WOODMEN WIN SUIT

Accepting Dues Does Not Waive Forfeiture.

ILLNESS WAS NOT KNOWN

Circuit Courts Have Right to Deny Retrial on Condition That Judgment Be Cut Down--Records Prima Facie Evidence.

Where a member of the Order of Woodmen of the World was delinquent and his dues were paid during an illness from which he died soon afterward, the acceptance of the dues in ignorance of his illness does not constitute a waiver of the forfeiture of his membership.

A Circuit Court has authority to overrule a motion for retrial upon condition that the defendant will remit a specified portion of the amount of the judgment, and plaintiff cannot complain.

Records of the General Land Office are prima facie evidence, and to overcome them the evidence must be clear and convincing.

SALEM, Or., June 20.—(Special.)—The Supreme Court handed down opinions today as follows:

Miller vs. Woodmen.

Sarah C. Miller, respondent, vs. Pacific Jurisdiction, Woodmen of the World, appellant, from Harney County, M. D. Clifford, Judge; reversed and remanded. Opinion by Chief Justice Moore.

This action was brought to recover $1000 alleged to be due upon the beneficiary certificate of F. T. Miller, who was a member of the lodge at Burns. The defense was that Miller died while under suspension. The plaintiff alleged in reply that the forfeiture of membership had been waived. Trial was had without a jury, resulting in findings of fact and conclusions of law in favor of plaintiff, whereupon defendant appealed.

The lower court found, among other things, that assessments were made in October and November, 1898, payable the following month, but Miller failed to pay. He became ill January 10 and died January 18, 1899. On January 16 the clerk of the local camp issued receipts for the sums due, dating them as of January 5, and sent the amount to the head camp. Proof of Miller's death was submitted April 5, 1899, and the money returned July 21. The clerk of the local camp did not know that Miller was seriously ill when he issued the recipts, nor did the head camp know of his illness. In addition to these findings it was admitted that the certificate held by Miller should become void whenever he should be delinquent and that he could not be reinstated without certifying his bodily health to be good.

The Supreme Court holds that the acceptance and retention of the money in the absence of knowledge of Miller's illness is not a sufficient basis for the inference that the officers of the order waived the forfeiture.

Adcock vs. O. R. & N.

Elizabeth Adcock, formerly Elizabeth Dozier, respondent, vs. Oregon Railway & Navigation Company, appellant, from Umatilla County, W. R. Ellis, Judge; affirmed. Opinion by Justice Bean.

The plaintiff was injured by reason of a collision of a cook car with another car. She asked for $3000 damages and the verdict was in her favor for $1650. The defendant moved for a new trial whereupon the court ordered that a retritti be granted unless plaintiff would remit all but $825 of the judgment. The remittitur was filed and the motion for retrial overruled, whereupon the defendant appealed. The principal question upon appeal was whether the lower court had authority to overrule the motion upon condition that a remittitur be filed. The Supreme Court says:

"It cannot be disputed that the court is within the limits of its authority when it sets aside the verdict of the jury and grants a new trial where the damages are palpably or outrageously excessive. The authority to determine whether the damages are excessive implies authority to determine when they are not of that character. To indicate, before passing upon the motion for a new trial, its opinion that the damages are excessive, and to require a plaintiff to submit to a new trial, unless, by remitting a part of the verdict, he removes that objection, certainly does not deprive the defendant of any right or give aim any cause for complaint."

Eastern Oregon Co. vs. Andrews.

Eastern Oregon Land Company, appellant, vs. William H. Andrews, respondent, from Sherman County, W. L. Bradshaw, Judge; reversed. Opinion by Justice Wolverton.

This was a suit in equity involving the title to a tract of land in township 1 north, range 17 east. The plaintiff claims through The Dalles Military Wagon Road Company. The defendant claims as a purchaser from the General Government under the act of 1890 forfeiting the old Northern Pacific railroad grant. The defendant's contention was that the land in question is outside the limit of the wagon road grant and therefore that the patent from the Secretary of the Interior in favor of the wagon road company was void. The plaintiff, however, introduced records of the Land Department showing that the land was within the limits of the grant and the Supreme Court holds that this is prima facie evidence sufficient and can be overcome only by proofs competent, clear and convincing. The defendant having failed to overcome this prima facie evidence, the decree in his favor was erroneous, and the case is reversed.

