FINED FOR WIFE-BEATING.

Paul Sirianni Pays \$25, but Says He Struck in Self-Defense.

Mrs. Anna Sirianni says her husband Paul, gave her a brutal beating Tuesday evening at their home, 210 Clay street. The husband admits he struck his wife, but says she attacked him and he had to act in self-defense or the woman would have injured him. He says she did this purposely to get grounds for a divorce. She is tired of him, he says, and since he will not agnee to a divorce she is trying to create grounds upon which she may secore a separation. The woman was not badly hurt but there were marks where two or three

blows had struck her face. She testified, when the case was brought up before Mu-nicipal Judge Hogue in Police Court, yes-terday morning, that her husband had not the slightest reason for his attack upon her and discredited his story that she was seeking a divorce. The court held that a man has no excuse for beating his wife and fined the defendant \$5.

GOLDIE THOMPSON FOUND. Police Locate Missing Girl-Actress

at Dallas.

Goldie Thompson, lost, strayed or stolen, has been located at Dallas, and by order of her mother was arrested last night. She is only 16, but has been mak-ing one-day stands through the Valley towns with a strolling theatrical troupe. First, her mother, who is a laundress, accused the actors of kidnaping her daughter, but she has since said that she allowed the giri to go with them on condition that she be returned within a week. The time has passed, and the mother, fearing that the child was being lead astray, had the police telephone to Dullas and take the girl in charge. She was about to leave for Falls City at the

time, and did not seem to be at all pleased by her mother's order. She is being taught histrionic tricks by a large, stout woman, whom the mother suspects of a desire to kidnap.
