FAITH IN AMERICA

President of Panama Certain She Will Act Justly.

MAKES ADDRESS TO SOLONS

Agitation Over the Establishment of the Custom-House Has Had the Salutary Effect of Uniting All Political Parties.

PANAMA, July 15 .- No settlement has been reached of the questions pending between the Republic of Panama and the officials of the canal zone. The Panama government is firm in its belief that the only correct interpretation of the canal treaty is that until the canal shall be constructed, all parts of the isthmus are under the direct jurisdiction of Panama.

The fact that the relations between the Panama government and Major-General Davis, Governor of the canar zone, are cordial, leads the people of the Republic to hope that the questions will be satisfactorily settled.

One of the results of the situation arising out of the decree issued by Governor Davis establishing customhouses in the canal zone and the order compelling all steamers departing from La Bocs to secure clearance papers from the United States authorities is the union of all political parties toward a common end. The last act of the Assembly be-fore adjourning today was to unanimously approve a proposition that all the Congressmen should go to President Amador and offer their services in aiding the Government to defend the rights of the nation. The President was deeply moved by this act, which proved that all political parties are

with the Government in its attitude. In addressing the Congressmen, he said he had absolute faith in the Government of the United States, whose generous and noble conduct toward the South American Republics left no doubt that the canal treaty would be cor-rectly interpreted.

Railroad Rates on Whisky Destined for Coast Held to Be Excessive.

WASHINGTON, July 15.-The National Wholesale Liquor Dealers' Association of America today filed a complaint with the Interstate Commerce Commission against 31 railroads, alleging discrimination in freight rates on whisky shipped from Missouri River and Eastern points to the Pacific Coast. The rate on whisky is given as \$1.35 a hundred pounds. The rate on alcohol, pure spirits and high wines is \$5 cents a hundred. It costs \$400 to ship a carload of whisky to the Pacific Coast, but a carload of high-proof spir-Its, from which the Pacific Coast whisky manufacturer can make two carloads of whisky, can be shipped for \$35.

This condition is complained of as dis astrous to Eastern manufacturers, and the Interstate Commerce Commission is asked to have the rate on whisky and spirits made the same; also to order the railroads to restore to shippers of whisky the amounts they have paid in the past

St. Louis Fair Pays on Debt. ST. LOUIS, July 15.-The first payment

2 200,000 on the Government loan of position Company, was deposited in the subtreasury in St. Louis today. "The best answer to any talk that the Exposition Company would have difficulty in making the payment is the fact that the money is now in the subtreasury," said President Francis. "Not only have we made the payment, but it has been one a day shead of time."
Today's payment was the first of the

\$500,000 semi-monthly payments stipulated by Congress when the World's Fair loan was authorized. There have been two previous payments, each one comprising a certain per cent of the gross receipts of the Exposition capital from all sources The total amount refunded to the Federal

TURNER READY TO RUN.

In the Hands of His Friends for the Governorship.

SPOKANE, Wash., July 15 .- A special to the Spokesman-Review from Thompson Falls, Mont., says: "If the Democrats of Washington insist that I run for Gov-ernor., I will make the race." Senator George Turner for the first time in many weeks broke slience on the Governorship question tonight. The foregoing statement was made to a correspondent who met him at Missoula. Accompanied by Mrs. Turner, Senator Turner will arrive in

Spokane at 5 o'clock tomorrow morning. "I have no wish to run for Governor," continued the Senator, "and I shall only consent to do so in the event that the Democratic State Convention believes my nomination would enhance Democratic chances of success. I am not competent personally to judge of that.

"I believe, however, that there are a number of well-known Democrats in the state whe could make as good or better race than I could. I might mention in that direction Senator Tolman and Charles S. Voorhees, of Spokane; R. C. McCrosky, of Garfield; W. H. Dunphy, of Walla Walls, or William Blackman, of Olympia.

Without singling these out, there are number of other good Democrats, any f whom would be good to support." Further than that Senator Turner de-clined to discuss the Governorship matter, saying that he wished to consult his saying that he wished to consult his friends before making any elaborate

Outlook for Fish Unimproved.

ASTORIA, Or., July 15.—(Special.)—Still there is no improvement in the muddy condition of the river or in the run of fish, and the cutlook for the coming few days is not hopeful. Persons arriving from Cathlamet today say the river is even in a worse condition there than it is here, so no change for the better can be expected for several days.

BOGATYR MAY BE OUT AGAIN Russia Suspects She is With the Vladivostok Squadron.

ST. PETERSBURG, July 15 .- It is pos sible that the fourth ship of the Vladivostok squadron now off the Japanese coast is the cruiser Bogatyr, as the repairs to that vessel were known some time ago to

have been nearly completed. A private letter received here from Viadivostok, dated June 26, gives the first authentic account of the mishap to the Bogatyr, from which it appears that the cruiser, with Rear-Admiral Jessen on board, went out in pursuit of a Japanese cruiser. The fog was so thick that the Captain caused his protest against navi-gating the Bogatyr to be entered in the log book, but Rear-Admiral Jessen insist-ed on proceeding.

A few minutes afterward the cruiser struck on the rock. Mines were immediately placed around the vessel as protection against the Japanese, and it required a week for the other Russian cruisers to haul the Bogatyr off. She was drydocked May 25, and it was then supposed that the injuries would be repaired in five weeks. Vice-Admiral Skrydion's order of June

25, reporting the successful floating of the Bogatyr, with the congratulations of Vice-roy Alexieff, was published this morning. With the approaching departure of the Baltic squadron for the East, extra precautions are being taken to prevent the publication of the movements of the ships. The newspapers are strictly forbidden to mention the names of the vessels.

