MAY ASK CHINA TO STEP IN.

Evacuation of Niu Chwang May Lead to Invitation for Troops.

ST. PETERSBURG, May IL.—The Rus-slan force at Niu Chwang is withdrawing, but the place was still held, according to last advices. When the evacuation is completed, in order to protect the foreign inhabitants against brigands. China prob-ably will be invited to send regular troops to Nin Chwang It is cruinined that the to Niu Chwang. It is explained that the situation at Niu Chwang is anomalous, Primarily, the civil administration of a city whose country is being invaded remains in possession until the enemy ap-pears, but in this case Russia is only ad-ministering it provisionally. China being the real owner.

The information which has been received at the Foreign Office from M. Plancon secretary of Viceroy Alexieff, who had a diplomatic agent at Niu Chwang, is n of an alarming character, and the state ment that 300 Chinese bandits are across the river walting to swoop down on Nin Chwang the moment the Russians depart is not credited. In this connection, it can be positively stated that the advices at the Foreign Office from China are reas-suring. It is believed that the restraint which is being exercised at Pekin by all the powers is having effect. There is reason to believe that the Russians intend to hold the stations and railroad between Port Arthur and Liao Yang, and probably Kal Ping, and that the latter place will be put into a state to stand a siege, the idea being that if it can hold out for three months it will make the relief of Fort Arthur much easier when General Kuropatkin is ready to assume the offen-sive. Possibly the Niu Chwang garrison will be sent to Kal Ping.

The general staff is without information regarding the reported death of Lieutenant-General Zassallich, declaring that it is not credible. The possibility of a small engagement at Wa Fung Tien is admitted, although no information has been received. But if an engagement has occurred there, they insist it ould not have of importance, as the garrison is small.

LONDON. May IL-Earl Percy, Under Foreign Secretary, replying to a question in the House of Commons today, said the British Consul at Niu Chwang had not asked for a gunboat for the protec-tion of British interests in view of the possibility of an attack by brigands. Niu Chwang being in the theater of war, His Chwang being in the theater of war, His Majesty's government some time ago took the only step possible in requesting the belligurents to sufcguard the interests of British subjects.
