At Tammany Hall the district leaders received funds today for the election. Leader Murphy insists that the Tammany ticket will carry the five boroughs, and declares his estimate of 86,000 plurality for McClellan, made Saturday, is correct. Senator McCraren, who caused Brooklyn to endorse the Tammany ticket, in spite of the protests of Hugh McLaughlin, the veteran leader, declares that borough will give the Democratic ticket a plurality of 50,000.

State Superintendent of Elections Morgan said tonight that few illegal votes will be cast tomorrow. The police have made a more thorough investigation of the registry lists than ever before. Approximately 30,000 cases were investigated. Deputies tonight inquired into about 600 and 700 cases in Brooklyn.

The betting odds of 10 to 8 for McClellan Saturday swung around today until Low ruled the favorite. Odds were various, but most bets were made at 9 to 10. McClellan money today was timid and hard to get.

Police Commissioner Greene made public tonight the arrangements for tomorrow. Every effort will be made to guard against voting floaters. The police heard several days ago that many were coming from Philadelphia and Baltimore. Inspector McClusky has the detective bureau at command, and can cope with the situation.

Nearly 300 policemen have been transferred to do duty at the election. Police inspectors were before Commissioner Greene today and were told their first duty tomorrow is the preservation of order, and they would be held responsible if rioting and disorder should occur. A strict enforcement of the excise law, the same as on Sunday, was ordered. Deputy Commissioner Estebel declares there is a probability that a prominent Democratic politician in Brooklyn will be arrested tomorrow on colonization charges.

"I have information of a startling nature incriminating the politician in question from a member of the repealer gang. My information states that Tammany proposes to send gangs here tomorrow, and also furnished the names of the persons interested. I have informed Commissioner Greene who the man is, and we are prepared to take prompt action. I refused to give his name."

So confident is Charles F. Murphy, the Tammany leader, in his estimate of 100,000 plurality for McClellan for Mayor, based on the reports of his district leaders, that tonight he published orders to go ahead with the preparations for a robbing celebration of the victory.

The estimate of John J. Delaney, McClellan's personal campaign manager, places the plurality at 85,000, being 32,000 in Manhattan and the Bronx, 5000 in Brooklyn, 3500 in Queens and 1800 in Richmond.

Hope of the Fusionists.

While abating nothing in confidence, the Fusion leaders claim no more than 30,000 plurality for Low, although it is said their closest estimates point to a majority of about half that figure. The Fusionists pin their faith in victory on their ability to carry Brooklyn by at least 25,000, which, with estimated pluralities of 3000 in the Bronx and 2000 in Richmond and a drawn battle in Queens, will suffice to offset handsomely the conceded plurality of 12,000 for McClellan in Manhattan.

Not to lag behind the other combatants in confidence, William S. Devery announced that he expects to poll not less than 45 per cent of the total registered vote. Devery was elated tonight when Police Commissioner Greene consented to have his returns telephoned to headquarters with those of Low and McClellan, instead of being sent in by messenger with those of the rest of the field. Con-

siderable interest attaches to the size of the vote that Devery will control and it may have a serious influence on the results.

The usual reports of "colonization" on a large scale are still industriously circulated, and the campaign of State Superintendent Morgan to check illegal voting, which was concluded today by the summoning of several hundred witnesses to headquarters to testify to hundreds of cases of illegal registration, has been the most complete inquisition undertaken in the history of the city. No less than 2000 suspicious cases have been investigated out of a total registration of 628,880, and it is probable many arrests will be made tomorrow, when every polling place will be under the close scrutiny of the Superintendent's deputies, who will have the assistance of the strongest force of watchers ever placed at the polls, organized by the Citizens' Union. With these precautions it is predicted that illegal voting will be reduced to a minimum.

Tammany made its final preparation for the struggle tonight by the distribution of sashes of war to the amount of about \$10,000 and \$300,000 to the district leaders for election expenses.

An interesting minor feature of the situation was the declaration today by Deputy Attorney-General T. C. C. Crain that the destruction of the houses of 500 voters in the fire at Coney Island yesterday, being "an act of God," could not be used as pretext for depriving them of the right to vote.

The polls will open tomorrow at 6 A. M. and close at 5 P. M. The indications are fine weather, a heavy vote and a close finish.

Some of the Broadway hotels tonight presented the most animated appearance that they have given so far during the campaign, as betting men were about in crowds offering all sorts of bets for and against the two candidates for the Mayoralty.