The army organ believes it is scarcely possible for General Oku to advance until the Takushan column reaches Tang Chi. It points out that before Kaichou it took 18 days for Oku to cover 20 miles, arguing that his slowness may be due to hesita-tion as to where to deliver a blow, and possibly it is his intention again to devote

his chief energies to Port Arthur.

The Novoe Vremya today says: "The British must not compare the present conflict with the Boer War. They had 30,000 Boors against Great Britain. We have 500,000 Japanese against us. Negroes Enter Plea and Are Sentenced in Half an Hour.

OFFICERS FEAR A LYNCHING

Assailants of Young Woman in New Jersey Are Given Forty-Nine Years Each, and Taken to Prison by Military.

MOUNT HOLLY, N. J., July 15.—Aaron Timbers, William Jones and William Austin, negroes, who confessed to assaulting Miss Einie Biddle, of Burlington, N. J., today, were sentenced to 6 years each in State's Prison, after a record-breaking trial. The men arrived in Mount Holly at 1:15 P. M. Less than half an hour later they had pleaded gullty, being given the extreme penalty of the law, and had started for prison. A crowd at the rail-road station hooted the prisoners, but a company of militia preserved order.

Trenton was reached at 2:30 P. M., and the men had begun their sentences at 2:45 Judge Gaskill tonight explained the swift methods employed in sending the three ne-groes to the State Prison. He said:

The rapidity with which the cases of the three assailants of Mrs. Biddle were tried, sentenced and sent to prison was due to a meeting of 200 men at which arrangements were made to blow open Mount Holly Jail tonight, secure the three negroes and lynch them. It was the women of the county that drove the men to de termine on desperate measures."

BLAMES PARTNER IN CRIME.

Italian Tells of Cold-Blooded Murder of a Man and His Sister.

BELMONT, N. Y., July 15 .- The whole story of the murder of John van Gorder and his half-sister, Anna Farnham, at the Van Gorder homestead, near Agelica, on the night of May 3, was told on the wit-ness stand by Gulseppe Versacia, one of the slayers. Versacia made a desperate effort, by putting the brunt of the crime on Antonio Giorgia, who was convicted yesterday, to secure a life sentence, but after 15 minutes' deliberation, the jury returned a verdict finding him guilty of murder in the first degree. Pasquale Olivia and Sebastino Pizzatti, also indicted for the murder, were discharged. Versacla's story of the crime follows:

"On the night of May 2, Giorgia and I walked to Van Gorder's and hid until dark. Then we went into the house. Mr. Van Gorder passed me a chair and I sat down. Just then Giorgia drove two knives into the man, one with each hand, and killed him. Turning to me, he said, 'kill the lady, or I will kill you both. was afraid, and I drove my sheath-knife into her body and she fell. I then ran into the road. Giorgia came out 15 minutes later. He had a bundle in his hand. I said, 'Why do you kill this man and woman?' and he said, 'Because they have money.'

We struck across the fields, and met Olivia and Pizzatti. We walked to Swain Station, where we took a train to Buffalo. The next day we were arrested."
A year ago Giorgia and Versacia came from Italy, where both had served terms

in prison for criminal offenses AMATEURS HOLD UP TRAIN.

One of Number is Badly Hurt, and They Do Not Molest Express.

HOUSTON, Tex., July 16.-Train No. 1 was held up tonight at Keechi, station about 30 miles west of Palestine. There were five bandits in the party, all young men and apparently very much amuteurs. They dynamited the express car without detaching it from the train and blew in the end of the second-class coach, but without injuring any of the

passengers. One of the robbers was apparently hadly hurt, as the explosion appeared to be premature, and he was observed to be covered with blood. The robbers secured nothing, not molesting either the express or the mail, and gettink away as fast as possible after their comrade was hurt. Fireman Hiram Muse jumped from the locomotive as the train slowed down, ties having been piled across the track, and hurt his shoulder, but not seriously. None

of the passengers was molested.

The Adjutant-General has been notified and a special train with Sheriff Henry Watts, his dogs and a posse left Palestine early this morning for the scene of the hold-up. A squad of rangers is stationed near the scene of the hold-up, and it is probable that they will be put on the case at once. It is anticipated that arrests will be made shortly, as the bandits are said to be country lads raised in the

KILLS WIFE AND CHILD.

Merchant Fires Shots While They Are Asleep, Then Ends Own Life. BUFFALO, N. Y., July 15 .- Edgar T.

Washburn, of the grain firm of Heath-field & Washburn, shot and killed his wife and 15-year-old daughter today at their residence and then committed suicide.
It is believed the deed was committed while Mr. Washburn was suffering from a temporary fit of insanity. He had written a letter to a relative recently, saying he was having trouble in business The tragedy was discovered by a relative who called at the Washburn house shortly before noon. When the police arrived they found Mrs. Washburn and her daughter lying dead, side by side in bed. Washburn was dead on the floor at the foot of the bed. Evidently Washburn shot the girl first as she lay in bed. When Mrs. Washburn, aroused by the shot, partly raised herself in bed, Washburn fired the second shot, the bullet entering the woman's left temple and causing instant death.

Washburn then picked up a mirror to take aim and shot himself in the right temple. Washburn was an ardent spirit-ualist. When he first entered the grain business, it is said, he was fortunate, and he attributed his success to advice re-ceived through mediums.

NEW YORK, July 15.-Two highway-men, in silk hats and white kid gloves, sandbagged William Graftney, a wealthy contractor, in Tremont avenue, the Bronx, and robbed him of \$140, a diamond pin and a gold watch and chain. The men were driven to a hotel in Tremont avenue in a stylish carriage by a coachman in livery and there met Graftney. They induced him to go with them a few steps from the hotel, where they robbed him and left him unconscious.

They were then driven away in their carriage and escaped their pursuers, who
