REBELS JOIN FORCES

Santo Dominican Capital Is to Be Attacked.

AN EXILE RETURNS TO FIGHT

Ex-Governor of Province Who Was Banished to Cuba Will Work With Revolutionary Leader --France Sends Ship.

CAPE HAYTIEN, Hayti, Oct. 29.—General Navaro, the revolutionary Governor of Monte Cristo, Santo Domingo, at the head of a strong force of troops, has joined General Morales, Commander-in-Chief of the forces of the Dominican revolution, with the reported intention of moving the combined forces on the capital, Santo Domingo.

The blockade of the port of Puerto Plata, on the north coast of Santo Domingo, which is held by the revolutionists, has caused provisions there to become very dear.

A force of Dominican revolutionists has occupied Cotuy. It is presumed the Dominican government forces will be concentrated at the capital, where heavy fighting is expected to take place.

Among the passengers on the Cuban mail steamer Maria Ferreria, which was prevented from entering Puerto Plata on Tuesday by the Dominican government cruiser Independencia, was Senor Caceres, ex-Governor of Santiago de Los Caballeros, Santo Domingo, under the Presidency of General Vasquez, who was exiled to Cuba by the present government of Santo Domingo. Senor Caceres has gone now to join General Jiminez, the leader of the revolution at some unknown point, and together they will make another attempt to land in Santo Domingo. Telegraphic communication with La Vega, Santo Domingo, has been restored.

It is rumored that the French cruiser Jean de la Gravier, now at Port au Prince, Hayti, has been ordered to Santo Domingo.

STRIKE IS CALLED.

(Continued from First Page.)

about obeying an executive order that did not come directly from the Governor.

The purpose of this testimony was to show that there could be no disobedience on the part of General Chase in failing to obey orders.

PARKS GIVES HIS SIDE.

Walking Delegate Admits He Levied "Fine," but Holds It Legitimate.

NEW YORK, Oct. 29.—The trial of Samuel J. Parks, walking delegate of the Housesmiths' and Bridgemens' Union No. 2, on the charge of extortion, probably will be concluded tomorrow. Judge Newburger, before whom the defendant has been on trial since Monday, stated this evening that he would endeavor to bring the trial to a conclusion before Saturday.

Parks was a witness today. While he admitted a good deal of the testimony given by the witnesses for the prosecution was true, he feared many of the accusations made against him misrepresented facts. Two or three times Assistant Attorney Rand gave him a severe cross-fire of questions, and apparently had Parks in an awkward place, but Mr. Osborne and the other lawyers of the defense were very watchful, and their persistent objections to leading questions were invariably sustained by the court. Parks said the $500 was paid in a legitimate business transaction.

Parks, while in poor health, seemed to be full of energy throughout the day's ordeal. Several times the prosecuting lawyers attempted to get on record the fact that Parks had a bank account of a magnitude beyond the possibilities of an ordinary mechanic, but each attempt was overruled or cut short through the strenuous efforts of counsel for the defense.

Before the trial was resumed today it was learned that the bail bond of $5000 for Tim McCarthy, Parks' partner in the labor union, who is jointly indicted with him, had been forfeited. J. J. Byrne, nephew of ex-Chief of Police Devery, is the bondsman.

Charles Avery, cashier of the Tiffany studios, testified to his having drawn a check for $300 on January 7, for which he received three $100 bills at the bank, and these, together with $300 in bills and gold, he handed over to Schmitt on that day, the same day on which Schmitt swore to having paid the "fine" to Parks. After some minor testimony the prosecution rested.

Mr. Osborne immediately renewed his application for the discharge of the prisoner because of defective indictment. The court denied the motion. Mr. Osborne then began his speech to the jury, opening for the defense.

"I will show you and Parks will tell you that this charge of extortion is absurd. Parks and the Tiffany people paid an initiation fee of $500 for being put on the list of union shops, besides receiving valuable considerations.

"It is absurd," continued Mr. Osborne, "to imagine for a moment that a man like Parks, dying of consumption, would deliberately commit a crime which would consign him to prison to die there."

At the conclusion of Mr. Osborne's speech the court took a recess.

IRONWORKERS CALL BIG STRIKE

National Walkout to Force New York Employers to Yield.

