

### ASK CHANCE TO BID

#### Scavengers Oppose a Garbage Monopoly.

### COUNCIL REFERS ORDINANCE

#### Annexation of Montavilla and Mount Tabor Voted Down—Slot-Machine Committee Makes No Charges Against Chief Hunt.

**AT THE COUNCIL YESTERDAY.**

**GARBAGE**—Scavengers ask chance to bid against Portland Sanitation Company for franchise.

**ANNEXATION**—Adverse report read from committee on annexation of Montavilla and Mount Tabor.

**SLOT MACHINES**—Investigation committee reports "incit understanding" between Chief Hunt and slot-machine men.

**FIFTH STREET**—Remonstrance of minority of property-owners against blighting pavement.

**WATER BOARD**—Asked by Council not to force employees to work over eight hours a day.

A new element has appeared in the question of granting a franchise to a garbage collection company. Before the Council yesterday, when the franchise was first introduced, was presented a remonstrance against the franchise, signed by the Portland Garbage Company, supposed to be composed of a number of scavengers who will be practically deprived of a livelihood should the franchise be given.

The communication asked that opportunity be given for other bids to be submitted for the job of collecting and burning the city's garbage. The name of H. C. Joy was attached.

The ordinance carrying the franchise of the Portland Sanitation Company, composed of Howard Whiting, C. J. Smith and others, was referred to the committee on health and police.

#### Annexation Project Turned Down.

All hopes of suburbanites for the annexation of Montavilla and Mount Tabor are over for the present. The special annexation committee reported against the two petitions submitted. A provision of the charter which provides that the Water Board may sell water along the pipe line outside the city limits is quoted to show the petitioners that they may be supplied without being admitted into the city. The city with its present boundaries could accommodate 1,000,000 persons, says the report, and it is not desirable to extend the limits.

When a vote on the adoption of the report was called for, Messrs. Bentley, Sherrett, Rumelin, Sigler and Sharkey lined up on the affirmative side, while Messrs. Albee, Fiegel, Foster and Hill voted against. Mr. Albee says that he has not found time to study the question properly.

Residents of the affected districts who were present, threatened to wreak their vengeance upon Mr. Sigler for his opposition by voting against him as County Assessor.

Had Mr. Zimmerman been present another vote would have been recorded against annexation, as he had openly declared against the movement from the start.

The Councilmen had an opportunity to play to the gallery yesterday. His edges were fringed with the faces of 43 boys and girls, comprising the graduating class of the Harrison-Street School. Principal Jarvis had brought them to the Council Chamber to learn a few practical lessons in municipal government. The Councilmen were on their best behavior, and an unseasonable session was the result.

**Slot-Machine Report Filed.**

After many days, January 6 in fact, the committee appointed to investigate the charges made by slot-machine proprietors against Chief of Police Hunt filed a report. No recommendations were made, but a mass of information was submitted.

The report states that after the Mayor had issued orders to Chief Hunt not to allow money slot machines to operate under any circumstances, A. Schapiro called upon the Chief to deposit \$10 each for three machines. He was informed of the new orders and did not put up the money.

The concluding paragraph says that from all the testimony heard it was found that no positive agreement had been made, but that it was tacitly understood between the Chief of Police and the slot-machine men, that the prohibited machines should be operated under the new system. The money had been deposited as forfeited bail with that understanding.

H. R. Albee, A. F. Fiegel, John P. Sharkey, C. E. Humelin and B. D. Sigler sign the report.

"I move that a vote of thanks be tendered to this energetic committee," said Fred Merrill, sarcastically.

From Mr. Bentley came a resolution requesting the Water Board to regard the charter regulations as to length of a day's labor. Several employees of the Water Board have been required to work ten and 12 hours a day, it seems. The resolution was filed without comment, though it had been expected that some severe criticisms of the Water Board would be forthcoming.

#### Mayor's Veto Sustained.

Mayor Williams' veto of the ordinance licensing baseball games \$10 a game was sustained.

