FAMOUS DINNER IS RECALLED

Major, Who Was Adviser of Famous Cuban Officer, Says Agreement Was Reached Then With Newspaperman.

WASHINGTON, Nov. 27 .- The Senate mmittee on military affairs today heard Major James E. Runcie, of Havana, probably the most important witness that will be offered by the opponents of Generni Leonard Wood in their attempt to prevent his confirmation as Major-General. Major Runcie was on the stand several times during the day, telling the committee of a dinner at Santiago, Cuba, at-tended by himself, General Wood and Ray Stannard Baker, a newspaper man, at which, it is alleged, was planned the magazine article attacking Major-General Brooke that has figured so conspicuously in the Wood case. Major Runcle was sed more than once during the course of his testimony, and told to give noth-ing but facts of which he had personal knowledge. This did not exclude his story of the dinner incident, which resulted in the issue of subpenas for three ther witnesses, among whom is General

In his testimony, Major Runcle ex-lained that he had acted as the confi-ential adviser of General Wood for nearyears. It was while they were in the same house that Mr. Baker It was while they were Eving H sent to Santiago in search of material for a magazine article. A meeting was arranged between the men and a dinner fallowed said Major Runcle, at which they discussed the plan to have published an article which would exploit the succoss of General Wood in dealing with affairs at Santlago, and draw a compari-non with the situation at Havana unfavto the administration of General

Asked Him to Write Article.

Major Runcle declared General Wood asked him to write the article, and that he had done so. The article was given to Baker and published in February, 1900, over the name of Major Runcle. He as-sected General Wood knew what the article contained, and that they had correspon-dence about it as a result of the furore created by its publication. He offered to weture copies of letters which he had written to General Wood concerning his com defense. It was not until after General Wood succeeded General Brooke that the article was published. The effect ans a severance of the relations between the minness and General Wood. Major Runcle then began the practice of law at Havana, and, according to his testimony, as been there ever sit

The committee informed Major Runcle that he would be called again some time next work. He left Washington tonight for Cleveland. He is expected to return within three days, and hold himself subject of the committee. PHILO S. BENNETT

MRS. PHILO S. BENNETT

NEW HAVEN, Conn., Nov. 27 .- The formal decree of the Probate Court in relation to the Philo S. Bennett will, of which W. J. Bryan is an executor, was announced today by Probate Judge Cleaveland. After the decision of Judge Cleaveland regarding the will was made, some weeks ago, after a hearing of the parties interested, the Judge left to the attorneys to agree, if possible, on the form of the formal decree, based on that decision. Opposing counsel, however, found themselves unable to reach an agreement

After reciting the known facts in the case, Judge Cleaveland decrees that neither the senied letter, by which it appeared that Mr. Bennett expressed a desire to give \$50,000 to Mr. Bryan and family, and the typewritten document in the possession of Mr. Bryan, nor the envelope containing the letter should be admitted to probate as part of the will. Otherwise the will was allowed and ordered to be recorded,

REYES WILL HAVE TO DO AS AMERICANS IN AMERICA.

Colombian Representative Will Be Given a Respectful Hearing if Presented by Herran.

WASHINGTON, Nov. 27.-Respecting the coming of General Reyes to Washington, it is said at the State Depart-ment that much depends upon the nature of his credentials as to the reception he is given. It seems probable that if he is brought to the Department hy the Colom-bian Charge, Dr. Herran, he will be accorded a respectful hearing. But it is also pointed out that his activities must be confined to lawful channels as an alien, and any attempt on his part to influence, by direct representations, any other than the Executive Branch of the United

States Government would scarcely be viewed with equanimity. Respecting the statements attributed to

the General in his New Orleans interview, that Colombia would send 100,000 men into Panama overland, the fact is recalled that the instructions to the United States navy officers on the isthmus were such that they would not admit to the neighborhood of the isthmus any hostile forces. This was understood by the officers in question to mean that hostile Colombian troops would not be allowed to enter Panama at any point either by water or by land

Letters of Secretary of Miners' Federation Are Seized.

DENVER, Nov. 27.-Adjutant-General Bell said today that documents that are alleged to implicate W. D. Heywood, secretary of the Western Federation of Miners; in a conspiracy against several mines in the Cripple Creek and Tellu-ride districts were found in possession of one of the union miners arrested by the civil officers at Telluride, and copies of them were mailed yesterday by the Sher. iff to the state authorities here.

"They sought to intimidate me," said President Miller, "That is all there was to it."

No date has yet been set for a hearing in the cases of the 13 union men who are in jail.

Colorado Peace Plan Up Again.

DENVER, Nov. 27.-Representatives of the Northern Coal & Coke Company today visited the different camps in the North-ern Colorado field and asked the leaders to resubmit terms of settlement to the miners. The unions will take some action at once. The resubmission of that vote will allow the officers of District No. 100, which blocked the former attempts at a ettlement, to retire gracefully. President John Mitchell is credited with having brought about the resubmission move.

No Need for Regular Troops.

DENVER, Nov. 27.-Major-General John 2. Bates, who has been investigating strike conditions under instructions the War Department, arrived in this city today from Telluride, and held a conference with Governor Peabody. General Bates said the state troops seemed to have the situation well in hand, and he saw no necessity at present for sending United States troops to the mining camps that are disturbed by strikes, General Bates will go to Chicago tomorrow.

No Attempt Made to Put Large Non union Forces at Work.

SALT LAKE, Nov. 27 .- Advices from Scofield and Sunnyside, Utah, today state that the coal strike situation at those points is practically unchanged. There have been no attempts to start the mines with large nonunion forces, and no disturbances of consequence are reported.

Very little coal is being mined at those points, while at Castle Gate the shutdown continues complete. Mineowners and smelter officials are growing apprehensive of the result of the coal strike, and it is stated that should it continue for two weeks or longer the result may be a partial shutting down of the mense smelting plants at Salt Lake and vicinity. The coke ovens at Castle Gate,

which produce a large proportion of the coke supply for the valley smelters, are turning out practically nothing, and the smelters, though receiving some supplies from the outside, are, it is asserted, drawing steadily on the reserve. The Utah Consolidated is receiving Wyoming coal, and it is stated that the American Smelting & Refining Company is preparing to ship in Eastern coal should the strike continue. The banking of the fires in the big smelters of the latter company would have a serious effect on the entire state.