NEW YORK, Oct. 29.—The threat of a national strike by the International Bridge & Ironworkers to force a recognition of Local No. 2 by the Employers' Association, culminated today at a meeting of the International and local committees of this city, in a resolution being passed ordering a strike all over the country to go into effect on Saturday in all cities where the members of the Iron League of Building Trades Employers' Association have contracts.

President Buchanan was in favor of exhausting all efforts to bring about a peaceable settlement, but the Parks' element thought this too slow, and carried a majority with them.

The cities which will be affected include New York, Boston, Philadelphia, Pittsburg, Easton, Chicago, St. Louis, Cleveland and Cincinnati.

The international executive committee estimates that 10,000 ironworkers will be directly affected. This would mean the throwing out of work of from 100,000 to 150,000, and possibly more workmen in other grades.

MAY TIE UP PACKING HOUSES

Executive Board of Chicago Unions Favor a General Strike.

CHICAGO, Oct. 29.—One thousand packing-house canners walked out today, joining the striking sausagemakers and increasing the number of idle men at the stockyards to 2400. There are 16 other branches of organized labor in the packing-houses yet to make demands, and more than 32,000 are said to stand ready to support the strikers.

The executive boards of the Packing Trades' Council and the Amalgamated Meat Cutters and Butchers' Workmen of America held a conference today, and it is stated a recommendation for a general strike at all packing centers of the country was decided upon.

The result of today's meeting will be submitted to the special meeting which was scheduled for Saturday night, but which it is now said may be held tomorrow evening.

Brick Trust Lays Off Men.

CHICAGO, Oct. 29.—Fourteen hundred brickmakers have just been laid off in Cook County, and when given their pay were told that there would be no work until late next Spring. Four hundred will be discharged in December, and the industry in this district will be closed down.

The prevalence of strikes and the increased cost of building in Chicago practically has stopped all construction work. The brick companies have on hand enough stock to last for months, and do not intend to increase the supply. The movement to lay off men is alleged to have begun with the Illinois Brick Company, known as the trust, and came unexpectedly to the men.

Miners Observe Mitchell Day.

SCRANTON, Pa., Oct. 29.—This was John Mitchell day. All the United Mineworkers of America in the Lackawanna and Wyoming regions were out on parade to the number of 50,000. Mr. Mitchell and Alexander T. Connell, Mayor of the city, rode in the first carriage. The parade ended in the circus grounds, where Mr. Mitchell and Mr. Duncan made speeches on the topic of labor and trades unionism.

SELLWOOD SCHOOL ALUMNI.

Arrangements Made for Series of Practical Lectures This Winter.

At the meeting of the Sellwood School Alumni Association Wednesday, in Campbell's Hall, it was decided to arrange for a series of practical lectures this Winter, and Mayor George H. Williams will be the first speaker. He will talk to the association on Wednesday evening, November 18, in Firemen's Hall, on his recollections of Abraham Lincoln. The association was very fortunate in securing Mayor Williams for a talk on that subject, for there is no man living can talk more instructively and entertainingly on that subject than he. The lectures will be for the benefit of the members of the association and their invited friends.

S. U. Downs, principal of the Sellwood School, expects to secure other instructive talkers. The association also has a committee on programme, which will provide some additional entertainment besides the addresses. The Alumni Association has a membership of about 100.

FARMERS' INSTITUTE.

Will Be Held at Gresham December 11-12 by Agricultural College.

Dr. James Withycombe, vice-director of the Oregon Agriculture College, at Corvallis, yesterday notified the committee that he had accepted the dates fixed by the committee on arrangement for the proposed Farmers' Institute at Gresham, and will conduct the institute Wednesday and Thursday, December 11-12. It will be held under the auspices of Multnomah County Pomona Grange, but largely under the direction of Gresham Grange. The intention is to interest the Granges of Multnomah and Clackamas Counties directly in this institute, as it will be held close to the dividing line of both counties. Invitations will be sent to all the Granges that are likely to send delegations.

Professor R. F. Robinson, County School Superintendent, has agreed to assist in some educational features of the institute. A day may be given to educational matters, but that matter will be settled later. Judge John F. Caples, of Portland, will be one of the speakers on general topics. Dr. Withycombe and several professors from the Agricultural College, will deliver the lectures on scientific farming, all of which will be practical.

Parents' Meeting.

