ONLY CIVIL SERVICE MEN TAKEN War Department Makes Statement Regarding Strike at Barracks.

WASHINGTON, July 21.-The strike of the bricklayers at the Washington barracks has been brought to the attention of the War Department in a report submitted by Captain Sewell, the officer in charge of the work. The Department's report is not made public, but an official said it was a recital of facts already known. After a conference with Acting Secretary Oliver today General McKenzle, chief of the Engineers of the Army, issued the following statement concerning the trouble at the barracks:

"The matter of the so-called strike of bricklayers at Washington Barracks is being given a prominence, in my opinion, not justified by the facts.

"All the employes in mechanical trades and skilled labor are secured by the Gov ernment under civil service rules and regulations, and when vacancies occur such vacancies are to be filled under civil service rules.

In the present instance it is understood Z brickiayers have quit work. The only thing to be done in the matter is for the officer in charge to secure substitutes as required by civil service law, as in the case of any other vacancy, and if cannot be obtained, to report the to his superior and await instructions. "Of course, if workmen cannot be ob-tained in the manner provided by law the work will have to be suspended.
