The Republicans carried Multnomah County yesterday by an majority on the State and Congressional tickets and by a very heavy vote on the legislative, judicial and county tickets. Democrats confined their energies entirely to a successful battle against three Republican candidates only-District Attorney, Sheriff and one State Senator, Representative Williamson for Congr. ried the county by about 7500 plurality over Simmons, Democrat. The plurality for Moore, Republican, for Supreme Judge will approach 7000, while Bailey, Repub Bean, for Food and Dairy Commissioner will have in the neighborhood of 10,000 over his Democratic antagonist. The two Republicans for Circuit Judge have about majority, and Hodson, Republican and Malarkey, Republican, will have about 1000 over their nearest Democratic com petitors. The entire Republican legislative ticket is elected by an average plurality of 5000 or more, while all the Republican candidates for county offices are safe by large votes with the exceptions

already noted. Manning, Dem., for District Attorney, has beaten Reed, Rep., by perhaps 5000 majority, and Word, Dem., will defeat Stott, Rep., for Sheriff, by about 2500. Nottingham, Ind. Rep., is easily successful over Courteney for State Senator by several thousand plurality.

The total vote in the city is 16,363, a fall. ing off from the registration of about 22 per cent. In the country, the decrease is only about 11 per cent. The aggregate vote in Multnomah County is 18,882, against a registration of 24,984.

Local option appears to have been de. feated in the county by about 2000 votes. The direct primary law has carried by a large vote.

The count last night was very slow. Up to midnight only about 4000 votes had been disposed of by the election boards. Re-turns were received by The Oregonian from every precinct in Portland and from 14 out of the 25 in the county. The mis-ing precincts are all remote and represe an aggregateive vote of about 550. The votes so far as computed for the various candidates is as follows:

LOCAL OPTION IS IN DOUBT

Complete Returns Must Determine Result-Direct Primary Law Has Been Ratifled-Large Vote Polled Over the State.

WOODBURN, Or., June 6.—(Special.) -Walter L. Toose, chairman of the Republican Congressional Committee of the First District, from returns received up to midnight, predicts the election of Hon. Binger Hermann for Congress by the largest plurality ever given a Congressman in this district. It is now reasonably certain that Hermann's majority will be from 7000 to 8000. Marion County will be the banner county and lead the procession by a plurality of 1300 to 1200 votes. Clark-amas County will give from 200 to 500

In the election of pesterday the Repub icans won everything that was significant The returns indicate that the state ticket is elected by a plurality of 20,000.

In the First Congressional District Binger Hermann has been re-elected by 7000 to 8000 plurality. In many counties he has run ahead of his ticket. The same is true of Representative Williamson, who will be returned to Congress by a plur ality of 12,000. The Democratic candidate. J. E. Simmons, aroused no enthusiasm and in many instances Democrats cast no bal-

Food and Dairy Commissioner J. W. Bailey, candidate for re-election, made a strong run, and his plurality will fall little short of Supreme Judge Moore's. The returns are too meager to indicate the success or defeat of the local option law, and it will take the complete count to determine the result. The cities have voted against the measure, and the coun. try districts in its favor. The direct pri-

nary law has been ratified by a large majority. The vote polled was large and will not fall far short of the total registration.

OREGON CITY, Or., June 5.—(Special.)—With no official returns at hand at 12 octook tonight, the election of at 12 o'clock tonight, the election of the entire Republican ticket is assured. About 85 per cest of the registered vote was cast. Hermann will carry the county by probably 256 majority. The Republican state and judicial ticket will be elected by at least 1000 majority. Hedges, Democrat, for Joint Representative, carries the county by 750 majority. Huntley, Bramhail and Jaggar, Republican legislative candidates, are elected by majorities ranging from 690 to 1200.

Clerk Sleight and Recorder Stevens head the Republican county ticket, which is elected by majorities ranging from 200 to 1200.

Infernal Machine Set Off by Wire.

