SAN FRANCISCO, May 27.—(Special.) Five to nothing tells the tale of to-day's game in the fewest words. Port-land put it all over San Francisco. At no time during the game did the issue seem in doubt. The matter was practically settled in the third inning, when Francis rapped out a two-bagger and Murphy rapped out a two-nager and maps followed with another, which scored Francis. Steelman died at first, sending Murphy to third. Shea singled, but Murphy went out at home, colliding heavily with Gorton and knocking him down. Had Murphy slid he would in all probability have accord. Deer singled. probability have scored. Iberg singled, bringing Shea to third, and then Drennan drove a splendid two-bagger, sending Shea and Iberg across the plate. Mc-Creedie flew out to Walton.

The bump that Gorton received from Murphy proved too much for him. In the tourth trucks he was replaced by Leahy.

Trail of Reckless Automobilists. The members of the Riverside Driving Association are hot on the trail of the automobilists, who on account of their reckless driving on the White House road, have made that driveway too dangerous to drive horses on at night. The matter of the terrific speed which the drivers of the automobiles hit up when they reach the White House road was taken up by the association at the meeting held last night. President L. Zimmerman was in the chair, and he and several other mem-bers of the association, who have been holding a watch on the automobilists, declared that some of the drivers sent their cars along as fast as 20 miles an hour. President Zimmerman stated to the members present that he had every reason to believe that the ordinance now before the City Council would be signed by Mayor Williams on Wednesday afternoon. If the ordinance is passed, the speed of the machines will be regulated to eight miles an hour. It also provides that all machines must be numbered. A mounted policeman will be detailed to the White House road, and it will be his duty to watch the automobilists, and if they violate the law, he will get the number

Road Near South Mount Tabor. Mystery surrounds the case of an unknown bicyclist found in an unconselous condition in the middle of the road near the South Mount Tabor reservoir, at a late hour last night. A search of his clothing gave but one clew to his identity. He is described as being about 20 years of age, weight 130 pounds, thin brown hair, sandy mustache, and has an eagle and the letters H. A. S. tatooed on one arm. In his pocket was a bicycle check with the name H. A.