Attorney H. H. Emmons protested against the improvement of Fifth street from Irving to Jefferson. Warren's blighting pavement had been specified, and the lawyer wanted a chance for competition, but did not protest against the improvement itself.

"I understood that 70 per cent of the property-holders were in favor of this class of pavement," said Chairman Rumelin of the street committee.

"I thought it was 85 per cent," said Mr. Sharkey.

Mr. Fiegel earnestly desired that the improvement go ahead, and the matter was referred to the City Attorney meanwhile.

#### Franchise Changes Hands.

The franchise of the West Side & Suburban was reported as transferred to Alexander and Andrew Graden, and then transferred to the Oregon Traction Company, which has promised to begin immediately on the Hillside road.

The ordinance prohibiting the new street signs under punishment for molestation was unanimously passed.

Under another ordinance passed by request of the underwriters, Chief Campbell will have control of all fuel oil storage tanks built within the city.

Messrs. Sharkey, Albee and Fiegel were

appointed a committee by Mayor Williams to investigate the protests made against the construction of a tank near Twenty-third and Washington streets.

### WHEN TO BUY TICKETS.

#### Passenger Agents Fix Selling Dates for Travelers to World's Fair.

A message was received at the local office of the Northern Pacific yesterday from A. D. Charlton, who is attending the meeting of the Transcontinental Passenger Association at Santa Barbara, announcing the following dates of sale for excursion tickets to the St. Louis Fair: May 11, 12 and 13; June 11, 12 and 13; July 1, 2 and 3; August 1, 2 and 3; September 1, 2 and 3; October 1, 2 and 3. The rate from Portland to St. Louis and return on any of the direct lines is \$67.50; to Chicago and return, \$72.50; to St. Louis and return via Chicago, \$75.

A message was received by Mr. Hall, of the O. R. & N., announcing that the dates of sale over the O. R. & N. will be May 11, 12 and 13, and June 12 and 13. The rate to St. Louis is \$67.50 and to Chicago \$72.50. The tickets are limited to 30 days.

### FIGHT HARRIMAN AND GOULD.

#### Holland Stockholders Will Try to Control Kansas City Southern.

**KANSAS CITY, April 20.**—The Star today will say: At a meeting held in New York, important changes have been made by the directors of the Kansas City Southern Railway, which it is believed portend an attempt on the part of the Holland stockholders to wrest the control of the property from the Harriman-Gould interests, now in control.

The following changes have been made: George J. Gould ceased to be first vice-president, and was succeeded by Herman H. Harman, who is representing the Holland interests. John Lambert, of Chicago, a director, representing the Harriman-Gould interests, was retired, and the office of General Counsel, held by Max F. Peery of New York, who also represented the Harriman-Gould interests, was abolished. The office of general counsel paid a salary of \$15,000 a year.

Mr. Gould it is stated, will retain his position as a director of the railroad, and as a member of the voting trust. The voting trust, which came into existence in 1900 when the Harriman-Gould crowd secured the property, and which also stated, expires within another year when the Holland stockholders, now in the minority, hope to regain control of the railroad. Besides Mr. Gould, E. H. Harman and John W. Gates, are now members of the voting trust.

The Kansas City Southern Railway formerly was the Kansas City, Pittsburg & Gulf Railway, which was built by Holland capital. Arthur E. Stillwell, who was its president until the property was thrown into the receiver's hands. It is intimated that the Holland stockholders in their fight to regain control of the property had backed by the Chicago Great Western Railway.

It is expected that the stockholders at the next annual meeting will try to carry out a plan to combine the Kansas City Southern and the Chicago Great Western, making a direct line from St. Paul to the Gulf. It is said that A. B. Stickney, president of the Great Western, suggested the plan.

### Traffic Agents to Meet in Tacoma.

District No. 1 of the Pacific Coast Association of Traffic Agents will hold a meeting at Tacoma Saturday to consider some changes in the constitution, and other matters of importance. A number of members from Portland will attend. Spokane and Seattle will also be well represented.

