would Enlarge Barracks at Navy Yard. WASHINGTON, Oct. 29.—The annual report of Major-General Heywood, Commander of the United States Marine Corps, contains estimates for the following, among other improvements at the yard and stations named: Mare Island, Cal., erection of a small prison for the use of the command at that station; Puget Sound, Washington, extension of present barracks.

"I am pleased to say that it was not a mistake to enact a law which allows promotion from the ranks," says the General, "as all the officers in the Marine Corps from this source have turned out well."

The reports from recruiting officers are said to be satisfactory, and lead to the belief that the corps will be brought to the fullest strength allowed by law by January 1 next. It is recommended that the leader of the Marine Band be given the pay and allowances of a Captain; the second leader, that of a Second Lieutenant; first-class musicians, \$10 a month, and second-class \$75 a month. In this connection, the report says: "In order to keep up the standard of the organization, the best musical talent should be secured, but owing to the constant troubles with the various musical unions of the country, it is difficult to get first-class men to enlist for the pay now given to the musicians of the band, and as fast as their enlistments expire, the best musicians decline to re-enlist, owing to the fact that they fear they will not be allowed to accept outside engagements, which will make their pay correspond with the amount they could earn in civil life."

NEW YORK, Oct. 29.—Considerable apprehension is felt among Italians about the expedition under way to Abyssinia by Consul-General Skinner, of Marsella, says Tribune, who has been in Rome, Italy, since her African reverse, has been accustomed to look with distrust upon any foreign interference in Ethiopia. It is learned on good authority, says the correspondent, that instructions have been sent to the Italian Minister at the Abyssinian capital to watch Mr. Skinner closely and report on the attention paid him and the business results of his visit.

Erwin Did Not Know of Gifts.

SAN FRANCISCO, Oct. 29.—The extradition hearing of James Erwin, the Postal Inspector, who was indicted at Washington, was resumed today. C. L. Wayland, a Postal Inspector, was cross-examined. He testified that among the mailboxes devices offered the Government were many that were cheaper and simpler than the Richardson device. Gifts made in Cleveland sold at one-quarter the price of that made by Richardson. Daniel S. Richardson was also cross-examined. He said Erwin knew nothing of the gifts stock to postal authorities and expected the device to be adopted on its own merits.

SOLDIER FIGHTS FOR OLD JOB.

Court to Say Whether Discharge for Attending Maneuvers is Legal. EMPORIA, Kan., Oct. 29.—A warrant was issued tonight for the arrest of W. C. Hilt, a soldier, on a charge of deserting from the army and discharging from the army of the road Leigh Pettit, a member of the local Kansas National Guard Company, because he left his work to attend the maneuvers at Fort Riley. Pettit was ordered with his company to the maneuvers and says he was told by Hilt that if he went he could consider himself discharged. Hilt says he has decided to dispense with Pettit's services before he heard of the maneuvers. A test case will be made of the matter.

Millionaire Surely Kidnaped.

CHATTANOOGA, Oct. 29.—According to advice received here from the relative of Edgar L. Wentz, the young Philadelphia millionaire, who disappeared from Big Stone Gap, Va., nearly three weeks ago, every circumstance points to the fact that he is being held for ransom by kidnapers. Examinations of his deposits and investments show them untouched, banishing any idea that he has voluntarily disappeared. The fact that he had no money on his person, and that there was no cause for murder, has exploded that theory.

Picture Mystery Due to Blunder.

CHICAGO, Oct. 29.—The Tribune today says: The mystery surrounding the picture of "Guardian Angel" now on exhibition in the Salon of American Artists, is due to a blunder of some one. It was painted by Isaac H. Callig, of Boston, three years ago. Abbott H. Thayer never painted such a picture. After Callig painted and exhibited it some one put a photograph of it on the market, and recently this photograph has appeared crediting the painting to Thayer. A year ago, after the painting had been exhibited in New York, Callig decided to make changes in it. He lightened the color of the wings of the angel and filled out the canvas more completely with the picture. The photograph represents the picture in its former state.

