# FARMERS AT GRESHAM

INSTITUTE IS HELD UNDER GRANGE AUSPICES.

Members of Agricultural College Faculty Give Addresses on Practical Subjects.

GRESHAM, Or., Dec. 11 .- (Special.)-A Farmers' Institute is being held at this place under the auspices of Gresham Grange, the principal participants being members of the faculty of the Oregon State Agricultural College at Corvallis. Previous to commencing the programme a bountiful dinner was served by the women of the Grange. The visitors missed car onnections at Portland and only arrived here at 2 o'clock, but ready and thoroughly equipped to begin their tasks.

During the interim between dinner and the arrival of the visitors from Corvallis a meeting of the beneficiaries of the Grange Life Insurance was called to elect, a director for the district comprising Multnomah and Columbia Counties. Arthur F. Miller, the retiring director, made a report of the standing of this of the Grange, showing a membership of nearly 1300 who carried insur-ance upon their lives in the order. There are 260 beneficiaries in the district under Mr. Miller's jurisdiction. A ballot being taken Mr. Miller was unanimously reected to serve during the coming two

A motion was carried to change the age limit of beneficiaries to 55 years. This action is in the nature of a recommendation to the board of directors, which will in Portland on the second Wednes day in January.

W. W. Cotton, who has large property interests here intended to be present and make the address of welcome to the other speakers and visitors, but was unavoid-ably detained in Portland and his place was ably filled by Judge John F. Caples; who congratulated the Grange and the people upon their progressiveness and enterprise in securing the presence of such a distinguished corps of educators.

#### The College Visitors.

Then followed a general introduction of the college professors who were upon the Arthur L. Miller was unanimously elected chairman and introduced Dr. James Withycombe, who made a rese to Judge Caples' address. He said sponse to Judge Capies and the millennium that he sometimes thought the millennium was about to arrive when a lawyer could come into a Grange and, sit beside a come into a Grange and, sit beside a farmer. He then paid a high tribute to the Grange of Gresham and the vast re-

sources of this vicinity and continued:
"The agriculturists of this section have
been especially favored with good roads
and convenient markets, factors which have enabled farmers in this vicinity to enjoy a long period of uninterrupted pros-perity. The substantial homes and wellimproved farms around about us are un-mistakable evidences of thrift, and if these have been acquired without serious impairment of the potentiality of the soil. it augurs well for the future. Perhaps upon close investigation it will be revealed that this apparent thrift is the result of a constant depletion of the plant ood in the soil. If this be the case, the farmer's methods are faulty, despite his apparent financial success. Agricultural prosperity is ordinarily of short duration when built upon systems of soil exhaus-

SEEKS TO AROUSE CHURCHES TO ACTION

REV. J. WILBUR CHAPMAN, NOTED EVANGELIST, WHO IS NOW PREACHING IN PORTLAND.

Dr. J. Wilbur Chapman is recognized as one of the greatest evangelists in America. Some would even place him at the head of the list. He first came into prominence in connection with B. Fay Mills, with whom he was, associated for several years. At one time he was pastor of the famous Bethany Church, Philadelphia, which has a membership of 3000, and a Sunday school with an enreliment of over 5000. Later he became pastor of one of the leading churches in New York City. Some three years ago one of Philadelphia's millionaires, Mr. John H. Converse, president of the Baldwin Locomotive Works, became much interested in evangelistic work, and secured the appointment by the Presbyterian General Assembly of a committee on evangelism for the purpose of arousing the church to a sense of its responsibility in the matter of rea pale of Christianity.

Mr. Converse has given almost \$100,000 during the past few years toward this ement, and Dr. Chapman has been the commander-in-chief of the campaign. Churches of all denominations enter heartly into the work, as nothing of a tarian nature is introduced,

Dr. Chapman has been speaking at the Pirst Presbyterian Church aftern and evenings since Thursday to crowded and deeply interested audiences. He will preach tomorrow morning the Pirst Presbyterian Church. In the afternoon a mass meeting for men will be held at the Marquam, and in the evening a great union rally will be held at the Pirst Baptist Church.

enson; finance keeper, Anton Shantin; chaplain, George R. Cothrell; sergeant, E. L. Thorp; M. A., Floyd Lovelace; first M. G., Ray Coleman; second M. G., J. Stanley; sentinel, John Wood; picket, Ross Lovelace. Installation will be held at the first meeting in January.

The Troutdale sewing school will hold a fair in Fox Hall, at that place, on Sat-urday evening next. Mrs. E. M. Douglas is the moving spirit of the school, and her pupils are showing great pro-ficiency, and have made up many useful ceeds to be devoted to the work. Exhibits at the Grange fairs have won first premiums and provoked much favorable comment.

