

JAPAN TAKES IT

Troops Are Landed at Masampo, Corea.

RUSSIA STILL DEBATING

Answer Will Not Be Delivered for Another Day.

PEACE HOPES ARE SMALL

Japan Will Never Consent to Any but Chinese Control of Manchuria, and This Russia Holds to be Impossible.

LONDON, Jan. 22.—The delay in the Russian reply to the latest note from Japan is causing the customary crop of sensational statements pointing to the imminence of war in the Far East.

The Daily Graphic this morning says it understands that there is no likelihood of a compromise, owing to the unyielding attitude of Japan on the Manchurian question, and the fact that in her last note to Russia Japan struck out the whole article in the draft of the treaty relating to the demand of Russia for a neutral zone.

The correspondent of the Morning Post at Chefoo has sent in an alarming report that 12,000 Japanese troops have landed at Masampo, in Southern Corea, and the Fort Arthur correspondent of the Paris edition of the New York Herald also refers in a dispatch to the fact that the news of the occupation of Masampo is being received calmly.

Special dispatches from Seoul say the Emperor of Corea has appointed a new Cabinet, with Yi You Gik as minister of War and Finance. Yi You Gik has ordered 10,000 rifles for the army.

Reports have been sent in from Chefoo that quantities of munitions have been found under the bridges of the Manchurian line above Port Arthur. The supposed intention was to blow up the bridges as soon as hostilities began.

The Tokio correspondent of the Daily Mail sends the following dispatch: "The Jiji Shimpo says that on the day following the ratification of the Chinese-American treaty, Russia notified Japan it was useless to negotiate a neutral zone on the Yalu, as the ratification of both treaties showed that Manchuria was Chinese domain."

Cabling from Shanghai the correspondent of the Daily Mail declares the Chinese government has learned that Russia is sending a large force to Chinese Turkestan. The St. Petersburg correspondent of the Daily Telegraph cables to his paper as follows: "It is learned that difficulty has arisen through reluctance to grant a free zone of immigration into Manchuria to the Japanese as to other foreigners, for fear that the Japanese would soon overrun it. Whatever concessions Russia offers regarding Manchuria will probably be offered in the first instance to the United States."

REAL ISSUE WITH RUSSIA.

France Informed It is Maintenance of White Supremacy.

PARIS, Jan. 22.—Information reaching the Foreign Office during the last 24 hours shows a definite Russian attitude in the Russo-Japanese situation. The answer of Russia has not yet been sent, but it will be dispatched within the next two days. The question of the limitation of Japanese settlements in Manchuria has been one of the most difficult under consideration. The Russian view, as made known here, as the real issue, is the maintenance of white supremacy in the Far East. The situation is compared with that of California during the Chinese invasion, compelling the United States to exclude the Chinese. Owing to the importance attached to this branch of the controversy, Russian officials have taken steps to secure copies of the British laws restricting Mongolians from entering Australia. It is maintained that Russia is anxious that reasonable limits be placed on the establishment of Japanese settlements in Manchuria has the same end as the American and British laws in protecting their commerce and labor of whites from the Mongols.

It appears that Russia is chiefly apprehensive of the springing up of large Japanese settlements in Manchuria, along the lines of the Russian railroads and other centers of Russian improvement and development, and it is held that such a Japanese influx will practically nullify Russia's privileged position in Manchuria, which Japan has been willing to recognize.

RUSSIA IS GROWING NERVOUS.

Report That Japan is Grimly Waiting Causes Weakness on Bourne.

ST. PETERSBURG, Jan. 22.—The czar has not yet called the Council to consider the Japanese reply, but it is said at the Foreign Office that the summons may be issued any day. The delay, coupled with dispatches from Tokio, saying that Japan is armed and grimly waiting, has caused a slight renewal of public nervousness, which was reflected by the weakness on the Bourne today. This alarm is seemingly not shared in the higher government circles, where it is insisted that the czar's pacific declarations were not idle words. The worst that is now anticipated is the breakdown of the negotiations in the event of Russia's response being unacceptable to Japan.

NEITHER SOLICIT MEDIATION.

