Good Roads' Men Select Convention City.

PORTLAND IS THE CHOICE

Meeting Will Be Held During the Exposition.

THE DATE IS YET TO BE FIXED

Executive Board Intended to Confer With Commissioner Dorsch First, but Learning He Has Gone South, Announces It.

ST. LOUIS, May 27.—(Special)—President W. H. Moore, of the National and International Good Roads Association, announced today that Portland, Or., had been selected as the next place of meeting by the executive committee, during the Lewis and Clark Exposition, at a date yet to be named.

President Moore said Portland had been selected at yesterday's conference held between R. W. Richardson, the secretary; Colonel Albert Blair and himself, the executive board to whom the matter had been referred, but they were waiting to hear from H. E. Dorsch, of Portland, before making the announcement. Learning today that Mr. Dorsch had gone to New Orleans on a visit they thought it best to make known the name of the city selected for the next meeting of the convention.

FIREMEN READY TO GO OUT.

Striking New York Firefighters Will Be Given Support.

NEW YORK, May 27.—A majority of the executive board of the Marine Firemen's Union considered the strike situation after a statement had been given out that unless the New York, New Haven & Hartford Railroad Company accepts the terms offered by President Curran, of the Firefighters, every marine fireman in New York and east of New York, would be called out on a sympathetic strike. It was said that no action could be taken until the arrival of the executive board.

MITCHELL UPHOLDS OPERATORS

President of Mineworkers Says Red Lodge Men Have Broken Contract.

BUTTE, Mont., May 27.—A Red Lodge special to the Miner says that Superintendent Pettigrew, of the Northwestern Improvement Company, operating the coal mines of the Northern Pacific Railway Company, has received advice from President John Mitchell, of the United Mineworkers of America, sustaining the company in its controversy with the local union over the question of the employment of a check weighman, the company maintaining that the person filling such a position should be selected from the employ of the company. As a result of the differences 60 men were out.

President Mitchell rules that the check weighman must be elected by those who are actually working as miners. President Mitchell holds that the arrest of Superintendent Pettigrew at the instigation of the Attorney-General of the state, acting in behalf of the unions, to be a violation of an agreement between the unions and the company.

Federation Appoints a Committee on Behalf of President.

DENVER, May 27.—The committee on behalf of the Western Federation of Miners with the American Federation of Labor did not report at today's session as was expected.

For the first time since the opening of the convention the case of Charles H. Moyer, the President of the Federation, who is held a prisoner by the military authorities at Telluride, was taken into serious consideration. A committee composed of M. Gillis and F. L. Reber, of Butte, and M. D. Moore, of Arizona, was appointed to take such action as might be deemed expedient in releasing President Moyer.

At the conclusion of the session the convention voted to renounce the button-hole carnation, which, in the language of Secretary Hayward, had "grown to be the crushers' emblem."

GOLCONDA, Ill., May 27.—The village of New Liberty, Pope County, Ill., on the Ohio River, is reported to have been destroyed by a tornado, a building was left standing. No lives, however, were lost.

GOES CRAZY AT HIS TRIAL.

Man Who Claimed Body to Get Money is Found Guilty.

CHICAGO, May 27.—Choking and gasping, and with eyes rolling with terror, John A. Mahken, accused of fraudulently identifying the body of Mrs. Frank R. Greenwald, an Iroquois fire victim, in order to steal her money, suddenly jumped to his feet in Judge Clifford's courtroom today and pointed frantically at an imaginary specter which he thought stood confronting him. While the spectators looked in terror, the man frothed at the lips and waved his arms wildly in the air. He was overpowered, and thrown to the floor, where he lay for half a dozen police officers to hold him. Paroxysm after paroxysm shook him, and he had to be manacled and taken into an anteroom.

SULLY STARTLES COTTON MEN

Receivers Are Firmly Requested to Buy in 190,000 Bales.

