E.C. MORSE AT HOME

Drugged and Robbed Missing Man Returns.

SEVEN DAYS BLANK TO HIM

Remembers Leaves Irvington Racetrack August 17, and Came to His Senses at Bend, Or., Sunday, Less \$228.

E. C. Morse, who mysteriously disappeared last Wednesday, arrived home last evening on the 5:25 o'clock train of the O. R. & N. Co. from Biggs, and told a remarkable story of his adventures during the past five days. He was undoubtedly the victim of foul play and was doped and robbed, and his clothing was even changed, but for what purpose this was done is not clear. He partially regained usness at Bend, a small town in Crook County, over 150 miles from Portland, on Sunday last. His mind continued to be hazy for a long time afterwards, however, and it was only by degrees that he could tell the people at Bend who he was and of his desire to communicate with his wife and relatives and inform them that he was still in the land of the

living and of his whereabouts.

The first news received from him in Portland was by his sister, Mrs. J. W. Hutchinson, with whom he communicated by telephone from Biggs, the junction of the Columbia Southern and O. R. & N. railway lines, in Sherman County. This was at 1 o'clock yesterday afternoon. He informed her briefly of his strange experience and conveyed the information that he was coming home on the after-

The wife of the missing man, who has spent sleepless days and nights mourning for him, was overloyed at receiving the news, and it was a happy crowd of relatives and friends that met Morse upon the arrival of the train at the East Side depot. He is still suffering from the effects of the rough treatment he received, but is expected to regain his

Health in due course of time.

The story he related, while unquestionably true, sounds like one of fiction, and astounded its hearers. said he remembered being at the Irv-ington racetrack on Wednesday, Au-gust 17, and from that time until Sun-day morning everything was a com-plete blank. On Sunday he began to come to himself, and on inquiry ascer-tained where he was, but had no recol-lection of how he came to be so far away from home. His mind gradually cleared somewhat and he said he remembered he had won about \$100 at the membered he had won about \$100 at the racetrack, and that he had \$115 on his person when he went to the track. On examining his pockets at Bend he found only \$17. He said that he recellected meeting a short man on the street-car when he started to go home from the races, who Joshed him about having won money. He said he had no further recollection of things until his senses came to him at Bend. He took the first stage for Biggs, a distance of 100 miles, and tried to com-municate with relatives from Prineville and Shaniko by telephone, but was unable to secure connection with Port-land, and therefore telephoned from

Biggs.
Mr. Morse is satisfied that he was drugged and robbed, and he still suffers from the effects of the drug, and has a very severe cold, which he caught on the trip. Whoever was with him He also had a white silk muffler in his pocket which he did not have before. A ring with a garnet setting, given to him by his mother as a birthday present, was stolen. He also had a package containing two core. age containing two common shirts and a pair of overalls, which someone at the hotel at Bend insisted belonged to him. Mr. Morse is resting at his home Wiberg Lane and will probably be well again in a few days.

WITH FLOUR TO JAPAN.

Nicomedia Will Take Out Shipment of 5500 Tons.

With a cargo of 5500 tons of flour, the German steamship Nicomedia, of the Portland & Asiatic line, will start on her return voyage across the Pacific before the end of August. She will be given as quick dispatch as possible and the cargo on board is now being hurried from her hold. The flour will go to Japanese and Chinese ports, and she will carry little other merchandise. The big Pacific Mall liner Manchuria

was scheduled to leave San Francisco for the Orient with flour yesterday, but was delayed until today. By the first week of September some 15,000 tons or more of flour will be affoat on its way to the Orient. It is also probable that other large shipments of flour to the Orient will soon be made.

The Nicomedia arrived in the lower harbor early yesterday morning. She had on board 6529 tons of general cargo. Tea was by far the largest item, there being 20,000 cases on board. Five hundred tons of rice and a quantity of gunnysacks and carios are other items on her list. When four days out of Yokohama, the Nico-media spoke the Aragonia. The Japanbound vessel was informed that the Rus-sian fleet was in the neighborhood, and her captain consequently headed more to the northward, and was not captured.

MEET CUNARD LINE'S CUT.

Steamship Companies Announce Re-

duction of Passenger Rates. NEW YORK, Aug. 21.-All the leading transatiantic lines have now reduced min-imum first and second cabin rates, east bound, to meet the Cunard reduction made several days ago. The North German Lloyd and the French line were the last to take part in the cut rate war by announcing sweeping reductions in the first-class rates both to Plymouth and Cher-bourg, and to Bremen on the largest vessels on the line, and also on steamships of the smaller class. On fast steamers of the German line the minimum firstclass rate to Plymouth and Cherbourg was cut \$40, and a reduction of \$30 was made in the same class rate to Bremen. A cut of \$30 was announced in the first-class rate to Plymouth and Cherbourg on ves-sels of the smaller type, and of \$30 to

On the other French lines a cut of \$30 was made in first-class and of \$30 in second-class cabin rates.

