

ALL WILL BE SAFE

Theater Committee Orders Changes.

REPORT MADE TO COUNCIL

Full-Paid Fire Department is Recommended and Stationing of Two Firemen in Uniform at Each Theatrical Performance.

HOW THE THEATERS ARE TO BE CHANGED.

MARQUAM—Wooden structures on Alder, Seventh and Sixth streets to be removed or better protected; outside exit stairways to be strengthened and two additional installed; automatic sprinkler to be placed over stage, and skylight enlarged; two more aisles to be opened in the parquette around the boxes; new audience exits to be widened at each door; doorways, wiring to be changed and renewed.

THE BAKER—Two additional doors of Third-street front; several aisles straightened; automatic enlarged skylight; fireproof lobby; north exit to be widened; stage floor to be removed from aisles.

CORDRAY'S—Rubbish in various places to be removed; additional exits to be installed and the house generally altered so as to comply with present building and fire ordinances.

ARCADE—Fire-fighting appliances to be placed; center aisle to be straightened; automatic ventilator in roof over stage.

Numerous minor changes are to be made in four downtown theaters before the recommendations of the fire inspection committee appointed by the Council are carried out. The report as presented to the Council at the meeting yesterday afternoon told of the willingness of the proprietors of the playhouses to comply with all the suggestions made while inspecting the buildings.

First and foremost, the committee recommends that a full-paid fire department be established. It also recommends that no more wooden theaters be built. With the changes suggested the committee deems the wooden structures now in use practically safe, but says that as they are constructed of wood they can never be entirely safe or fireproof.

In the case of the Marquam Theater, the greatest danger was believed to be from outside the structure. Therefore the wooden buildings adjoining on two sides are requested to be removed. When the committee examined this theater it was told that the building had been long ago removed had not the property been in litigation.

Perhaps the most revolutionary recommendation of the committee is that two firemen be stationed at each theater during every performance. These are to be regular full-paid men, the expense to be borne by the theaters. That the firemen may not become lax or inefficient, provision is made that they cannot remain more than one week at any one time at one theater.

The work of the inspection committee still far from completed. Not all of the theaters have yet been investigated, nor has anything been done with the number of wooden halls and other gathering places reported to be in greater danger from fire than the standard theaters. Members of the committee have said that examination in these halls in every way be as rigid as in the larger buildings.

The churches are to be in their share of inspection. The committee, having begun upon the inspection work, wishes to carry it through until every source of danger in gathering places is eliminated. It is in the opinion of the committee that the Council should act in accordance with the wishes of the committee that the Council continue its work in this direction.

commendations have been carried out, this building will then be as safe as a building of this class can be made.

We recommend that the fire escape stairs leading from the east and west sides of the building be straightened out so that they lead directly to the ground, with no turns in them, and no windows as they descend.

That an additional set of stairs be run from the present stairway, one leading into the Sixth-street alley and one into the Seventh-street alley.

That the four alleyways be cleaned out and kept clean by the owners of the property.

That a fire escape stairs and ladder and standpipe be provided for the Alder-street side of the building running clear to the roof.

As a matter of protection to the Marquam Theater we recommend that the Marquam Theater be protected with standard shutters on the north side.

That the buildings on the corner of Seventh and Alder streets and on Sixth and Alder streets be protected with standard shutters on the north side.

That the buildings on the corner of Seventh and Alder streets and on Sixth and Alder streets be protected with standard shutters on the north side.

That the buildings on the corner of Seventh and Alder streets and on Sixth and Alder streets be protected with standard shutters on the north side.

That the buildings on the corner of Seventh and Alder streets and on Sixth and Alder streets be protected with standard shutters on the north side.

That the buildings on the corner of Seventh and Alder streets and on Sixth and Alder streets be protected with standard shutters on the north side.

That the buildings on the corner of Seventh and Alder streets and on Sixth and Alder streets be protected with standard shutters on the north side.

That the buildings on the corner of Seventh and Alder streets and on Sixth and Alder streets be protected with standard shutters on the north side.

That the buildings on the corner of Seventh and Alder streets and on Sixth and Alder streets be protected with standard shutters on the north side.

That the buildings on the corner of Seventh and Alder streets and on Sixth and Alder streets be protected with standard shutters on the north side.

That the buildings on the corner of Seventh and Alder streets and on Sixth and Alder streets be protected with standard shutters on the north side.

That the buildings on the corner of Seventh and Alder streets and on Sixth and Alder streets be protected with standard shutters on the north side.

That the buildings on the corner of Seventh and Alder streets and on Sixth and Alder streets be protected with standard shutters on the north side.

That the buildings on the corner of Seventh and Alder streets and on Sixth and Alder streets be protected with standard shutters on the north side.

That the buildings on the corner of Seventh and Alder streets and on Sixth and Alder streets be protected with standard shutters on the north side.

That the buildings on the corner of Seventh and Alder streets and on Sixth and Alder streets be protected with standard shutters on the north side.

That the buildings on the corner of Seventh and Alder streets and on Sixth and Alder streets be protected with standard shutters on the north side.

That the buildings on the corner of Seventh and Alder streets and on Sixth and Alder streets be protected with standard shutters on the north side.