Pledge Australia to Protection.

MELBOURNE, Victoria, Oct. 29.—Alfred Deakin, the new Federal Prime Minister, in announcing the Ministerial policy to a meeting at Ballarat today, said he was prepared to reciprocate the proposals of Joseph Chamberlain concerning the British fiscal policy. The adoption of this policy, he said, would require that Australia must accept a system of which would increase her dairy products, thus giving employment to many. It would result in turning the tide of emigration toward the commonwealth. The government, the Prime Minister said, would support the development of national trade. He said the watchword should be "fiscal peace and preferential trade for Australia."

REOCCUPIED BY RUSSIA. CHINESE FAIL TO KEEP PROMISES AT MUKDEN. Step indicates that Japan has agreed to give czar free hand in Manchuria. ST. PETERSBURG, Oct. 29.—An official dispatch from Mukden, Manchuria, says: A detachment of Russian troops entered the town yesterday and reoccupied the garrisons. This action was in consequence of the weakness displayed by the Chinese authorities who do not fulfill their promises and owing to general ferment prevailing here. The rumors coming from Japanese sources relative to the erection of Russian forts on the Yalu River, Corea, are declared to be exaggerated. It is explained that Russia has agreed to build for the secretion of the Russian settlements against the Manchus. The reports of the entry of Japanese troops into Corea are also unconfirmed, and the anti-Russian demonstrations in Japan are now stated to be less frequent. STRIKERS TERRORIZE TOWN. Bilbao Presents a Sorry Spectacle, and Many People Are Fleeing. BILBAO, Spain, Oct. 29.—The garrison of Bilbao has been reinforced, but the troops still have difficulty in coping with the rioting strikers, who constantly erect new barricades as the old ones are torn down by the soldiers. The city presents a sorry spectacle owing to the widespread destruction wrought by the mob. The rioters used dynamite in several instances to blow in the doors of the Jesuit houses and to destroy the railroad tracks, with the object of preventing trains from entering Bilbao. High prices are already being charged for provisions. Even bread is selling at 75 cents a loaf. Six persons were killed and a hundred injured during yesterday's conflicts. HUNDREDS OF TERROR-STRIKEN PEOPLE HAVE fled from the city. The railroad employes now threaten to join the strikers. Acting under orders from Madrid, the Governor of Bilbao has summoned the mineowners to a conference. No newspapers appeared here today, and all telegrams are closely censored. General Zappingo marched into Bilbao today with an infantry regiment, two squadrons of cavalry and a battery of artillery. Strike riots are reported to have occurred in neighboring villages. At Arenas the troops were obliged to fire on the strikers. Several men were killed or wounded, including soldiers. The strikers are threatening to attack the Guadacano dynamite factory. A large force has been sent to protect the works. MORE TROOPS WILL BE SENT. MADRID, Oct. 29.—The Spanish Cabinet met twice today to consider the rioting at Bilbao, where the situation seems to be improving. The Ministers were unanimous in the question of sending large reinforcements of troops to Bilbao. General Zappingo has taken the direction of affairs there, and telephonic communication with the disturbed city has been re-established. Telegrams from Bilbao state that quiet reigns there. The street-car service has been resumed and the shops are again open. STRIKERS ARE REINFORCED. BARCELONA, Oct. 29.—About 150 workers in other industries here have joined the glassworkers' strike. RUSSIAN ADVICES ALARM CHINA. War Party is Gaining and She Realizes Time is at Hand to Prepare. LONDON, Oct. 29.—Dispatches to the Daily Mail from Peking this morning state the feeling in the Chinese capital is growing more tense daily. LONDON, Oct. 29.—An acrimonious correspondence is proceeding in the columns of the Morning Post as to whether the art of the late James McNeill Whistler, the American painter, is appreciated in his own country. Marion H. Spielmann, editor of the Magazine of Art, contends that Whistler received no official recognition in the American art world. Joseph Pennell, the artist, maintains that Whistler received the highest awards at exhibitions in America, as well as other evidence of genuine appreciation from his fellow-countrymen.