A parents' meeting will be held this afternoon at 1:30 o'clock in the Williams-Avenue School, which parents are invited to attend. The following is the programme: Piano solo, Miss Alga Brown; address, Miss Elizabeth Cavannah, principal in the New York City schools; vocal solo, Miss E. E. Couvert; address, W. T. Gardner, superintendent of Boys' and Girls' Aid Society; vocal solo, Miss E. Groves; address, "Something I Have Learned About Children," M. L. Pratt, principal of Williams-Avenue School.

Columbia Grange Fair.

Columbia Grange, Patrons of Husbandry, will hold its first annual fair in its hall, three miles south of Corbetts, and east of the Sandy River, today and tomorrow. An interesting programme has been arranged for the occasion. There will be a display of farm produce and household handiwork. A growing district surrounds this hall, and a creditable showing is expected.

East Side Notes.

There will be a meeting of the Central School Alumni Association this evening in the assembly hall of the association. All members of the last graduating class are requested to attend this meeting and sign the membership roll. Some plans for future work may be adopted.

The City & Suburban Railway Company has completed its double tracks on Ellsworth street on its Brooklyn branch, between Grand avenue and East Tenth street. Cars are now operated over the new second track, and there is no loss of time. Work has been started on the grading of Ellsworth street.

There are good prospects that the improvement of East Oak street will be completed to East Tenth street before long. The improvement is finished to East Seventh street, and work has been started from that point eastward. It has taken over a year to get this street improved.

Crossed wires in the house occupied by Dan Penny, East Third and East Ash street, caused a fire to start there yesterday morning. A still alarm called out Engine No. 7, and the blaze was extinguished with small damage.

Mr. Spicer Not Suspended.

PORTLAND, Oct. 29.—(To the Editor.)—We noticed in your paper of last Tuesday an article referring to the dismissal of an action against the Rev. J. H. Gibson and in which the reporter purported to give a statement of Mr. Gibson, viz: "To a question as to whether Mr. Spicer had been restored to membership Mr. Gibson answered that he had not." Such a statement given currency by one who should be the exemplification of purity and honor certainly is deplorable.

As an officer and member of the Grand-Avenue United Presbyterian Church, of which Mr. Gibson is only the stated supply and not the pastor, we can state it as a fact that Mr. Spicer never has been nor is he now suspended from membership in the church and that he is and has been since he united with it a member in good standing.

It is hoped it is not improper to state that Mr. Gibson has no voice in suspending members; that this power lies in the session of the church of which Mr. Spicer is and has long been a member and that such a matter never came before it.

R. G. HAMILTON,
RALPH M. MILLER.
Members of Grand Avenue session.

A GUARANTEED CURE FOR PILES.

Itching, Blind, Bleeding or Protruding Piles. Your druggist will refund money if PAZO OINTMENT fails to cure you in 6 to 14 days. 50c.

Women from their sedentary habits are often subject to headache and constipation. These are quickly removed by Carter's Little Liver Pills.

PLOT AGAINST THRONE

KING PETER, OF SERVIA, TO HAVE BEEN ASSASSINATED.

Anonymous Letter Gives Him Warning, and He Places Conspirators in Prison.

BELGRADE, Oct. 29. — Through an anonymous communication, the author of which has not yet been discovered, notwithstanding exhaustive inquiry by the authorities, King Peter Karageorgevich has brought to light what appears to have been an extensive plot against the throne. The King was warned that several officers in the army, some of whom had been identified with the successful plot against the lives of King Alexander and Queen Draga, had planned his overthrow, and it is believed if necessary King Peter's assassination.

By order of the King the officers arrested M. Coljankovitch, ex-military attache to King Alexander, and he was placed in prison. M. Collanklevich, who was prominently identified with the former plot at Nisch, was also arrested and placed in prison.

SEEKS GOOD WILL OF FRANCE.

Main Mission of Russian Foreign Minister in Visiting Paris.

PARIS, Oct. 29.—The Russian Foreign Minister, Count Lamsdorf, and M. Delcasse, the Minister for Foreign Affairs of France, went together to Versailles this morning and spent most of the day in that city. They returned here late in the afternoon and attended the grand dinner at the Elysee Palace given in honor of the Russian statesman.