ASSASSIN UNDER COVER

Twelve Men Killed Instantly, One Dies of Injuries.

ALL ARE NONUNION LABORERS

Nine of Their Companions Are Se verely Wounded, One Dying Since--Two Peace Officers

CRIPPLE CREEK, Colo., June 6.-A concealed assassin, by merely pulling a wire, exploded an infernal machine, there by instantly killing 12 miners and severely wounding 11 others, one of whom has since died, at Independence today. All the killed and injured, with the exception of wo men from the Deadwood mine, were nonunion miners employed on the night shift of the Findley mine.

The men had quit work at 2 A. M., and were waiting to board the suburban train on the Florence & Cripple Creek Railroad and return to their homes in Cripple Creek and Victor. Just after the engineer of the approaching train blew his whistle as a signal to the miners, according to custom, a terrific explosion occurred underneath the depot platform, on and near which 26 nen were gathered. The platform was blown into splinters, the depot was wrecked, and a hole 20 feet in circumference, and about as many feet in depth, was torn in the ground.

Bodles Hurled Five Hundred Feet. Fragments of bodies were hurled through space for several hundred feet, and later were picked up still quivoring. Some of the bodies dropped into the pit made by the explosion, but heads, hands, ears, legs, arms and trunks were strewn about on all sides. Pieces of fiesh were found stained everything within a radius of 50

The force of the explosion was felt all everybody. The approaching train was stopped, and the members of the train crew were the first mer to reach the scene of the disaster. They were joined in a few minutes by hundreds of persons, and

ing physicians, nurses, officers and man the injured had already been placed on board the suburban train and removed to the haspitals in Victor. The mangled bodles of the dead, pieced together as well as possible, were removed to the Coroner

Oregonian.

Revolver Used to Explode It. The infernal machine with which the dia bolical work was done consisted of a quantity of dynamite estimated at 150 to 300 pounds; a loaded revolver and a long, slender steel wire attached to the trigger. The revolver was fastened so that the milling of the trigger would not draw it away. The wire ran from under the depo-

the cribbing of the Delmonico property. about 40 feet away, where its end was astened to the rung of a chair. The dynamite was placed close to the muzzle of the revolver, which was discharged by pulling the wire when the engineer blew his whistle. The ball from the revolve exploded the dynamite.

Bloodhounds Trailing the Assassin. A man was seen running down the hill from the Delmonico after the explosion The Victor troops, who were ordered out by Mayor French, were so stationed as to eep pe ple from passing over the path taken by the assassin, and bloodh were sent from Canyon City and Trinidad for the purpose of trailing the assassin. The infernal machine used today wa similar to the one exploded in the Vincotor mine on November 21, 1908, killing

By order of Major H. A. Naylor, of the National Guard, the bodies were remove from the Coroner's establishment to that of another undertaker. This action was taken on request of J. S. Murphy, superintendent of the Findley mine, because it was alleged that Coroner James Doran had remarked before the discovery of the infernal machine that the death of the nen was due to an accident. Later, Coroner Doran explained that although he had spoken of the disaster as an "awful accident," he was convinced a terrible crime had been committed.

The Dead.

Following is a list of the dead: GUS AUGUSTINE, aged 25, has a brother lying in Janesville, Wis. ARTHUR MUHLEISE, aged about 35, has latives in Germany. HENRY HAAG.

ALEXANDER M'LANE, formerly of Lead-CHARLES E. BARBER,

HERHERT M'COY. WILLIAM SHANKLIN, E. KELSO, married, W. W. DELANEY,

EDWARD ROSS.
E. H. JOHNSON, formerly of Little Horse,

ROBERT SINCLAIR, died in hospital. Injured-Phil Chandler, J. A. Brooker, Edward Holland, John Pollice, Tom Sinclair, Dan Gainey, Clarence Allen, John Collite, both legs amputated; Ed Holland, right leg amputated; Dan Gainey, right leg amputated; A. H. Allen, both legs am-putated.

