NARROW

MOVEMENT IN STOCKS SMALL, BUT PRICES FIRM.

Movements in the Money Market on a Large Scale--Transfers to San Francisco.

NEW YORK, Nov. 30.—There was a narrow and drifting market for stocks today, which resulted in only small not changes, except in special cases. There was some depression manifest during the early part of the day, and this was aggravated by, if it was not entirely due, to a disturbance of sentiment and this was aggravated by, if it was not entirely due, to a disturbance of sentiment in London over the reiterated rumors of trouble between Japan and Russia. Professional traders endeavored to extend the dealine here, but they succeeded in bringing out little stock, and so covered their contracts. The market the latter part of the day was decidedly firm, but the movement was small, owing to the duliness of the dealings.

duliness of the dealings.

The prevailing premiums in some of the industrial stocks in the loan crowd kept shorts uneasy. Especially in some of these stocks which were sold most freely last week was this noticeable. Bloom the product was

uneasy. Especially in some of these stocks which were sold most freely last week was this noticeable. Shorts in Pennsylvanja covered freely. The rise in the money rate to 5 per cent was practically ignored in the trading, as it was attributed to the arrangements for the December estilement, which funds, it was expected, would return in a few days to the money market.

The various movements in the money market were on a large scale, but so nearly offset such other as to have little net results. Telegraphic transfer of \$700,000 was made to San Prancisco, and authority exists for the transfer tomorrow to the same point of \$1,000,000. Such a movement is not unusual at this period of the year. Last year in the week ending December 6 the sum of \$1,350,000 was telegraphed through the Subtreasury to San Francisco. The requirement is for the crops. Arrivals of foreign gold to figure in next Saturday's bank statement, already amount to over \$1,500,000, leaving upward of \$1,000,000 engaged previous to today, but not received in addition, about \$1,500,000 that had not \$1,500,000 that had today of some \$2,750,000. There is a feeling of assurance, therefore against more stringency. But there is not much expectation of any considerable rise in the money market during the month of December, as runds are likely to be retained at the interior over the pearly settlements. at the interior over the yearly settlements.

The demand for crop-moving purposes, however, is believed to be over for the present.

The market closed exceedingly duil, but steady and near the heat.

HEAVY TRADING IN WHEAT. December Closes With a Gain of 11/2 Cents

at Chleago. CHICAGO, Nov. 30.—Trading in wheat was on a large scale, and the market exhibited decided strength throughout the entire session. Rumors that the leading long had shipped a large amount of wheat from store here to go least caused uneasiness among short holders early in the day, and efforts on the part of short interests to cover sales resulted in a suick advance. There was early selling he quick advance. There was early seiling by St. Louis houses. The news was very bull-ish, and prices continued to move upward. Small receipts in the Northwest, strong cash

Small receipts in the Northwest, strong cash demand and large clearances were builtsh influences during the latter part of the day. After ranging between 80%c and 81%c. May closed with a gain of %2%c, at 81%c. December closed 1%61%c higher, at 82%c.

Covering by shorts on the strength in wheat was an influence in corn. May closed %c higher, at 42%c.

Oats were firm with wheat and corn. May closed in higher, at 42%c.

Small receipts of hogs and an advance of from 10c to 15c in the price at the yards started shorts to cover. Offerings were small. January pork closed 567%c up, lard 10810%c higher, and ribs were up 10c.