Although the general impression continues that Count Lamsdorf's visit relates to affairs in the East and far East, the Associated Press has reason to know that the autograph letter of the Czar which Count Lamsdorf presented to President Loubet specifically discloses that one of the causes of the visit is a purpose to express the gratification of the Czar at the recent course of France in extending the cause of international peace. While it is impossible to give the letter textually, its essential features follow:

The letter is written in the warmest and most fraternal spirit. The Czar refers to the continuance of the strong bonds between France and Russia which operate toward the maintenance of the general peace, and expresses satisfaction at the fact that France in pursuance of the same sentiment has strengthened international ties by the Anglo-French and Franco-Italian ententes.

The letter expresses gratification at Count Lamsdorf's visit to President Loubet at such an auspicious time, and expresses the hope that it will result in an extension of international good will. The publication of these points in the letter will serve to put an end to a number of pessimistic reports current lately.

James L. Blair.

Former counsel of the Louisiana Purchase Exposition, who resigned recently, and whose resignation was followed by the publication in St. Louis that he had used half a million dollars of other people's money.

NEW CABINET IS NAMED.

Hungary Hails Count Stephen Tiza as Premier and Minister.

BUDAPEST, Hungary, Oct. 29.—The new Hungarian Cabinet will be composed as follows:

Count Stephen Tiza, Premier and Minister of the Interior; Dr. De Lucacs, Minister of Finance; Herr Hieronomye, Minister of Commerce; Count M. Michael Esterhazy, Minister of Agriculture; Herr Berzeviczy, Minister of Instruction; Dr. Pless, Minister of Justice; General Myiry, Minister of National Defense.

Crisis Is Not Yet Passed.

LONDON, Oct. 29.—Dispatches to the Times from Vienna state that in spite of the selection of the new Hungarian Cabinet, the crisis in Austro-Hungarian situation is still by no means past. General surprise is expressed that Emperor Francis Joseph conceded as much as he did, but the Austrian programme as outlined makes no mention of the use of the Hungarian language by officers in the Hungarian army. The Times states that this point may yet cause trouble, since many leading Hungarian Liberals who were disposed to accept the Emperor's concessions insist that this point must now be granted before the Austrian programme can be accepted. Others of the Liberals, however, are in favor of taking what has been offered, and waiving this one point still in dispute.

WAR ON AT SEASIDE.

Agitation for Extending the Corporate Limits Is Being Waged.

Numerous Portland owners of cottages at Seaside will be interested to learn that the movement for extending the corporate limits of the town appears to be making rapid progress. The plan is to take in practically the entire territory on the west side of the Necanicum River, except Hermosa Park. The question will be voted on at the city election on December 7, and a very lively campaign will be waged meanwhile by the advocates and opponents of the measure. The only persons entitled by law to vote will be bona fide residents of the suburb, and these are very few in number compared with the great population that makes Seaside its Summer residence. There are said to be about 400 people in Portland who own property at Seaside, but they are, with hardly an exception, entitled to no voice in the decision. Indeed, it seems that the matter will be decided by about 20 persons, and of these the opponents of incorporation say a number have been especially colonized at the instance of residents of the town proper, who have their own reasons for wanting the proposal to carry.

So far as can be learned, no Portland owner of Seaside property views the agitation with favor. Some declare that the main inspiration for the movement is the scheme of one or more persons to start saloons and gambling joints wherever they are likely to prove profitable west of the river.

"Seaside has several very enterprising whisky dealers," said a Seaside cottager yesterday, "and they seem to have a great deal to say in controlling the affairs of the municipality. This whole project arises out of their desire to extend the field of their operations. Every visitor to Seaside last Summer had a chance to see just what these saloon men can do in the way of providing accommodations for a thirsty public. They have stationed just four saloons in a small radius in the very heart of the town, so that every man, woman and child who desires to go to the postoffice, or otherwise is forced to cross the bridge on any errand, must run the gauntlet of a gang of leering loafers, and perhaps listen to remarks and encounter looks that are not altogether agreeable. It seems to me that the people of Seaside by this movement are doing much to impair the attractiveness of that resort. I am surprised that the people of this city, who have interests at Seaside, have viewed the agitation so supinely. For my part, I feel that I have some rights down there that even the saloon and gambling element ought to be forced to respect. I shall interview at once other property-owners, and see what measures can be taken to defeat this thing."

M'INTYRE ON THE RACK.

Captain of South Portland Questioned by Government Inspectors.

SAN FRANCISCO, Oct. 29.—Captain John B. McIntyre, who was master of the South Portland, was on the rack all day today, his inquisitors being John K. Bulger and Captain Bolles, the local United States Inspectors of Steamships.