The branch library at this place has become so popular that there were not enough books to supply the applicants, and 10 more were sent out this week from the Portland library. Miss Isom, the librarian, writes: "We are very the librarian, writes: proud of Gresham; it is our ban proud of Gresham; it is our banner-town.
The rooms are open Tuesday. Thursday
and Saturday evenings, and are always
filled with renders and applicants for books, ' Many old books and magazines have been given to the library by its patrons here.

TELLS OF THE PHILIPPINES.

Mrs. Wynn Johnson Delivers Address Before Mothers' Club.

Mrs. Wynn Johnson delivered an instruc tive lecture yesterday afternoon on the Philippine Islands before the Mothers' Club at the regular monthly meeting held in the Brooklyn School, Mrs. Johnson's address embraced a comprehensive description of the habits and customs of the Filipines, what they wear and what progress they had made since they bene part of the United States.

Mrs. Johnson displayed a large number of articles and showed how they were worn. One of the most interesting features of her talk pertained to the public schools that the United States has es-tablished in the islands for the education of the rising generation of the na-tives, the schools being modeled after those in this country. It was shown that wonderful progress is being made in the Philippines. "The present schools." Mrs Johnson "teach general information, while under the Spanish rule the course of instruction was limited." Mrs. Johnson read a composition written by a Filipino on the "United States." The composition as read revealed to the audience the progress the children are making better than anything else. The boy gave a full description of the United States, the location of the country and told about its government, showing even a better knowledge of its institution than many American school children pos-

The articles illustrative of the handlereft of the natives were examined by the audience. At the close of the address the club extended a vote of thanks to Mrs. Johnson, She accepted an invitation to Brooklyn School' so they may have the

benefit of the information it contains.

A report was received from the sch house committee, which was to the effect that the outlook for a new building was encouraging. The committee was con tinued. There was a large attendance and a number of new members was received. The Mothers' Club, of Brooklyn School,

#### ENDS SLAVERY AMONG MOROS Major-General Wood Proclaims a Law Passed by the Provinces.

MANILA, Dec. 11. — Major-General Leonard Wood has proclaimed in Moro-Leonard Wood has proclaimed in Moro-land an anti-slavery law, passed October 1 by the Legislative Council of the Moro-provinces. Upon the promise of the Sultan and Dattos to abide with its conditions, General Wood has suggested to Governor Taft the establishment of the native Moros on lands which will be assigned to them by the Sultan and Dattos at a rate of valuation sufficient to provide the latter with a moderate inco from the rentals. He believes they will accept a proposition of the kind.

Vice-Consul Denies Conspiracy. MANILA, Dec. 11.-Carl Johnson, Vice-Consul at Amoy, charged with aiding the conspiracy to smuggle coolles from China into the Philippines, disguised as merchants, denies that he has received any fees except these authorized by law to sign Chinese certificates. He also de-

clares that he refused bribes. Await Action of American Shippers MANILA, Dec. 11.-The Philippine Commission recommends that no interference take place with the coastwise laws until enough American vessels ask for some action thereon. The same recommendation is made in regard to the ocean-car-rying trade with the United States.

Hemp Exports Break Record. MANILA, Dec. 11.—The exports of hemp from the province of Albay during No-vember last are said to be the greatest in the history of this district.

Ladronism is Dying Out. MANILA, Dec. 11.-Disturbances from outlaws are dying out throughout the in-

terior provinces, and less ladronism reported than ever before. Term of Taft as Governor. MANILA, Dec. 11.—Governor Taft, it has been decided, will continue to act in his official capacity until after his ar-

Ashbursham, Ontario, Testifies to the Good Qualities of Chamberlain's Cough Remedy.

ASHBURNHAM, Ont., April 18, 1993.—I think it is only right that I should tell you what a wonderful effect Chamberlain's Cough Remedy has produced. The day before Easter I was so distressed with a cold and cough that I did not think to be able to take any duties the next day, as my voice was almost choked by the cough. The same day I received an order from you for a bottle of your Cough Remedy. I at once procured a sample bottle, and took about three doses of the medicine. To my great relief the cough and cold had completely disappeared and I was able to preach three times on Easter Day. I know that this rapid and effective cure was due to your Cough Remedy. L'make this testimonial without solocitation, being thankful to have found such a Godsent remedy. Respectfully yours.

LIVES IN GLASS HOUSE GETTING READY

MILWAUKIE MARSHAL OBJECTS TO OFFICIALS WITHOUT BOND.

Is Found to Be Defective and He Resigns.

At the opening meeting of the Milwaukie Council Thursday night the new city government was launched for another year on rather tempestuous seas. A big row ensued over the bond of Recorder-elect Jesse Keck, which, while accepted, was pronounced somewhat defective.

Keck severely criticised other members of the city government for not giving any bonds the past six months and particularly Mayor Schindler for allowing them to go without bonds. For this reason Keck was turned down at the con vention which nominated the "Citizens ticket. He had already been nominated for Recorder on the "Independent" ticket. As one result of the row at the meeting of the Council he tore up his bond, which had been accepted, and in a huff submit-ted his resignation as Recorder, declaring that all the members of the city government had it in for him. The Council re-fused to accept his resignation, but laid t on the table until the next week.