The present meeting was called at the last general meeting held at Portland in January. The proposition to change the constitution relative to membership and one or two other points was brought up at that time, but precipitated such an uproar that another meeting was called to settle it.

### Harriman Arrives in California.

**IMPERIAL, Cal., April 20.**—President E. H. Harriman, General Manager of the Southern Pacific, and other officials arrived here this morning. The visit is taken here as further evidence that some important railroad move is contemplated. Grading teams on the Calexico road are being laid off and tracklaying was stopped within two miles of Calexico.

Surveyors are reported to have orders to start general meeting held at Imperial, on the line to Yuma and possibly to the Gulf of California.

### President Harriman Coming West.

**SAN FRANCISCO, April 20.**—Traffic Manager Sprout, of the Southern Pacific, who has been making an inspection trip with Traffic Director Stubbs, of the Harriman lines, returned from the north today. President Harriman and his party, including General Manager Kitchin, are due here by the first or middle of next week.

### SCHUMANN-HEINK'S RETURN.

#### Sale of Seats Opens This Morning at Marquam Grand.

Arrangements having been made by Miss Steers for a return concert to be given by Miss Schumann-Heink, to world's greatest contralto, at the White Temple, corner Twelfth and Taylor streets, on this Saturday evening, will meet with great enthusiasm amongst all music lovers.

She is one of the few artists who before the public at the present who are able to interest all classes of music lovers. There seems to be an electric current which flows between the artist and her audience, and it is in this respect that she is a unique singer as Schumann-Heink. The public in general has little or no conception of what is implied in the intelligent interpretation of a great vocal work as to talent and study. Only those whose lives have been devoted to this can fully appreciate its full meaning. What matter is it to the casual listener, whether through years of careful preparation the artist is enabled to render the heavier classics, or whether a rollicking creation of coloratura style is given. They both please equally. Whatever Schumann-Heink renders, is the work of an artist. There is no question work in anything she does. It is true vocal art, and her singing is a veritable object lesson in the true art of song. The poise, the wonderful command and restraint of magnificent tone volume, the artistic sense of rhythm, the perfect requisites of tone producing that are marvellous to behold.

An entirely different programme will be given Saturday night. Seats will be on sale this morning at the Marquam Grand.

### PORTLAND CAPITALIST WEDS.

#### Leo Friede and Miss Frederica Feist Married in San Francisco.

**SAN FRANCISCO, April 20.**—(Special.)—An interesting wedding today was that of Miss Frederica Feist, of San Francisco, and Leo Friede, a Portland capitalist. The ceremony, which was performed at the residence of the bride's family, 202 Van Ness avenue, was solemnized at noon, Rev. W. R. Levy, of the Geary-Street Synagogue, officiating.

The bride was attended by her sister, Miss Edie Feist, and standing with the groom was his friend Joseph Peal, of Portland.

The bridal gown was a graceful combination of silk and lace over white silk. Orange blossoms had been veiled of lilies and she carried a shower bouquet of lilies of the valley. The bride's only jewels were diamonds and pearls set in a pin, the groom's gift.

The ceremony was witnessed by some 25 relatives, but at 3 o'clock more than 175 friends called to congratulate the newly wedded pair. The bride's home was decorated with a profusion of Spring's brightest flowers. In the drawing-room where the ceremony was performed San Rafael roses were tastefully arranged, and in the dining-room was a profusion of white lilies.

Mr. and Mrs. Friede left in the evening for the East. They will travel about for two months. They intend to make their future home in Portland, where they will arrive in the middle of June.

### May Horse Show at Chehalis.

**CHEHALIS, Wash., April 20.**—(Special.)—Arrangements were perfected last night among the business men of Chehalis for a horse show and street fair to be held here May 6 and 7. The programme will include an exhibition of different classes of horses—especially draft horses—a daily balloon ascension, baseball games, bicycle and other races and sports.

### FARMER A BRUISER

#### His Fist Comes Dangerously Near Mooser's Eyes.

### HEARST MONEY THE CAUSE

#### Democrat Accuses Mooser of Talking of Buying Delegates—Callahan Calls Him a Liar and Narrowly Escapes a Blow.

"You're a liar!"