It was shown that when the captain gave orders to lower the boats, the vessel was under headway, and this may account for the capsizing of one and the drifting away of the other. He explained leaving on the first boat by saying that he had 17 people in it, and thought best to save them. A rope fouling the tackle caused the boat to capsize.

He told of swimming back to the boat, finally righting her, and of the trip to Port Orford. He did not cruise about long because of the darkness nobody could be seen. He admitted he did not practice regular fire drills on board, and that the crew did not know of their knowledge what boats to take.

H. Weber and Al Bailey, two passengers, were examined. They stated that there was little confusion on board, and that few realized the seriousness of the situation.

FRIGHTENED GIRL TO DEATH.

Young Man Arrested at Fernie for Fatal Folly in Florida.

SPOKANE, Wash., Oct. 29.—(Special.)—For frightening a young woman to such an extent that she went insane, Edward McKenzie, an ex-bank cashier of Jacksonville, Fla., arrested at Fernie, B. C., will be taken back to his home for trial.

On the evening of July 5 last a party of young people were on the veranda of the Palmetto Hotel, Jacksonville, when the conversation turned to ghosts. Ada Henshaw, a prominent young society woman, declared she was afraid of nothing in the ghost line. McKenzie made a trifling wager with her that she could be frightened.

Before the party broke up McKenzie left. Going to a medical institute, he secured a skeleton, wrapped it in gauze and with the aid of phosphorus gave the effect of lighting the entire skeleton with brilliancy. He hid in the bushes near Miss Henshaw's home and as she came down the lane alone she was greeted with a groan and the appearance of an apparition with arms outstretched.

She went into hysterics and within an hour was a raving maniac. She was taken to a private asylum and in three weeks died without regaining her reason. McKenzie fled, but detectives employed by the girl's father located him in Fernie recently. The father declares he will spend every cent of his fortune in prosecuting the young man.

WILL BLAST AGAINST BUGBY.

Large Portion of Loosened Rock Fell Into the River.

ASTORIA, Or., Oct. 29.—Superintendent McGuire, of the Astoria Columbia Railroad, has a large force of men at work repairing the damage done by the blast at Bugby yesterday. A stretch of 400 feet of track and roadbed was carried away, and transfers are now necessary at that point. The damage will be repaired by Sunday.

The blast was successful in every respect except that the falling rock came in contact with a projection of earth half way down the mountain side. This diverted it from its course and caused it to slide into the river. The blast has made available sufficient rock to enable the contracting company to furnish the Government with 2000 tons daily, for some time to come.

Meantime another blast will be prepared to provide additional rock. The supply at Bugby is practically limitless.

NO CUT IN LUMBER PRICE.

Decision of Pacific Coast Lumber Manufacturers' Association.

TACOMA, Oct. 29.—That there is no occasion for an immediate cut in the price of lumber was the practically unanimous decision at the regular monthly meeting of the Pacific Coast Lumber Manufacturers' Association held here today. The members were agreed that the weakness in demand is only a temporary condition, which may not longer endure than the close of next month.

President R. L. McCormick, of the Mississippi Valley Lumbermen's Association, was present, and made a long statement of the general conditions, closing with the urgent request for the cooperation of the Pacific Coast manufacturers with those of the Middle West in keeping up present standards.

No Verdict in Beasley Case.

SEATTLE, Wash., Oct. 29.—Nome advices say:

The jury in the case of James C. Beasley, charged with forging and passing two checks for $3800 each on Captain Green, in the Government's employ at St. Michael, returned no verdict, seven being for conviction and five for acquittal. The weakness of the Government seems to have been that Captain Green was not present to testify, being at the present time in the employ of the military branch of the service in the Philippines.

At the request of the counsel for Beasley, the case was transferred to the first division. The next trial will therefore be at Juneau. Marshal Richards is already on his way to Seattle with the prisoner, where, it is understood, he will be admitted to bail in $10,000. Colonel Grigsby will arrive in Seattle on the Oregon, and go to his home in Sioux Falls for the Winter. It is understood he will go to Juneau on his way back to Nome in the Spring and give some attention to the case in connection with the Prosecuting Attorney for the first division.

Southern Pacific Buys Oil Stock.