Gentry vs. Pacific Livestock Co.

James Gentry, respondent, vs. Pacific Livestock Company, appellant, from Malheur County, M. D. Clifford, Judge; reversed and new trial ordered. Opinion by Justice Bean.

This was an action to recover the value of hay taken from certain land while the right to possession was in litigation in the case of Pacific Livestock Company vs. Gentry. The lower court held that the decree in the former case was a conclusive adjudication in Gentry's favor. The Supreme Court reverses this and holds that the former decree was in favor of neither, for the suit was dismissed without determining the issues. The court holds that where a decree is ambiguous or fails to show upon which of several issues it was founded, the opinion of the court may be examined to determine what point was actually decided.

Wright vs. Lyons.

George Wright, P. F. Calleny, C. M. Clay and J. H. Farley, appellants, vs. C. B. Lyons, F. S. Russel and W. W. Kelly, respondents, from Malheur County, M. D. Clifford, Judge; affirmed. Opinion by Justice Wolverton.

Other orders were made as follows: State of Oregon, respondent, vs. Woodson Gray, appellant, ordered that appellant have until July 15 to file brief.

S. O. Correll, respondent, vs. Augusta Bailey, appellant, time to file appellant's brief extended to July 1.

CIRCUIT COURT AT ASTORIA.

Judge McBride Sends Two Men to the Penitentiary.

ASTORIA, June 20.—(Special.)—The regular June term of the Circuit Court was convened by Judge McBride this afternoon, and will be in session for several days. No jury has been summoned and only equity cases will be tried. However, two men were today sentenced to terms in the penitentiary—Floyd Dunlap, charged with sodomy, and Antone Besich, charged with adultery. The defendants on being arraigned pleaded guilty and were sentenced to terms of two and a half years and 14 months, respectively. A not true bill was returned in the case against J. M. Sailing, who was arrested on the charge of robbing the railway station at Clatskanie.

The case of Charlotte Grimberg, administratrix, vs. the Columbia River Packers' Association was set for trial September 26. This suit is to recover damages in the sum of $5000 for the death of her husband, Emanuel Grimberg, who was killed by falling from aloft on the ship St. Nicholas, en route from Bristol Bay.

SHEEPMAN SHOT DOWN.

Trouble Over Range Near Grouse May Result Fatally.

LEWISTON, Idaho, June 20.—(Special.)—Word was received here early this morning that Perry Waldrip was shot and dangerously wounded last Thursday near Grouse, Or., by Richard Patterson. Waldrip was shot in the left breast, the bullet lodging under the shoulder blade. The wounded man has been removed to Flora, Wash. When the messenger left there yesterday, Waldrip's condition was considered serious.

The trouble occurred over a range. Waldrip and Patterson are sheepmen. The former claimed to have leased a Summer range and camp. When Waldrip drove his sheep there he found Patterson in possession. Trouble at once occurred. Patterson is said to have shot three times. He is reported to have gone into hiding. Frank Waldrip, the wounded man's father, left here early this morning. Grouse, where the shooting occurred, is in the Blue Mountains, 40 miles southwest of here.

VERDICT IS EXCESSIVE.

Washington Supreme Court Reverses Judgment in Damage Case.

OLYMPIA, Wash., June 20.—(Special.)—The Supreme Court has reversed the judgment for $750 given Mrs. Wesley Davis in the Superior Court of Pierce County against the Tacoma Railway & Power Company because a special policeman, employed by the company at Spanaway Park mistook Mrs. Davis for an undesirable person and ordered her out of the park. The Supreme Court considers the verdict excessive and induced by passion and prejudice, rather than by the evidence in the case. The employe saw his mistake at the time and apologized to her and her husband and later the manager did the same.

The Superior Court of Spokane County has been reversed by the Supreme Court in the case of Riverside Land Company, appellant, vs. Franz Pietsch et al., respondent, a suit over the ownership of Spokane suburban realty.