The adorning epithet was applied last night to J. M. Farmer, member of the Democratic County Committee, by L. H. Mooser, one of Hearst's three boomers from California. Farmer cried to retaliate with swiftness, but fell short and Mooser squared himself, but before the bellicose gentlemen had begun actual hostilities, onlookers pulled them apart. Then the bellicose gentlemen lashed each other with their tongues and glared with their eyes.

"Any man," thundered Mooser, "who quotes me as having said I would buy up delegates is a liar."

"Didn't I hear you?" shrieked Farmer. "You didn't."

"I did."

"At this juncture the Democratic County Committee was called to order by L. T. Peery, who hoped thus to ward off a battle. The collision occurred in the rooms of the Board of Trade when the committee was about to assemble.

Mooser had floated in on some errand or other and was informed by H. M. Wagner that Farmer had made the remark cited above.

"I'll have the delegation if I have to buy it," is the way Farmer quoted Mooser. Wagner offered Farmer \$50 and then \$100 to change the chairman, but Farmer worked away without taking up the challenge. Just then Mooser came in and, when he heard what Farmer had said, grew highly indignant and demanded to face Farmer. Such expressions as cast back and the wrangle ensued.

Farmer did not make clear whether the quotation applied to the Oregon delegation in the National Convention or the Multnomah delegation in the State Convention. But it was all the same to Mooser, who waxed exceedingly wrath.

"I never said it," declared Mooser after the altercation. "Once in L. T. Peery's office I was asked whether I could buy up delegates in the State Convention. I replied that I probably could if I needed to do so, but if that time should ever go back home. Such expressions as cast by Mr. Farmer I resent. They are utterly false. My political career in California has been a continuous fight against bribery, and any man who investigates my record will find the written clearly."

"Right here I wish to denounce R. W. Montague's remarks in the State Convention, who declared that we were using coercion and bribery in Mr. Hearst's campaign. I protested today to Mr. Montague and I think he regrets what he said about us. We brought no 'Hearst money,' as it is called, to Portland, and whoever says we did, doesn't know what he is talking about. If any 'Hearst money' was brought here, I think I would know it before all men. I insist most positively that no such money was used, and I deny most strenuously all reports to the contrary."

Mr. Mooser and B. D. Murphy will go back to California in a day or two. M. F. Tarpey will invade the State of Washington with the Hearst banner. The Democratic convention of that state will meet May 5.

### PEERY WINS THE WRANGLE.

#### His Man Elected Chairman of County Committee Over Sweek's Man.

Wrangling from the first drop of the gavel until adjournment, the Democratic County Committee elected officers last night and chose an executive committee. The breakers came in the afternoon for two hours, and quit the exercise only because nothing was left to fight about.

Peeryites knocked Sweekites into a cocked hat by electing John Van Zante chairman of the Central Committee and the executive committee. The executive committee consists of the following worthies:

Ward 1—T. J. Connonan.  
Ward 2—J. E. Cronan.  
Ward 3—G. H. Thomas.  
Ward 4—J. W. Gross.  
Ward 5—Ed. Dwyer.  
Ward 6—H. W. Parker.  
Ward 7—J. G. Meyburn.  
Ward 8—M. D. George.  
Ward 9—Newton McVey.  
Ward 10—Johnson White.  
County members—N. H. Gratton, A. M. Ceburn, J. T. Milner.

C. B. Williams was the candidate of the Sweek faction for chairman. Pat Powers was nominated, in consideration of "his aged and declining years," but was spry enough to decline. After wasting no end of air in arguing the comparative merits of Van Zante and Williams, the patriots next debated fiercely whether to vote by secret or open ballot. In order that there might be no hard feelings afterward the secret ballot won, and the vote stood: Van Zante, 35; Williams, 24.

Pat Powers insisted that Van Zante withdraw from the Legislative ticket, but the chairman gave no promise that he would do so.

Bert Haney was chosen secretary of the central committee.
