Chinese General Commanding the Gyanstye Post Says Their Desertion Made It Useless to Give Battle.

SPECIAL CABLE TO THE LONDON TIMES AND PORTLAND OREGONIAN. GYANGTSE, Thibet, April 12.—(By Dispatch Rider to Chalu, Thibet, April 14.)-The Thibetan commandant and the Chinese general commanding the garrison surrendered the position this morning without resistance of any kind. This gives Colonel Younghusband complete control of the situation in Thibet as this was the last strongly entrenched position which had not been taken,

The Chinese general, in explaining surrender, declared all of his soldiers had fled and there was no other course left him but submission. Apparently 500 Thibetans escaped with their rifles and other portable property,

The Thibetan commander implored Colonel Younghusband not to occupy the fort, alleging that heavy punishment would be inflicted on him by the L'Hassa authorities. His request was disregarded.

The political situation is unchanged. A rumor is in circulation here that four high officials are coming from L'Hassa to confer with Colonel Younghusband. Still another report declares the Grand Lama intends to persevere in his attitude of opposition and refuse to permit the British to enter the capital.

Official Report to Curzon.

LONDON, April 14.—The official report of the engagement between the Thibetans and the British commission, commanded by Colonel Younghusband at Gyangtse, on April 10, differs from the earlier report received from Vicercy Curzon tonight. The Thibetans fought frantically but were dispersed with aloss of 190 killed, many wounded and 50 prisoners out of the total force of 2000. The British loss was three wounded. The Thib-etan chieftan paid a visit to the British camp in an endeavor to arrange terms
