Last year there was a very prudent and thrifty reversal gentleman living in Southern Oregon. He procured from us two of cur certificates of deposit, spaable on 90 days' call, with interest at 4 per cent per annum. A short time ago one of these certificates came back to us from New York City. The reversed gentleman had made an investment and he found that his certificate was as good as cash to make payment for the same.

It is always good to have your money drawing interest until you find a permanent investment. Call on us and let us give you further examples of how these certificates work.