NEW YORK, May 27.—A sensation was created in Cotton Exchange circles when the suspended firm of D. J. Sully & Co. made a demand of the receivers, now in charge of the firm's business, that they buy 190,000 bales of spot cotton for the firm's account. D. J. Sully & Co. allege that they were not notified by any broker that their contract had been closed, and they therefore wish the receivers to buy in 190,000 bales of actual cotton. The present supply of cotton in New York does not exceed 2000 bales, but on March 18, when D. J. Sully & Co. suspended, the firm was long 190,000 bales, May contract.

PREMIER SPEAKS FOR NATION

Deputies Uphold Recall of Ambassador, but Refuse to Dissolve Immediately the Relations Between Church and State.

PARIS, May 27.—After an exciting debate, in which Premier Combes and Foreign Minister Delcasse set forth the action and purposes of the government toward the Vatican, the Chamber of Deputies today, by a vote of 471 to 35, approved the course of the government in recalling M. Nisard, Ambassador to the Vatican, and rejected all proposals of the extreme element for an immediate dissolution of the relations between church and state.

A resolution proposed by M. Forretre, Republican Nationalist, inviting the government to negotiate with Pope Pius for a separation of the church and state, was defeated, 247 to 13. A motion by M. Allard, Socialist, to break off at once all relations with the Vatican and to denounce immediately the concordat was defeated, 285 to 148. Premier Combes took the initiative in resisting all efforts to force the government to extreme action, and his request that all questions regarding the separation of church and state be given until January, has the effect of postponing separation beyond the present session of Parliament.

M. Ribot, minority leader, was among those voting in support of the government.

The debate attracted unusual attention, and great crowds were present, including Ambassador Perier and other members of the Diplomatic Corps. The principal speeches were those of Premier Combes and M. Delcasse.

Meaning of the Recall.

"The recall of M. Nisard," said Premier Combes, "means we will not allow the papacy to intermeddle in our international relations, and that we intend to have done, once for all, with the superannuated fiction of temporal power, which disappeared 34 years ago."

"We will not withdraw the whole staff accredited to the Vatican, as we are bound by the concordat to maintain at the Vatican an adequate number of officials for carrying on business. We cannot suppress the Embassy and concordat by our own authority, for that right belongs to the chambers."

Premier Combes went on to say that several schemes for ending the concordat were under consideration in committee, and it only remained for the Chamber to have the question brought up for consideration immediately after the passage of the budget next January.

"Seeing how the concordat is daily observed, or rather violated by the church," continued the Premier, "some solution is necessary. We can no longer remain in this situation without bringing it to an issue. When the discussion comes up, I will state the government's opinion, but for the moment I ask the Chamber to confine its resolution to the measure forming the subject of the debate."

VATICAN FOLLOWS IT CLOSELY

Cardinal Merry del Val Carries Special Dispatches to the Pope.

ROME, May 27.—The Vatican authorities followed closely the debate in the French Chamber of Deputies today in the relations of France with the Vatican, reports of which were received through Special dispatches and taken to the Pope by Cardinal Merry del Val.

Meanwhile, the fact that the Vatican, which protested so violently against President Loubet's visit to Rome merely for the sake of upholding the principle of temporal power, allowed Cardinal Svaampa, Archbishop of Bologna, which, next to Rome, was the greatest of the pontifical states, to present his homage to King Victor Emmanuel, who left today for Bologna, and also to accept an invitation from the royal government, was pointed to as being extremely contradictory.

A prominent personage at the Vatican explained this seeming contradiction by saying the permission granted to Cardinal Svaampa showed that the Pope limited his pretensions to Rome thinking the co-existence of two sovereigns there was impossible and that it was for this reason the Vatican protested against President Loubet's visit.

Did Not Divulge Contents of Note.

ROME, May 27.—The Minister of the Principality of Monaco in the name of Prince Albert denies that the Government of Monaco divulged the text of the paper concerning President Loubet's visit to Rome, as has been asserted. The Minister says that such action "would correspond to treason."