WILL DREDGE GOLD LAND.

Mining Apparatus to Operate in the Snake River.

WEISER, Idaho, June 20.—(Special.)—A company has been organized and arrangements are now under way for the construction of a large dredge, which will be operated in Snake River about 12 miles west of this city. Snake River is known to be very rich in gold, the various bars prospecting heavily, but the fineness has been a bar to operations, and it is only by dredging that it can be worked successfully.

The boat will be 80 feet long and 30 feet wide, will be equipped with a 100-horsepower boiler and 20-horse-power engine, and the latest improved dredging machinery. It will cost about $8000. The machinery has been ordered from Portland and the boat will be built here. It is intended to have it in operation this season.

DUTY OF THE HOUR.

Senator Booth's Address to Willamette University Graduates.

WILLIAMETTE UNIVERSITY, SALEM, Or., June 20.—(Special.)—The address by Senator R. A. Booth, of Eugene, in the First M. E. Church last night was one of the most important events of commencement week. Senator Booth is one of Willamette's greatest benefactors and a stalwart friend of education everywhere. The large auditorium of the church was crowded with an attentive and appreciative audience.

Preceding the address of the evening, the choir, under the leadership of Professor Seeley and assisted by Miss Ethel Raymond, who has recently returned from New York, gave a short but very excellent sacred concert.

The Senator took for his theme "Our Opportunities and Our Obligations," and his address was directed particularly to the students. He said in part:

"The duty of the hour is to reach out after better things. Failure to realize the highest possibilities is sin, and its measure is the difference between what we actually are and what we may possibly be. If retrograding is sin, progress must be righteousness. And there is no real advancement without it.

COMMENCEMENT AT NEWBERG

Acting President Lewis, of Pacific College, Delivers the Address.

NEWBERG, Or., June 20.—(Special.)—The exercises of commencement week of Pacific College began Saturday afternoon. At 2:30 o'clock in the college gymnasium the young ladies of the college, under the leadership of Miss Britt, a graduate of the Sargent School of Physical Culture, in Boston, gave a handball and flag drill. Following this exhibition the annual baseball game between the collegians and the alumni was played, the former winning, 2 to 1.

Sunday morning the baccalaureate services were held in the Friends Church, the other churches dismissing their services and the different pastors assisting in the service. An organ voluntary by Mrs. C. B. Wilson opened the exercises. An anthem, "Come, Holy Spirit," was rendered by the choir, and a vocal solo was given by Mrs. O. K. Edwards. Acting President C. E. Lewis delivered the address.

In the evening the address to the Christian associations was delivered by Rev. Clark Pemberton, of Scott's Mills, his theme being "Success After Failure."

SIXTY-EIGHT YEARS APART.

Meeting of Brother and Sister Who Separated in 1835.

WALLA WALLA, June 20.—(Special.)—Sixty-eight long years had passed since Jason Lucas, of Deer Lodge, Mont., saw his sister Sarah, when he walked in tonight with a jesting remark that they had not met for a long time. When they parted in 1835 she was a maiden of 23 and he was a youth of 19. Today he is a white-haired, hoary-bearded man of 88; she is silver-locked and 92.

Jason Lucas, with his mother and part of the family left Massachusetts for Wisconsin in 1835, Sarah Lucas remaining with an elder brother. She moved around considerably. Correspondence ceased. Jason went to Illinois and passed through the Civil War, then lived successively in Wisconsin, Nebraska and Montana. An advertisement in a Milwaukee paper some time ago, in an effort to find the lost Wisconsin branch, resulted in brother and sister learning each other's whereabouts.

When Sarah, now Mrs. Higgins, of Providence, R. I., came to Walla Walla to visit Mrs. J. A. Cooke, her daughter here, Jason decided to visit her. All day they sit and talk of old times. One of their favorite reminiscences is when she spanked Jason in the early '20s of last century.

ELECTRIC LINE TO SALEM.

Portland May Be Connected With the Capital City.

