OREGONIAN NEWS BUREAU, Washngton, Nov. 17 .- It is becoming very aparent that an effort will be made, early in the regular session, to override Speaker Cannon and the Republican leaders of the House and force the consideration of a river and harbor bill, contrary to the nnouncement put forward some time ago that "none but necessary appropriations shall be made." There is a great deal of talk among

sembers of states that are interested in river and harbor improvements in denuniation of the policy of the Republican leaders, and several state delegations have determined, if possible, to force appropriations for certain projects in their respective states. Such individual efforts can, of course, accomplish nothing, but it is evident that one state after another that is in need of money for its rivers and harbors is falling into line, and before long it is believed there will be a general movement of such importse and so wide-reaching in the House that even the Speaker and his leaders will be unable to stem the tide.

An upheaval similar to that which orced the passage of an omnibus public ullding bill in the last Congress over the protest of Speaker Henderson and his eaders, is threatened and the outlook for the river and harbor bill becomes brighter every day. The movement will not take definite shape until after the committees are organized in December, but the first of the year, if not before, some popular demonstration is looked for that will likely result in action."

### FULTON TO GET GOOD PLACES Assignment to Irrigation and Exposi-

tion Committees Assured.

OREGONIAN NEWS BUREAU Wash. ington, Nov. 17.-Senator Mitchell has abandoned hope of securing an assignment on the committee on commerce, in view of the fact that Senator Foster has secured one of the two Republican vacancles for himself. He has been turning his efforts toward securing desirable places for his colleague, and it is belleved Senator Fulton will fare comparatively well for a new man. He is practically assured of a place on the committees on irrigation and expositions, as well as public lands. Moreover, there is a possibility that he may, in addition, be made a member of the committee on public buildings. His first choice is irrigation, and his second expositions, for it is as a member of the latter that he hopes to do much to further the interests of Senator Mitchell's Lewis and Clark Exposi-

Senator Warren finds that he cannot retain his present committee-room, if he relinquishes the chairmanship of the committee on claims, so he has decided not to ask for the chairmanship vacated by Senator Simon, and it is conceded that Bard, of California, will become chairman of the irrigation committee.

It is impossible to learn to what committees Senator Ankeny will be assigned. Senator Foster was urging him for finance, but this, of course, he cannot secure, as it is of such importance as to be beyond the reach of a new Senator. Having secured a place on commerce, Senator Foster will probably not make other changes in his own assignments.

Nebraskan Strongly Denies the Charge That He Sold an Office, and Ascribes It to Vitical Venom.

WASHINGTON, Nov. 17 .- Senator Diet ich, accompanied by Senator Hanna and Editor Rosewater, of the Omaha Bee, salled on Attorney-General Knox today and had a conference with him regarding the case of District Attorney Summers and the charge of conspiracy and bribery against the Senator in connection with the appointment of Postmaster Fisher, The Senator said he intended to go to Nebraska to stand trial, but felt his case would be prejudiced if District Attorney Summers has charge of the prosecution

As a result of his talk with the Attorney-General, the latter will have a consultation with the President about the rich case, and that Assistant District Attorney Rush, of Nebraska, or some at torney from the Department of Justice at Washington will be detailed to manage the prosecution. The question of District Actorney Summers' retention in office also came up, but it cannot be learned that any promise was made by the Attorney General in the matter.

### Dietrich Makes Statement.

Senator Dietrich tonight made the following statement in connection with his ndictment:

"The charge that I have accepted, directly or indirectly, money or anything of value for my influence in securing the appointment of Jacob Fisher as Postmaster at Hustings, Neb., is absolutely false. I shall waive the protection afforded a Senator by the Constitution while Congress is in session, and shall go to Ne braska and insist on an immediate trial. with perfect confidence that my innocence will be established.

"Above all things I have abhorred disquarter of a century in Adams County I have repeatedly been instrumental in keepng out of office and bringing to justice public officials who were shown to be disnonest and corrupt.

"The present attempt to attach a stigma to my name is because of my firm adherence to this course. Bitter factional fights have existed in my home county for many years, and as a result of these difference have naturally incurred many enemies, not only in politics, but in business.

ex-Postmaster of Hastings by the ap-pointment of Mr. Fisher, my intimate friend for 20 years, and who has been a stockholder and director of the bank of which I am president for 17 years. I have also incurred the active hostility of W. S. Summers, the United States District Attorney for Nebraska, by my efforts to bring about his removal from office, not because I favored another, but because I believed for many reasons he should have been removed long ago, and the machinery of the Federal court has been set in motion and cleverly directed to injure me and continue himself in office."

### DETAILS OF TRANSACTION.

### Friends of the Postmaster Give His Side of the Case.

OMAHA, Neb. Nov. 17 .- The indictment of United States Senator Charles H. Dietrich and Postmaster Jacob Fisher, of Hastings, Neb., on charges of bribery and conspiracy in connection with the appointment of the latter as Postmaster, was a subject of extreme interest in Omaha to-day. United States District Attorney W. S. Summers, who has conducted the cas for the Government, refuses to talk, and even to see reporters. The details of the Postmastership transaction at Hastings, as given out today by Mr. Fisher's friends, are as follows:

The Postoffice at Hastings up to two

years ago was located in a building erected by the local post of the Grand Army of the Republic. Previous to installation in this building it had been in other quarters, and successive Postmasters had furnished the Postoffice fixtures themselves. The Grand Army of the Republic bought the fixtures for \$500, and their use was included in the Government lease. About three years ago considerable effort was made to secure better accommodations for the Postoffice business, the contention bethe town.

