DUNN FOR GOVERNOR

Minnesota Republicans Forget Their Differences.

CLAPP IS THE PEACEMAKER

Collins' Delegates Take Their Unseating Cheerfully and Leave Hall Pledging the Ticket Hearty Support.

ST. PAUL, July 1.-The Republican State Convention tonight nominated the

following ticket: Governor, Robert C. Dunn, of Mille Lacs; Lieutenant-Governor, Ray W. Jones; Secretary of State, P. E. Hanson; State Treasurer, J. C. Block; Justices of the Supreme Court, Calvin L. Brown, Charles L. Lewis, C. B. Eillott and Edwin A. Jag-

Senator Moses E. Clapp, who presided brought about harmony by insisting that contests be fought out in the committee on credentials. While contests were n settled by the committee, all talk of bolt-ing was done away with, so that when a ority report was adopted unseating 112 delegates favorable to Justice Collins for Governor, the unscated delegates left the hall, pledging their hearty support to whichever ticket might be named. After the unseating was completed it became evident that Dunn had a large

majority. Congressman Eddy withdrew from the race and the name of Collins was not presented. Dunn's nomination was made by acclamation. As the convention indersed Senator Chapp

for re-election, it seems improbable that any one will seriously contest his return to the Senate.

The peatform, after reaffirming the Na-

tional platform and commending the ad-ministration of McKinley and Roosevelt, has the following to say on National is-

"We believe that the large corporations, commonly called trusts, should be reg-ulated by law and supervised, both in their organization and operation that their tendencies may be checked and their evil practices prevented, and insist that they shall be no regulated and controlled as to prevent monopoly and pro-mole competition, and in the fullest measure subserve and advance the pub-

We believe in the doctrine of protec tion to American industries as set forth in the National Republican platform of 1904, and we believe in reciprocity as de-fined and advocated by William McKinley

and James G. Blaine."
Liberal pensions and Chinese immigration restriction are advocated.

The platform commends the action of

Governor Van Sant in espousing the cause of the people against the railway merger and trusts. It endorses Senators Nelson and Clapp to succeed themselves and favors the use of the union label on lies wherever practicable

MARRIAGE VOID ANYWAY.

Judge Cleland Refuses to Make Decree Saying So.

Anna B. Dodder who was married to George W. Dodder on January 1, 1895, and within six months of the period of her divorce from George E. Flatman, ap-peared before Judge Cleiand yesterday and asked for a decree declaring the marriage void, which the court refused to grant. The statute provides that a divorced person cannot legally marry a third person until six mosths from the date of the dissolution of the marriage bonds have expired. The plaintiff said she assertained on June 7, 1994, that her marriage to Dodder was contrary to law, and she desired the court to declare

Judge Cleland called attention to the fact that he had previously decided that the court would not render a decree where people had married within the six months The court would leave them just where it found them.

NEW STEAMER OREGONA GOES

Lightdraft Boat for the Upper Wil-· lamette Run--General Hum-

The steamer Oregona, the fine new boat just built at the Portland Shipbuilding Company's yards for the Oregon City Transportation Company, has been brought down to the Taylor-Street Dock and this morning will make her maiden trip to the upper Willamette. She is built with an extremely light draft and will be able to reach the upper points at al-most any stage of water. The boat was constructed especially for the upper Willamette trade and is remarkably rooms for a craft of her size. Not only is there a large extent of space for bulky cargo on the lower deck, but the cabins and staterooms up above are of exceptional size. Captain Graham has fitted up the boat with a special view to the com-fort of his passengers and has made many innovations that will be appreclated by them. Among the features of the boat in the mechanical department are the electric plant and the steam capstan and hoisting apparatus. Especial pains were also taken to make the quar-ters of the crew comfortable. Another good idea is the sanitary arrangement of

E. McPherson, involving a lease of the Tremont House, was heard yesterday by Judge Sears. The case was appealed from the Justice Court, where McPherson lost. A suit of forcible entry and detainer was brought against him, and his goods and those of his roomers were thrown into the street by a constable. McPherson held a two-years' lease, which could be terminated upon 69 days' notice. He was served with three different notices to vacate, but his atorneys, Claude Strahan and Raiph Dunning, contend that the notices were not legal. Notice was served upon McPherson that after April 5, 1904, his rent would be \$20 per day, and on April 5 he received ten days' notice to move. The counsel allege that this notice could not be given, because on April 15 McPherson was lawfully in possession if he paid \$30 per day rent. Another point is that a notice served was session if he paid \$30 per day rent. Another point is that a notice served was illegal because it did not terminate on rent day. Judge Sears took the case un-

The complaint states that Lewis lowers a lot at the northwest corner of Ninth and Glisan streets, in front of which the sidewalk is situated, and was sometime ago notified by the City Engineer to repair the sidewalk, and a notice posted to that effect. It is alleged that Lewis failed to obey the notice, and left the walk in its bad and decayed condition, with broken boards and stringers. Skin, Scalp and Blood Humours

From Pimples to Scrofula, from Infancy to Age

Speedily Cured by Cuttours when All Else Fails.

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psorlasis; the loss of hair and crusting of the scalp, as in scalled head; the facial disfigurements, as in acne and ringworm; the awful suffering of infants and anxiety of worn-out parents, as in milk crust, tetter and salt-rheum - all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment and Resulvent are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy, have made them the standard skin cures, blood purifiers and humour remedies of the civilized world.

Bathe the affected parts with hot water and Cuticura Soap, to cleanse the surface of crusts and scales and soften the thickened cuticle. Dry, without hard rubbing, and apply Cuti-curs Ointment freely, to allay itching, irritation and inflammation, and soothe and heal, and, lastly, take Cuticura Re-solvent, to cool and cleanse the blood.