BAKERSFIELD, Cal., Oct. 29.—On November 1, according to contract, the Southern Pacific will pay over to the Reed Crude and San Joaquin Oil Companies $1,560,000 for their holdings of associated stock. The deal was made some months ago, just before the Kern Oil & Trading Company was organized by E. H. Harriman to carry on the Southern Pacific's oil business.

Pick Route Through Garrison.

VANCOUVER BARRACKS, Wash., Oct. 29.—(Special.)—The Northern Pacific Railroad Company has submitted official plans and maps of survey of the proposed road through the garrison. It is the plan of the company to run the road along the bank of the Columbia in front of the barracks. The plans will be inspected by General Funston and if approved will be sent to the Secretary of War, who, upon approval from Congress, can give the railroad company a revokable right of way.

Dimick Will Run for Re-election.

OREGON CITY, Or., Oct. 29.—(Special.)—Mayor Grant B. Dimick has announced in response to a petition, that he will be a candidate for re-election at the annual municipal election in December. Mr. Dimick is now serving his third term as Mayor of Oregon City. With the election only a month distant there has been taken thus far not any interest in municipal affairs.

Interest in City Election.

JUNCTION CITY, Or., Oct. 29.—(Special.)—Quite a little interest is being taken in the city election, which will be held here Monday, November 2. A meeting was held here last evening, which was addressed by Rev. Mr. Tufts, of Portland. Mr. Tufts is working in the interests of the Anti-Saloon League, and endeavored to create interest in his chosen vocation here.

Himes Picks Up Some Relics.

ALBANY, Or., Oct. 29.—(Special.)—George H. Himes, assistant secretary of the Oregon Historical Society, was in Albany today in the interests of his organization. He had in his possession an old basswood ox yoke which he had secured in Linn County for the society's collection. He also had an old rifle which was used in the Southern Indian War in 1853.

Bicycle Riders Collide in Dark.

SALEM, Oct. 29. — (Special.) — Albert Tate and Orin Richardson, young men who reside in Salem, collided while riding bicycles on South Commercial street late last evening, and the latter was quite severely bruised. It was dark where the boys were riding and they did not see each other.

High School Graduates' Officers.

OREGON CITY, Or., Oct. 29.—(Special.)—The pupils of the tenth grade, or graduating class, of the High School elected officers today as follows: President, Carl Ganong; secretary, Miss Mamie Long; treasurer, Miss Lillian Hayward. There are 14 members of the class, which will be graduated in January.

Plumbers Strike at Spokane.

SPOKANE, Wash., Oct. 29.—(Special.)—All the plumbers of Spokane have gone on strike for higher wages.

Klondike Official Arrested.

VANCOUVER, B. C., Oct. 29.—J. Burpee, a postal official in the Klondike, has been arrested for alleged theft of money and registered letters, according to a dispatch received here today from Dawson.

Germaine Arrives With Coal.

ASTORIA, Or., Oct. 29.—The French bark Germaine, arriving today from Newcastle, brought 2658 tons of coal.

Keep a doctor in the house. Ayer's Cherry Pectoral for colds.

J. C. Ayer Co., Lowell, Mass.

WE CURE IMPOTENCY

I WILL CURE YOU

If you are a victim of Nervo-Sexual Debility, with all its distressing symptoms, you certainly do not intend to remain so. The fact that you have taken inferior remedies to no avail should not destroy your faith in all treatment, nor your hope of a radical cure. I have evolved a special treatment for Nervo-Sexual Debility that is uniformly successful in cases where success was before by other doctors deemed impossible. It does not stimulate temporarily, but restores permanently. It allays the irritation of the delicate tissues surrounding the lax and unduly expanded seminal ducts, contracting them to their normal condition, which stops night emissions, drys up day drains, and prevents prematureness. It tones up and strengthens the blood vessels that carry nourishment to the weakened parts, which regain full power, size and vigor. Meanwhile all other symptoms improve, and the patient realizes that a great blight has been lifted from his life. I cure quickly, safely and thoroughly.

Stricture, Varicocele, Emissions, Nervo-Sexual Debility, Impotency, Blood Poison, Syphilis, Rectal, Kidney and Urinary Diseases

And all diseases and weaknesses of men due to inheritance, evil habits, excesses, or the result of specific diseases.

CANCER DEPARTMENT

Dr. Bilington has charge of this department and is meeting with great success.