That the buildings on the corner of Seventh and Alder streets and on Sixth and Alder streets be protected with standard shutters on the north side.

That the buildings on the corner of Seventh and Alder streets and on Sixth and Alder streets be protected with standard shutters on the north side.

That the buildings on the corner of Seventh and Alder streets and on Sixth and Alder streets be protected with standard shutters on the north side.

That the buildings on the corner of Seventh and Alder streets and on Sixth and Alder streets be protected with standard shutters on the north side.

That the buildings on the corner of Seventh and Alder streets and on Sixth and Alder streets be protected with standard shutters on the north side.

That the buildings on the corner of Seventh and Alder streets and on Sixth and Alder streets be protected with standard shutters on the north side.

That the buildings on the corner of Seventh and Alder streets and on Sixth and Alder streets be protected with standard shutters on the north side.

That the buildings on the corner of Seventh and Alder streets and on Sixth and Alder streets be protected with standard shutters on the north side.

That the buildings on the corner of Seventh and Alder streets and on Sixth and Alder streets be protected with standard shutters on the north side.

That the buildings on the corner of Seventh and Alder streets and on Sixth and Alder streets be protected with standard shutters on the north side.

time possible since our appointment in this work. We have been unable to complete our inspection of the theaters and other places where the public assemble, and would respectfully ask for an extension of time for a further report. Respectfully submitted, A. K. BENTLEY, H. W. GODDARD, J. H. BRIDGES, RICHARD MARTIN, JR.

MARSHALL FIELD THEIR CHOICE

Leading Chicago Democrats Favor His Nomination for Presidency.

Chicago Inter Ocean. That Marshall Field may be the Democratic candidate for President of the United States this year was the main topic of discussion among Democratic politicians and business men generally yesterday.

The first report of Mr. Field's possible candidacy came to Chicago in a dispatch from Indianapolis. The report was that the Democratic of the Hoosier State were considering Mr. Field's availability as a Presidential candidate, and that the idea was finding favor among the party leaders in that state.

When the report that Mr. Field might be induced to become a candidate spread among the Democratic leaders in Chicago it was almost unanimously agreed that he would be a strong candidate if he would accept the nomination.

It is pointed out by leading men of the party that Mr. Field stands in the front rank of the great men in the commercial world; that he has distinguished himself for executive ability; that as a candidate he would have the confidence of the business interests of the country, and that his candidacy would be well received by the workingmen because of Mr. Field's well-known generous treatment of his thousands of employes and his sympathy with men who earn their living by their hands.

Mr. Field declined to be interviewed on the question of his ability to accept the high standing he has in the mercantile world. "It is too ridiculous to discuss," was all he would say when asked for an interview on the report sent from Indiana.

While some of the Democratic politicians were not inclined to discuss Mr. Field as an actual candidate who they knew he would allow his name to be used in that connection, they all spoke in the highest terms of his ability and of the high standing he has in the mercantile world.

Mr. Field's conservatism was dwelt upon as a strong point in his favor. It was also pointed out that in all his business career, he has not been identified with trusts or any of the combinations which have been blamed or criticized by the public.

Major Harrison in his interview paid a high compliment to Mr. Field, but said that he did not care to talk at this time of him as a possible candidate for the Democratic nomination.

The report of Mr. Field's possible candidacy caused more comment and drew forth more favorable endorsements than the candidacy of any other man yet mentioned for the Democratic nomination. To sum up the situation the statements of politicians, financiers and business men mean that if Mr. Field will permit himself to be considered a candidate for the Presidential nomination he will always have the support of a powerful support, not only in Illinois, but in other states.

The Judges' Salaries. PORTLAND, Jan. 18.—(To the Editor.)—As the public has no means of seeing the laws passed by the Legislature, will the Oregonian confer a favor on many taxpayers by printing the act raising the salaries of the Circuit Judges of the district from \$2000 to \$4000 per annum, and compelling the taxpayers of this county to stand the raise; so that the public can see the reasons, if any, which influenced the Legislature to make such a change.

The act referred to was H. B. 29, and reads as follows: "Section 1. That section 2928 of the codes and statutes of Oregon compiled and annotated by C. E. Bellinger and W. W. Patton be amended so as to read as follows: "Section 2928. Judges of the Circuit Courts and salaries—Each of the Judges of the Circuit Courts in this state shall receive an annual salary of \$4000, payable in three equal installments, to be paid annually by each county, out of the county funds, to each of the said Judges of the Circuit Court in this county, the sum of \$1000 in addition to the sum of \$3000. Said \$1000 shall be audited and paid monthly in the same manner that county officers are paid, as provided in section 2925 of said codes and statutes.

"Section 2. Whereas, the compensation of Judges in judicial districts composed of one county only, is, under the present law, inadequate, an emergency is declared, and this act shall take effect upon its approval by the Governor."

The act was approved by the Governor on December 24, 1903, and filed by him the same day.

Clergymen Take Notice. Applications for clergy certificates for the year 1904 are now being called for by the Oregon Railroad & Navigation Company, and those entitled to permit will please call at room 2, Worcester building, for same.