Amputation has been performed upon a number of the injured, but it is almost ertain several of them will dis. A ma fority of the dead and injured were single men, but several had families living in the district.

Soldiers have already arrested a trio of ditors and printers of the Daily Record and City Marshal O'Conneil, and put then in the bullpen. All the wealthy minewhere are carrying guns.

ESCAPES BY A MIRACLE.

Man Blown Seventy-Five Feet in the Air Describes the Explosion.

CRIPPLE CREEK, Colo., June 6.-Charles over the camp, and the crash awakened Rector, of the Shurtloff mine, escaped in the explosion at Independence today by a miracle. He was chatting with several men, unconscious of danger, when the explosion occurred. He saw a number of men rushing toward the depot, and at this moment he was lifted from his feet and was deafened by a terrific crash. When he realized what had occurred, he was surprised to find himself uninjured. H. W. Vanatta, one of the Findley miners who had a remarkable escape, in

describing the explosion said: "The earth seemed to heave under the platform and depot, and the noise made was deafening. We had been at the station about two minutes when the explosion occurred. I was thrown through the air about 75 feet. There were about 25 men on the platform and most of them were nonunion miners who worked on the Findley. The Shurtloff shift had not yet reached the depot, but was hurrying down the hill. Had these men reached the platform the casualty list would have been doubled. There must have been 300 pounds of powder used, and it must have been set off by an electric spark or revolver, as the miners would have smelled

the fuse if one had been used." George Remick was hurled many feet from the platform, but escaped with only a few bruises, although heavy timbers and rocks fell all about him.

NO CALL FOR STATE TROOPS.

Acting Governor Will Send None Until Requested.

DENVER, Colo., June 6 .- "No request has been made on me for troops from Teller County officials, and there will be othing done in the way of ordering out the Guard until the legal demand is made," said Lieutenant-Governor Haggott, who is the acting Governor of the state while Governor Peabody is in St. Louis. I will not anticipate the request in any way, and not until I am officially notified that the authorities cannot deal with the situation will any troops be sent to Teller Couny to investigate the situation there."

Bell Holds Militiamen Ready.

DENVER, Colo., June 6 .- At headquarters of Adjutant General Bell. in this city, everything is in readiness promptly to meet a call for additional troops in the other camps. It is under-stood that the rallroads have been in-structed to have engines and cars ready and a quick run to Cripple Creek would follow an appeal for more soldiers. However, from the tone of a communi-cation received from Sheriff Bell, the newly appointed official of Teller County, he will only ask for further aid from the military as a last resort. He intimates that he can control the situation unless a general clash of opposing interests occurs.

Assassination of Nonunionists is the One Absorbing Topic--Troops Are Making Arrests by the Wholesale.

VICTOR, Colo., June 6.-Rioting broke ut in this city this afternoon while a mass meeting was being held to discuss the murder of 13 nonunion miners by means of an infernal machine at Independence. M. Robertson had been summoned to a meeting of the Mineowners' Association In Armory Hall by a committee, composed of C. C. Hamlin, secretary of the association; J. S. Murphy, manager of the Findley mine, and L. E. Hill, of the Theresa. At this meeting his resignation was demanded. He yielded to the demand. Then Edward Bell was appointed by the County Commissioners to fill out Robertson's unexpired term, Robertson was a union miner before he was elected Sheriff. Bell is a member of the Citizens' Alliance, Nearly all mines in the district previ-

ously had been closed by order of the Mineowners' Association, and hundreds of miners flocked into town from the surrounding hills. Fully 1200 supporters of the association gathered about Armory Hall, where it was meeting. At the same time 1000 men armed with all sorts of weapons were assembling on the vacant ground at the corner of Victor avenue and Fourth street in response to a call for a mass meeting. Most of these were union men who declared their intention to resist to the death any attempt to run them out of the district.

City Marshal Michael O'Connell hurriedly swore in several hundred citizens,