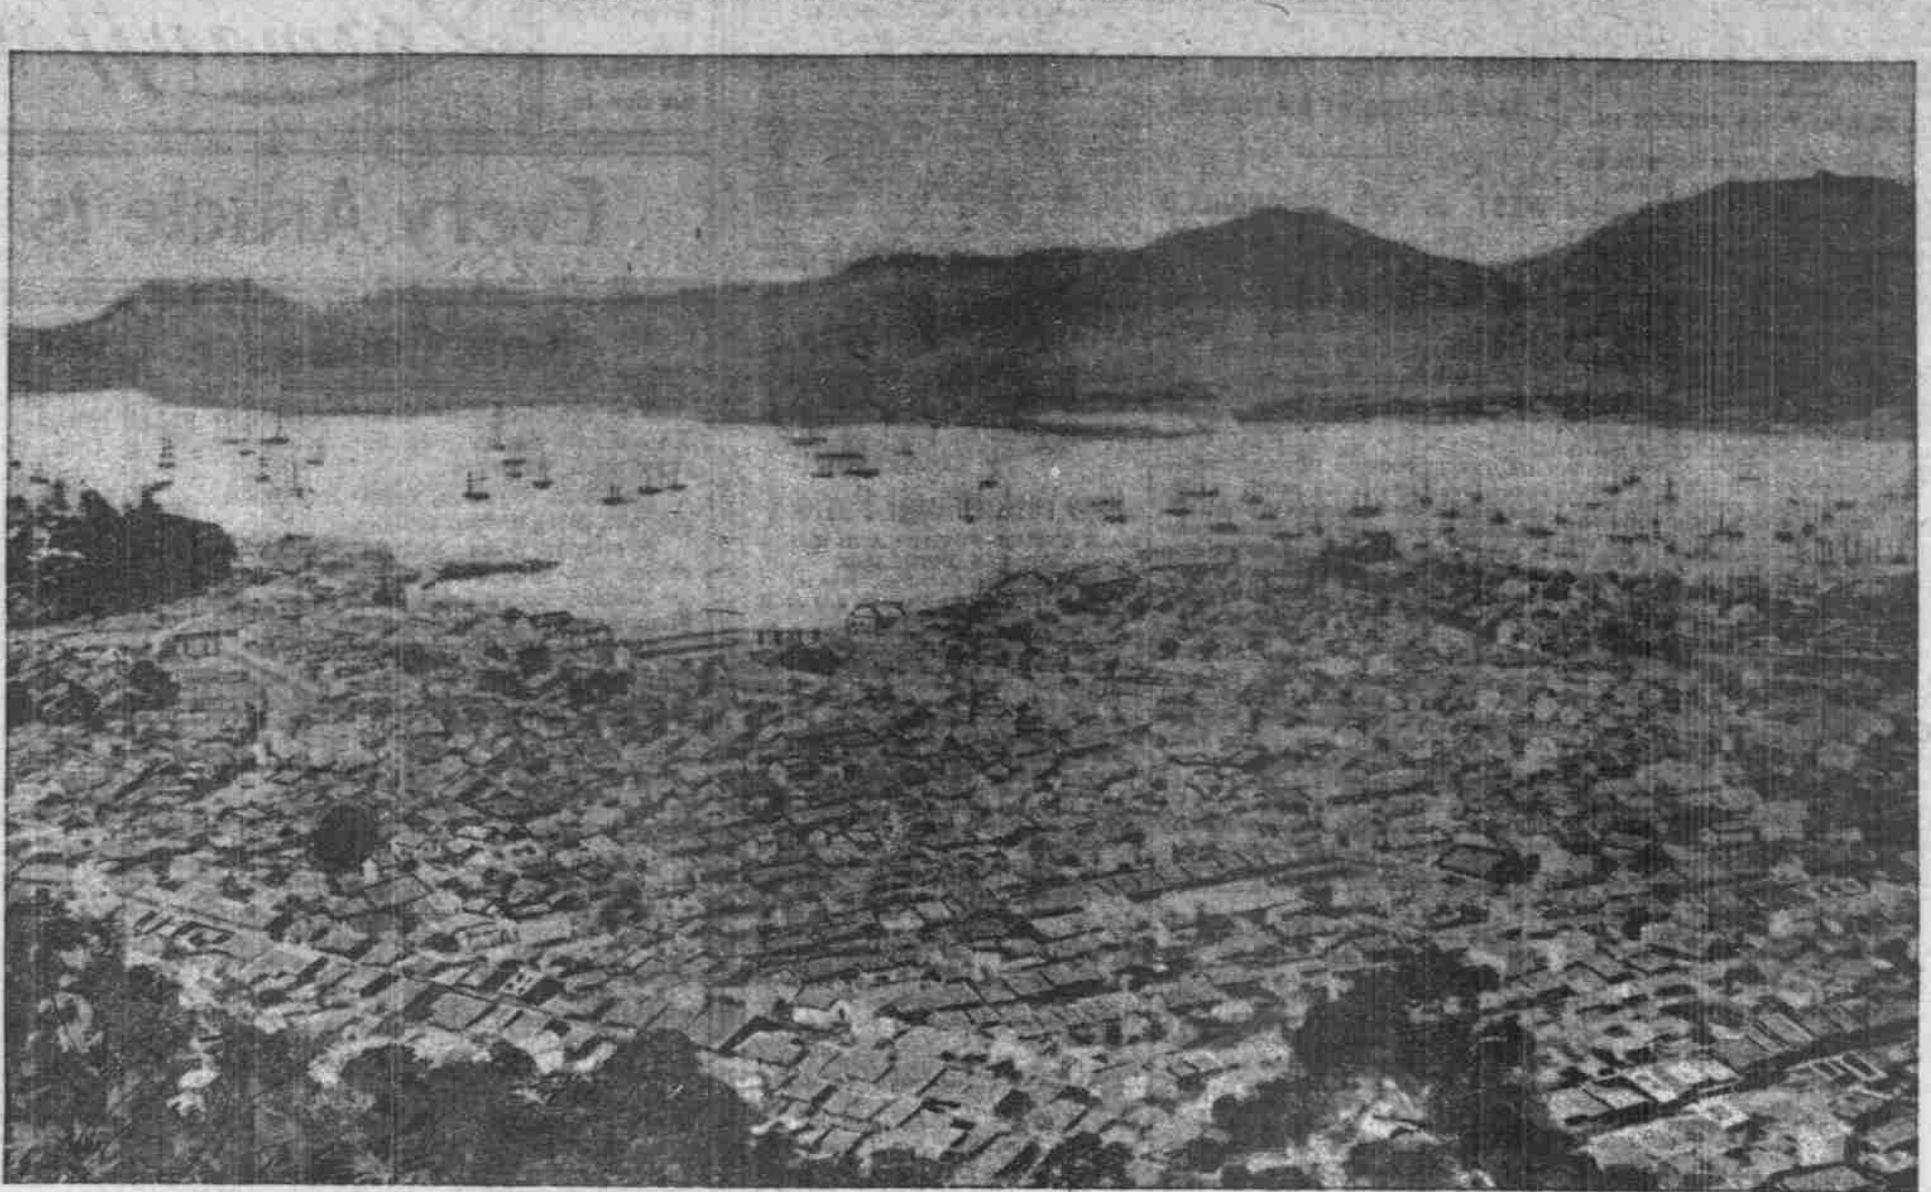

United States Has Sounded Japan and Russia on This Score.

WASHINGTON, Jan. 22.—It is learned that the United States Government has been cautiously and quietly making inquiries at the various foreign capitals supposed to be particularly interested in a peaceful solution of the Eastern problem, with a view to ascertaining whether anything could be done toward bringing Russia and Japan together. It soon developed that neither of the parties were willing to solicit the good offices of outside powers in the adjustment of their dispute, so the movement was never formally initiated.

It is stated that the total amount of Mr. Blair's indebtedness, including the money advanced to him by friends and relatives during the last year of his life has been officially determined at \$482,000. It is further stated that every dollar of this amount will be paid from the insurance money now coming in, leaving \$200,000 for Mrs. Blair and her two sons, providing that a policy for \$200,000, which one company began to contest before Mr. Blair's death, is paid.

BUCHANAN COMING HOME.

Minister to Panama May Consider His Mission Ended.

WASHINGTON, Jan. 22.—The State Department confirms the report that Mr. Buchanan, the American Minister to Panama, is about to return to the United States, starting in a few days from Colon. An important private business is assigned as a reason for the Minister's return. The department is not informed that his visit is anything more than a leave of absence, but it is known that Mr. Buchanan consented to assume the Panama mission only upon the understanding that the appointment must be temporary, and as affairs on the isthmus are regarded as being in excellent shape, from an administrative standpoint, it is possible he will consider that he has carried out his full undertaking when he returns to Washington.

WAR ON JAPANESE

Coreans Are Becoming Ugly in Many Districts.

SITUATION IS VERY ALARMING

Mikado Sends a High Military Officer to Make an Inquiry, and Warns the Emperor That the Attacks Must Cease.

WASHINGTON, Jan. 22.—The situation in Corea is arousing fresh apprehension of renewed trouble in the Far East. It has been the opinion of military experts here that in the event of war between Russia and Japan, Corea would be made the battleground, at least in the beginning.