SALEM, Or., June 20.—(Special.)—The building of an electric line to connect Salem and Portland is strongly indicated by negotiations which are pending for the purchase of right-of-way between these two places. For several days men have been interviewing farmers along the county road north of here, and asking for right of way 50 feet wide across their property. Deeds are taken in the name of Lester B. French, but the men who have the business in charge say that the road to be built is an extension of the Oregon Water Power Railway from Canemah southward to Salem.

The road already extends from Portland to Canemah. There have been rumors for some time concerning the extension of this line, but the stories have always been that the road is to come to Salem by way of Sliverton. The right of way now being secured is parallel with the Southern Pacific, and near the county road, though not on it. It has also been rumored, though the reports are yet without any confirmation, that the Oregon Water Power Company is interested in the new company which has purchased the Salem Street Railway line.

The Baker City and Portland capitalists, who recently purchased the Salem electric light and gas plants and street railway system, will take possession tomorrow with A. Welch, of Baker City, as manager. The new company will put the railway and rolling stock in first-class condition, and endeavor to improve the service generally.

LARS ANDERSON WILL CONTEST

Probate Judge Ryan Takes Case Under Advisement.

OREGON CITY, Or., June 20.—(Special.)—Final argument in the Lars Anderson will contest case was had today by the opposing counsel before Probate Judge Ryan, who announced that he would take the case under advisement until Tuesday, July 5. The contestant to the property of this estate, which is valued at $1500, is Peter Rasmussen, a nephew of the decedant, and who resides in Denmark.

A will, bearing date of August 4, 1902, was admitted to probate by which the decedant bequeathed all of his property to his two nephews, Fred and Peter Madison, of this county. Rasmussen produced a will that was written on June 30, 1903. In the instrument first written the Madisons were given one dollar each and the balance of the estate is bequeathed to Rasmussen. Rasmussen alleges that his uncle was mentally incapacitated from executing a will at the date of writing the last instrument by reason of the drugs and the opiates with which he was being treated, and averred further that the decedant signed the second will on the representation made to him by the Madisons that the same was a contract.

Oregon City School Finances.

OREGON CITY, Or., June 20.—(Special.)—Dr. W. E. Caril was today re-elected without opposition to succeed himself as a member of the Oregon City Board of School Directors.

At the annual school meeting tonight Clera Williams submitted his financial statement, showing expenditures for the year to have been $10,178.65, while the receipts aggregated $10,904.65, leaving a balance in favor of the board of $726 for the year. The total liabilities of the district amount to $13,657. Total number of school children in the district, according to the February enumeration, 1230, as against 1180 a year ago. The board estimates the expenses for the ensuing year the same as for last year, with an additional item of about $1000 that will be expended for establishment of sewer connections for the Barclay and Eastham Schools, and the introduction of sanitary closets in the two buildings.

Plans Adopted for New City Hall.

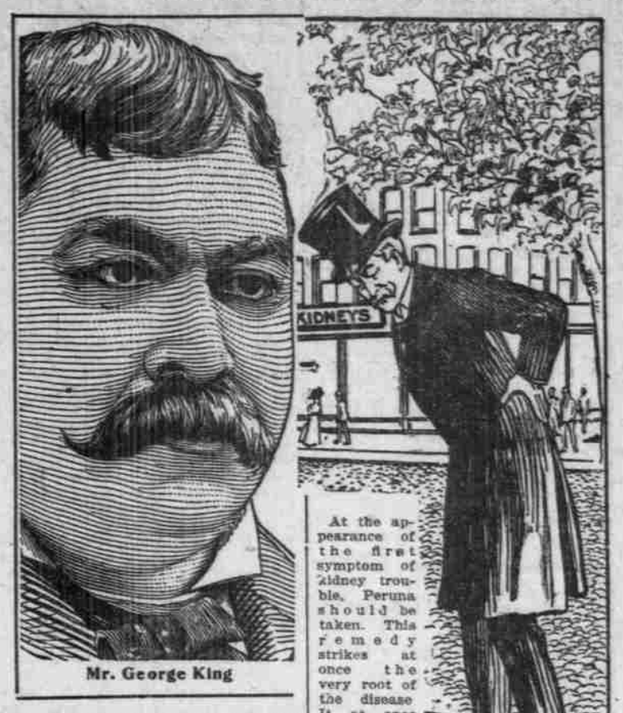
PE-RU-NA CURES CATARRH OF KIDNEYS EVERY TIME



Mr. George King

MR. GEORGE KING, Deputy Sheriff of Rensselaer Co., N. Y., for years was a well-known merchant of Troy. In a letter from No. 45 King st., Troy, N. Y., he writes:

"Peruna cured me from what the doctors were afraid would turn into Bright's Disease, after I had suffered with catarrh of the bladder and kidney trouble.

"Peruna is a blessing to a sick man. Eight bottles made me a well man and were worth more than a thousand dollars to me. I cannot speak too highly of it. It is now four years since I was troubled, and I have enjoyed perfect health since." —George King.

Mr. Joseph Mackin, 112 Lockwood st., Providence, R. I., writes: "As I saw so much about your remedy in the papers, and I had doctored a year without getting any better, I thought I would give Peruna a trial. I bought a bottle of it seven months ago and to my surprise I felt much better. The doctors called my ailment catarrhal trouble and kidney trouble. I took seven bottles of your remedy and it cured me."

At the appearance of the first symptom of kidney trouble, Peruna should be taken. This remedy strikes at once the very root of the disease. It at once relieves the catarrhal kidneys of the stagnant blood, preventing the escape of serum from the blood. Peruna stimulates the kidneys to excrete from the blood the accumulating poison, and thus prevents the convulsions which are sure to follow if the poisons are allowed to remain. It gives great vigor to the heart's action and digestive system, both of which are apt to fail rapidly in this disease.

Peruna cures catarrh of the kidneys simply because it cures catarrh wherever located.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

SSS THE BEST TONIC

In S. S. S. Nature has provided a tonic suited to every requirement of the system when in a debilitated, run-down condition. It contains no strong minerals or drugs, but is a pleasant vegetable preparation. You can find no better remedy for toning up the nerves and bringing refreshing, restful sleep.

S. S. S. improves the appetite and digestion, and its good effects are seen almost from the first dose. It acts promptly in cases of chronic dyspepsia, indigestion and all stomach troubles, and does away with the uncomfortable fullness, shortness of breath, drowsiness and dizziness that so often come after eating. S. S. S. is not only the best tonic, but possesses alterative or purifying properties, and if there is any taint, humor or poison in the blood, it searches it out and removes it. Many times a low state of health is due to a bad condition of the blood and can only be remedied by such a remedy as S. S. S.

If you suffer from debility, weakness, insomnia, nervousness, loss of appetite, bad digestion, or any of the miserable symptoms of a disordered blood, nothing will so soon put your blood in good condition, invigorate and tone up the system and restore the health as S. S. S.

I have used S. S. S. and found it to be an excellent blood purifier and tonic. My system became very much run down and debilitated. I lost twenty or more pounds in weight, had no appetite and was in a bad shape. Seeing S. S. S. advertised I began its use, and am well pleased with the results after using it for some little while. From 139 pounds to 165 is pretty good evidence of merit on the part of S. S. S. H. MARTIN. 50 Second St., Warren, Ohio.

How to Judge Beer

POINTS OF EXCELLENCE

"BRILLIANCY"—Clarity and polish, proving perfect brewing and fermentation.

"CLEAN" TASTE—The absence of a disagreeable foreign or "after-taste," proving scrupulous cleanliness during the brewing process.

"SOLID, CREAMY FOAM"—An infallible indication of body, age and excellence of brewing material.

"PURITY"—Impossible to find in most bottled beers, because their preservation is gained through chemical adulteration.

"FLAVOR"—The distinctive individual characteristic of any beverage; as peculiar to it alone as is its odor to the rose. A delicious and pronounced hop aroma is the highest standard.

A. B. C.

is the ONLY beer that possesses all of these essential qualifications. Its purity is absolutely guaranteed by its makers. It is the ONLY beer that can be so guaranteed, because it is the ONLY beer bottled exclusively at the brewery.
