George Hodson's Clever Curves Save His Team From Dropping Down Into Fifth Place.

PACIFIC COAST LEAGUE. Yesterday's Scores: San Francisco, 1; Portland, 0. Los Angeles, 3; Oakland, 1. Seattle, 7; Sacramento, 4. Standing of the Clubs: Won. Lost. P. Ct.

SAN FRANCISCO, Nov. 6.—(Special.)—George Hodson had the goods and delivered them today. A slip at any time throughout the nine innings would have moved San Francisco back into fifth place, or one hole from the cellar; but Hodson's insinuating outcurve worked for an hour and a half to the complete consternation of the Browns. The visitors presented their strongest front with Thielman in the box, and it was no fault of his that the locals did not slide a notch further down the line.

SEATTLE IS AGAIN SECOND.

Sacramento is Defeated by a Score of Seven to Four.

SACRAMENTO, Cal., Nov. 6.—(Special.)—Bill Thomas, from a sick bed, with but little practice, was not effective in his delivery in today's game, and the result was that Seattle won by a score of 7 to 4, and stepped into second place. The features of the game was a running catch of a fly ball by Doyle, who whipped it into the plate by a magnificent throw in time to double up the runner from third base.

LOS ANGELES DEFEATS OAKLAND.

LOS ANGELES, Cal., Nov. 6.—(Special.)—George Wheeler stepped from second base into the pitchers' box this afternoon and won his game with ease. But for an unfortunate error by Eager in letting the ball rest by him with Schwartz on third base, Los Angeles would probably have scored a shut-out. Graham was hit often and hard, and at critical periods. Score: Los Angeles, 4; Oakland, 1.

Schaefer Forfeited Title at 18-Inch Balk Line to Sutton.

Many newspapers of the United States and France have recently devoted much space to a controversy in regard to who is the world's champion at billiards. The 18-inch balk line, one shot in. Big Horse-Show Prize List.

NEW YORK, Nov. 6.—The official prize list of the National Horse Show Association of America for its 15th annual exhibition has been made public. The exhibition will be held November 16 to 21 inclusive, in Madison-Square Garden, and the premiums amount to more than \$35,000. The classes number 115.

der Company, who in a letter from Chicago to a local billiardist, give the following statement of the facts in the case, and decide that Schaefer forfeited the championship to Sutton: "George Sutton placed a deposit of \$50 with our branch house in Paris and sent a challenge to Jacob Schaefer, stipulating that the game be played in Paris within 60 days from the date of the challenge. This was not in strict conformity with the rules, and it gave Schaefer the option of declining or accepting. Sutton was advised of this fact, and was informed that Schaefer, who was then in Chicago, expected to return to Paris about October 1. He accordingly withdrew his challenge, but immediately upon Schaefer's arrival in Paris, October 15, he issued another challenge in strict conformity with the rules governing the championship, depositing his forfeit of \$50 with the Paris branch house. What this was brought to Schaefer's notice, he announced that he accepted the challenge, and that the amount of his deposit (\$50) had been placed with our company in the United States. He as champion had the right to indicate the time and place for the match, and he settled upon Chicago, December 15, 1903. Our Paris branch office, inquiring if the deposit had been placed as stated by Schaefer, and we were compelled to answer in the negative. This was brought to Schaefer's notice, and he immediately made a legal acceptance of Sutton's challenge; consequently, the latter promptly made claim to the championship emblem and honor, as he was entitled to do under the rules."

PULLMAN TEAM AT EUGENE.

Inland Empire Champions Play University of Oregon Today.

UNIVERSITY OF OREGON, Eugene, Nov. 6.—(Special.)—All in readiness for the annual Oregon-Washington Agricultural College football game, which is to be played on Kincaid's field Saturday. The local collegians have been working enthusiastically for the coming contest, and a hard-earned victory is anticipated. Upon the result of Saturday's games depends to a great degree Oregon's chances for the coveted Northwestern championship. Should the Northern "ag" drop the local eleven the University of Oregon would then no longer be a formidable rival in the race for athletic supremacy. Earnest work has characterized the practice during the past week. Manager Graham received a list of the players who will represent Washington Agricultural College Saturday and some experienced men are expected to appear. Eight out of the 14 farmers played together last season and this fact, no doubt, will be noticed when the game is called. The champions of the Inland Empire arrived in Eugene today and had a practice on Kincaid field, which is more like a duck pond than an athletic arena. The Oregon men, with the exception of Captain Thayer, are in splendid condition, and should give a good account of themselves Saturday.

Failure of Portland Business Men to Dig Up Said to Have Broken Up Northwest League.

Both W. H. Lucas, president of the Pacific Coast League, and D. E. Dugdale, the Seattle magnate, lifted their voices in a recent issue of a sporting paper. He says that the league's defeat was due to the "native son" element, which he claims boycotted his league. He also says that another mistake was made when he transferred the Portland team to Salt Lake, and this he says was forced because certain business men who had promised their support failed to come to the front with their money.

NO GOLD FOR BRYAN

BOY ORATOR WILL APPEAL

Court Holds the Sealed Letter Setting Aside \$50,000 for the Bryans Should Have Been Incorporated in the Will.

NEW HAVEN, Conn., Nov. 6.—Judge Livingston W. Cleaveland, of the Probate Court, handed down a decision today in the estate of Mrs. Bennett, which will cause holding that the secret letter directing Mrs. Bennett, the widow, to pay William J. Bryan \$50,000 was not part of the will. The effect of this is to prevent Mr. Bryan from obtaining the money mentioned in the letter unless the present decision is reversed by a higher court, or unless he should be successful in legal proceedings against Mrs. Bennett, in the event that the \$50,000 should be paid under clause 12 of the will, which reads as follows: "I wish—I give and bequeath unto my wife, Grace Imogen Bennett, the sum of fifty thousand dollars (\$50,000), in trust, however, for the purposes set forth in a sealed letter, which will be found with said will."

conferred with his lawyers, he made a statement as follows: "The decision of Judge Cleaveland in the Bennett will case is in my favor on all the moral questions raised by the heirs, and against me on the technical law points only. "The Judge finds that no undue influence was exercised on Mr. Bennett, and no injustice was done to his relatives. The court, in effect, declares the bequest would have been good, if it had been made direct as Mr. Bennett suggested, but that under the decision the letter cannot be probated in the absence of proof showing it was actually an existence at the moment when the will was executed. If the bequest fails it will not be the fault of Mr. Bennett, but my fault, and this point will be determined by the higher court."

DISCOVERS CURE FOR CANCER

French Doctor Develops a Serum Which Destroys the Cells.

NEW YORK, Nov. 6.—A new treatment of cancer, which is believed to mark an important advance in the method of handling the dreaded growth, has been explained before a meeting of the American Society of Cancer Physicians at the Hospital by Dr. Johnson, who has been examining the methods employed by Dr. Otto Schmidt, of Cologne, says a Herald dispatch from London.

Dr. Schmidt believes he has isolated the specific parasite. With this parasite, Dr. Schmidt has done two things—he seems to have sterilized it with hydrogen and he has also injected into animals and developed a serum which has the power of destroying cancer cells. Sterilized parasites he uses for treatment. Animal serum he used for his second treatment. Successful use of the discovery depends upon arrest of the process, removal of the growth and the fact that no vital organ has been seriously injured.