Mr. Allen, the American Minister at Seoul, cabled the State Department today from Seoul as follows: "Considerable disturbances throughout Corea. The Japanese have been attacked in many places. It is learned that in view of the possibility of Corea being unable to afford proper protection to Japanese subjects the Tokio authorities have dispatched a Japanese military officer of the highest rank, namely, a Major-General to Seoul, where he will be in a position to direct any military operations that Japanese troops may undertake. The Korean government has 3500 men under arms, but they have not been trained in a modern school of war, and resemble constabulary rather than soldiers."

It is anticipated here that Japan in return will repeat the performance of Russia in Manchuria, and make the disturbances on the Japanese Railway the ground for a military occupation of the line in great force, corresponding to the Russian occupation of the Manchurian Railway.

JAPAN GIVES COREA WARNING

Any Further Disturbances Will Call for Severe Measures.

LONDON, Jan. 22.—A special dispatch from Seoul, Corea, dated today says Japanese railway men have been attacked by Koreans at several points along the Seoul-Pusan Railway and that the Korean authorities have been notified that unless they prevent a recurrence of these disorders necessary measures to do so will be taken by the Japanese troops. The Dowager Empress of China is thoroughly alive to the peril threatening China as a result of the Russo-Japanese crisis and has, according to the Globe's Shanghai correspondent, determined at all costs to fight for the freedom of Manchuria from foreign control. Conferences between the Dowager Empress and the leading statesmen, it is added, have convinced her that any other policy would be tantamount to dynastic suicide, as the dishonor of the ancestral tombs implied by foreign domination would be unpardonable in the eyes of the Chinese, and unless a vigorous effort is made to reassert Manchurian authority the Taipings and Kolahshul will attempt to restore the Ming Dynasty, with the result of the complete destruction of China.

The correspondent adds that the Dowager Empress has been informed that some of the foreign officers are willing to give the Manchurians a final opportunity of rehabilitating themselves even to the extent of aiding them by force, if necessary, provided the Manchurian Government is sincerely favorable to reform. The Russian Minister at Peking, the correspondent says, has learned of the result of the conferences and is convinced that in the event of war China will be forced to participate, with the result that the whole world will possibly become involved.

"In the meanwhile," the dispatch concludes, "Japan, though ostensibly engaged with its own quarrel, is really the spokesman of the whole group of powers detested to the policy of anti-partition and who have virtually agreed together to defend China."

BOSTON, Jan. 22.—A petition that J. H. Lysann, the ancillary administrator of the estate of Andrew J. Davis, who was a wealthy copper-mine owner in Montana, be directed to remove the funds of the Davis estate, now in Massachusetts, to Montana for distribution there, was decided today by Probate Judge Grant. The

application was made by beneficiaries under the will of Davis. It was opposed especially by the widow of Colonel Robert G. Ingersoll, who now seeks to recover about \$100,000 from the estate for services said to have been rendered by Colonel Ingersoll as counsel for the contestants of the Davis will some years ago.

EXPULSION OF PRIEST FROM FRANCE IS THE ISSUE.

Extra Guards on Duty Inside and Outside the Palace—Pro-Alsation Demonstration.

PARIS, Jan. 22.—The Chamber of Deputies was the scene of much excitement today, in connection with the case of Father Delcor, the Alsatian priest who was expelled from France recently on the ground that he was a foreigner seeking to foment agitation against the government. His expulsion has revived the animosity growing out of the Franco-Prussian War, a considerable element of the press and public asserting that the expulsion of Delcor as a foreigner marked the final abandonment of Alsace to Germany. Owing to the Chamber taking up the question today, extra military and police precautions were taken inside and outside the palace as well as to protect the Strasbourg statues on the Place de la Concorde, where a popular manifestation was announced to take place, and for the suppression of disorder in the neighborhood of the German Embassy. The Chamber was thronged, and during the debate five interpellations were addressed to the government. The speakers sought to make the issue one of the government's abandonment of Alsace. Premier Combes, replying, declared the agitation had the same theatrical character as Boulangism. It was an effort to revive an expiring Nationalist element. After a long and heated discussion, during which numerous resolutions, some blaming and some approving the government, were handed in, Premier Combes intimated that he would accept a motion made by M. Sarrien as the order of the day, pure and simple, with the understanding this should be taken to imply approval of the government's action. The division resulted in a Ministerial victory, the vote being 23 to 33.