Senator Dietrich, who had then just been ected Governor, had put up a new building near the G. A. R. building, and anticipating the removal of the Postoffice, took up the matter with the Postoffice authorities during a visit to Washington. A lease was agreed upon subject to more specific terms, but the negotiations were not concluded until after Governor Diet-rich was elected United States Senator. sultation with the President about the In the meantime property-owners inter-case, and it is probable Mr. Summers will be relieved from the conduct of the Diet-made counter offers at reduced rentals. and in order to hold the Postoffice in the vicinity of his property a lease was finally drawn and signed at a rental of \$1300, omitting the requirement of the owner to

Believing that he was renting his proj Believing that he was renting his property for less than it was worth for the purpose of holding the Postoffice for the benefit of the surrounding property-owners, it was suggested that the difference in the rental be made up by a subscription for the interested parties. The G. A. R. people also again became involved with a protest against the removal from their building for fear they would lose their building, for fear they would lose the money they had put into the fixtures and possibly be tenantless for some time. At this juncture the Senator was called

upon to indorse for the position of Post-master one of the applicants, the competition having narrowed down to the Mayor, Jacob Fisher and the editor of the Hastings Tribune, Adam Breede. An understanding was finally received by which Fisher was to receive the appointment of Postmaster on condition that he purchase the pastoffice futures belonging to the the postoffice fixtures belonging to the G. A. R. post at the price which it had paid for them, and it is said he also agreed to reimburse the Senator for the difference which he had been compelled to rece the rental from his origin of public trust. During a residence of a \$1500 in order to meet the offers that had been made on behalf of a location at the other end of the street. This difference of \$200, it is said, was to have been made up in equal portions by the Postmaster and his deputy, and it is alleged that it was paid for a in few months, and when the Senator discovered its questionable character the money was returned to Postmaster Fisher and Deputy Francis.

Postmaster Fisher today appeared in Judge Munger's court, gave a bond for \$13,000 for his appearance later, and was

At the Federal building it was stated that a United States Senator is immune from arrest on charges of the nature of those named in the indictment while Congress is in session. As a consequence, Senator Dictrich will not be apprehended at this time. He will be notified of his indictment, however, and it is expected he will appear of his own volition.

PANAMA, Nov. 17 .- At 8:30 this morn ing the United States flagship Marblehead hoisted the flag of the Republic of Panama and saluted it with 21 guns. The Tres Noviembre, a gunboat of Panama, displaying the American flag, answered

the salute. The shore battery also fired a salute of 21 guns, which the Marblehead answered. At 10 A. M. Rear-Admiral Glass, Consul Gudger and Commander Phelps, accompanied by Lieutenants Philip Andrews and S. W. Trellinwinder, officially called on the junta. A military band played "The Star-Spangled Banner" on Americans' arrival at the palace, and on their departure from the building. They were received by the members of the junta, the Cabinet Ministers and Gen-erals Hurtas, Jeffries, Diaz and Varon

and their staffs. Admiral Glass said he was giad to call officially upon the government of the Re-public of Panama. It had been a great pleasure for him to salute this morning the flag of the new republic, for whose prosperity and greatness he made the best wishes. Senor Arango, a member of the junta, answered, saying that in the name of the junta and of the people of Panama he expressed sincere pleasure at the presence of the gallant fleet in Panama Say, representing the noble people and Government of the United States, whom the isthmus is deeply grateful for the hand of fellowship so generously and promptly extended to them by its great President." Mr. Gudger proposed a toast to a new Panama Canal treaty, which was answered by General Varon, who toasted President Roosevelt and the Unit-

ed States Army with great cordiality. The people of Panama are happy over the official recognition of the flag, and the event is being celebrated enthusiastically. During the ceremonies today large crowds of people surrounded the palace of the government.

### COLOMBIAN MISSION FAILS. Panama Will Under No Conditions Return to Former Rule.

COLON, Nov. 17 .- The Panaman Commission, composed of Senora Arias, Mor-rales and Arosemena, which left Panama yesterday to meet the peace commission from the Department of Bolivar, bbarded the Mayflower today and held a short conference with Colombians. It was found they only represented the Department of Bolivar, and the Governor of that department had no credentials from Bogota. The Colombians asked the Panamans if they would return to the Republic of Colombia, assuring them concessions and considerations on the passage of a canal

treaty.

The Panamans replied they would not return to the Republic of Colombia, and declared the assurances came too late, as Panama's position was so advantage-

### ous and strong that they could not see any reason for changing. Every Demand Is Promised.

During the conference Nikano Insignares, a brother of the Governor of the State of Bolivar, who was the spokes-man of the Colombians, made a strong appeal to the Panamans not to disrupt the Republic of Colombia, and he supplemented his appeal by the solemn assurance that Colombia would grant all the rights demanded by the isthmians, and eventually carry out their grand project

of building the canal.

Replying to Senor Insignares. Tomas Arias, representing the junta, said the Bogota government and the Colombians generally did not appear to grasp the actual conditions prevailing on the isth-mus. The revolution, Senor Arias said, was born absolutely of the unanimous desire of the people of Panama and was ir-revocable. Continuing, Senor Arias said: "Colombia will always find in this coun-

try the most sincere brotherly feeling. The political ties binding the isthmus to Colombia have been broken, but the fault is not that of the isthmus. The ties of affection, however, never can be broken," Senor Insignares, in answer, expressed his deep sorrow at finding that the hopes of reconcillation were impossible of real-ization, and the actions of the people of the Isthmus of Panama were irrevocable. He declared all the people of Colombia would unite in an effort to enforce the rights of the republic on the Isthmus of Panama, even at the cost of great sac-