Mayor Schindler was presiding. Council-men C, Kerr, O, J. Roberts, G. Keller and O. S. Matthews were present. The Councilmen were sworn in. Charles McCann, Treasurer, and John Kelso, Marshal, submitted their bonds, which were accepted. Recorder-elect Keck's bonds were satisfactory, except that the signatures of the sureties happened to be placed before Keck's name. This was rectified, but Keck was not pacified and finally in the presence of the meeting he tore his bond .nto pieces and resigned. This brought Mayor Schindler to his feet, and in the course of his remarks he scored Mr. Keck severely for his actions. He said that Mr. Keck had criticised others for not giving bonds the first six months of the city government, and now he had come in with a defective bond himself, and got mad when he was asked to rectify it. Coun-cilman O. J. Roberts also spoke with some feeling. He said that he desired to maintain good feeling in the neighbor-hood, but he would insist that henceforth that no defective bond be accepted. On motion Mr. Keck's resignation was passed over until another meeting. In the mean-time he may reconsider it.

8. Matthews. At this meeting the matter of securing electric lights was taken up, and it was decided to ascertain if the citizens were willing to stand a tax levy to pay for the lights. A citizens' committee was ap-pointed to canvass among the property owners and find out how they felt about the matter. In any event the levy can only be 3 mills on about \$50,000 worth of taxable property. The General Electric Company will be asked for figures on in-

andescent lights. The committee on streets will be able to report on the cost of the proposed sidewalks on Main street at the next meeting. One of the objects of the Council and Mayor will be to promote more harmonious relations between Milwaukie and the Oregon Water Power and Rail-

way Company. In case Mr. Keck's resignation as Recorder stands, the Council may elect a successor at the next meeting.

ON THE BABY Coffee Even the Bables Thrive On.

The little daughter of a College President was saved by the use of Postum Food Coffee at a time when she could not take any solid food. Baby's aunt says: "My sister and her

husband (who is President of a College in Georgia) visited me last Christmas and their little baby two months old was very sick. I thought it was not properly nour-ished so I began feeding it on Postum which I have used in my own home for years with such grand results.

"You would be surprised to know how that little thing improved. Sister had been feeding it on artificial food that did not agree with it. The baby continued to get stronger all the time we were feeding her on Postum and when sister left here she took Postum with her for she feels cer-tain that with Postum to feed the baby on she is sure of good, healthy nourishins food drink." Name given by Postum Co. food drink." Rattle Creek, Mich.

Postum is made of the purest cereals with absolutely no medication whatever and when boiled according to directions it is heavy with food value and a great nour tsher and rebuilder as well as a deliciou drink. It is also a specific for all of the dozens of different diseases caused by coffee. Trial proves this.

FOR CHRISTMAS

At Meeting of City Council His Own Ellers Plano House Storing Pianos Purchased for Christmas Delivery.

> Have You Made Your Selection Yet?-If Not, You Had Better Attend to It Today-Planos Like Those We Have Furnished for the Holidays Won't Hold Out Forever-Store Open Evenings.

If you have any idea of getting a Christmas piano for anyone the sight of our present display will convince you that it is folly to delay longer.

At previous holinay seasons we have made displays that were creditable to ourselves and the piano manufacturers we represent, and entirely satisfactory to our purchasers. This year we have gone more deeply and elaborately into the holiday business and have secured a specially selected collection of the highest grade pianos in fancy, exclusive case designs, such as are not regularly included in the regular catalogues.

such as are not regularly included in the regular catalogues.

Into display includes new and exceedingly choice art styles in the Chickering piano of Boston, the Weber of New York, the Kimball of Chicago, and such other famous and popular makes as the Robart M. Cable, the beautiful Vose, the Lester of Philadelphia, the Pease, Bush & Gerts, the Haddorff and many other line makes. PRICES

Ellers Piano House possesses many unique facilities that enable us to sell a good piano for at least \$100 less than the same grade and quality can be obtained elsewhere. This has been demonstrated again and again.

Dealers who get their instruments from jobbing or wholesale houses in San Francisco and dealers who have to pay royalty to concerns that control the agency for their respective planos, cannot possibly sell their planos for the small prices asked by Ellers Plano House.

This explains the reason for the vastly greater and ever increasing number of sales made every day and every month, year in and year out by Ellers Plano House.

How About a Pianola?

How About a Pianola?

If there is a plano in the family you cannot do better than provide a Planola for the Christmas present. It will bring you all a heap o' happiness. It will make a musician of every member of the family. Everyone, from grandpa down to the little tot, can play what they want, when they want and as they want it played. The price is only \$250.
