Lake Ore Interests Adopt a Schedule.

STEEL TRUST NOT BUYING PIG

The Dessemer pig from market is exceedingly quiet, and in the Pittsburg district iron is offered freely for May delivery at \$13 at furnace, while basic is offered freely at \$12 to.

There is no truth in the reports that the United States Steel Corporation has purchased any Beasemer pig during the past week for May delivery. We understand that the corporation is now producing pig from at the rate of 175,000 tons per week, or more than ever before in its history. From nearly all

NEW YORK, April 28—The Lake ore in
iterasts made good program, says the Iron
destion. The negotiations thus far have led
to the adoption of a schedule of prices on the
basis of \$1.50 per 100 per 100 pounds; 1.00 per 100 pounds; 2.00 per 200 per 2 in spits of the abundant facilities to be had in the way of borrowed money. The consequence is the deep lethergy of capital which the market is witnessing, with puzzied geneses as to how and when it may end. Indications are plain that the outgo of gold will continue on a heavy scale, as supplies are redundant and Paris is calling home her capital from all available quarters. The sterling rate at Paris sank to 25 francs 10 centimes today, thus widening the margin of profit on gold shipments from New York, in spite of an easier tendency on sterling here. The payment of the \$10,000,000 to the Panama government was also announced from Washington, but no effect was produced in the local money market. Yet the market is obviously sensitive to the offering of any fresh claims on capital resources. Projected capital issues are known to be large, including the funding of much of the temporary note issues now outstanding for railroad companies. It is believed that many of the projected issues will have claims on carnings abead of these now outstandler and this unpanies. It is conserved that many of the projected issues will have claims on earnings ahead of those now outstanding, and this undoubtedly is one of the most repressing features of the present issue.

GOOD DEMAND FOR WHEAT. Chicago Market Closes Strong at Top

Prices. CHICAGO, April 28.—The opening in wheat was barely steady, owing to the unresponsive time of cables and more favorable weather both in the Northwest and Southwest. The July delivery was 16 to 16 lower at 8314,6 85%c. There was good buying throughout the day from the Southwest, due to small receipts and to an improved cash situation. Prices ateadily advanced until July touched 85c, from which point some reaction occurred on liberal selling by a heavy holder. The