SAN FRANCISCO, Aug. 23.—Collector of Customs Stratton today received word from the Secretary of the Treas-ury at Washington to the effect that, until otherwise ordered, foreign vessels will be allowed to do business be tween Ancon, Panama and ports of the United States. Being within the Panama Canal sone, merchants and import-ers assumed that Ancon would be regarded as a coastwise port, and for-eign vessels would be debarred from carrying freight between that port and ports of the United States. GET QUICK DESPATCH.

Two Steamers, Soon to Return, Are Rapidly Loaded With Grain. Remarkably quick dispatch was given two steamers now on their way to San Francisco with grain, The steamship Leelanaw left down the river at 2 o'clock yesterday afternoon with close to 2500 tons of wheat on board. She came from Puget Sound with 1500 tons, arriving here Monday afternoon, and 1577 tons addi-tional was hurried on board.

tional was hurried on board.

The steamer Francis H. Leggett, now at sea with a log raft, arrived up Friday morning. She was docked and 1850 tons of wheat placed on board. By noon Monday the vessel was at sea with her tow. The Leggett will return for another cargo and grain and a log raft. Like the Lecianaw, which will also probably return soon, the Leggett was consigned by Taylor, Young

Freighter, Now in New York. NEW YORK, Aug. 22.-Coming direct from the yards of her builders at New London, Conn., the steamer Minnesota, the largest American-bullt vessel afloat in point of tonnage, is here, flying the flag of the Great Northern Steamship Company, of New York, for whom she was built by the Eastern Shipbuilding Company, of New London. The Minnesota will ply between Tacoma and Seattle and the Far East. While the Minnesota is to be classed as a passenger ship, she is intended to carry enormous cargoes of freight across the Pacific. She has a speed of 15 knots, is 630 feet long, 7314 feet broad and has a net tonnage of 13,323.

Fire on Grand Avenue Destroys Stores and Barn.

LODGE REGALIA IS FINE FUEL

Apparently Started by Incendiary, the Flames Soon Reach Gasoline Tank and Spread Rapidly to Larger Building.

Fire, which is supposed to have origmated from the match of an incen-diary, completely gutted the large frame building at the corner of Hawdiary, thorne and Grand avenues between the hours of 11 and 12 c'clock last night and caused an approximate loss of \$10. 600. The building was occupied on the ground floor by the grocery establish-ment of Graham & Bellamy, a small bakery and confectionery store, and a meat market. The upper floor con-tains the lodge-rooms of the Multno-mah Hive, No. 67, K. O. T. M. Five borses confined in a barn at the rear of the building met death in the

The fire started in a small shed in the rear of the building. The shed contained the oil and gasoline tanks of the grocery. The flames were first seen issuing from the roof of the shed by Inspector H. W. Scott, of the Portland General Electric Company. Mr. Scott was standing at the corner, and when he saw the flames he started across the street to investigate, but before he specified the whole the flames had the flames he started across the street to investigate, but before he eached the shed the fire reached to the oil tank and burst forth with great fury, immediately setting fire to the

ear of the large building. Mr. Scott turned in the alarm and the companies readily responded. Owing to the start of the flames the work of fighting the fire was very difficult. As soon as it became known that there As soon as it became known that there were horses confined in the barn at the rear of the building, an attempt was made to save them. Three were led to safety, but the other five stubbornly refused to move from the blazing barn and were burned to death.

From the rear of the building the flames entered the second story and

completely gutted the lodge-rooms, de-stroying comparatively all of the re-galia. The lodge had been in session but a few minutes before the fire broke out, and some of the members who were still in the vicinity attempted to save the regalia, but were driven back by the flames before much could be The grocery store of Graham & Bel-

amy was gutted by the flames, and the stock and fixtures will be almost a total loss. A large quantity of gaso-line in the bakery exploded, and the flames leaped high in the air. The meat market, and the real estate office of J. S. Foss, the owner of the building, were also burned out.

All cars were blockaded and it was necessary to turn off all electric currents, owing to the burning of the poles in the vicinity and the falling of the wires.

It is estimated that the loss will approximate \$10,000. The building itself presents a loss of \$3500, and was fully insured. The loss to Graham & Bel-lamy in stock and fixtures will amount to \$3000. The loss of the Maccahees will amount to about \$200 and is cov-ered by insurance. The loss to the bakery and meat market will amount to \$2000. The barn containing the horses is a total loss and will swell the loss to the \$10,000 mark.

HE WANTS NO LAWYER.

Apostle Creffield May Plead His Own Cause.

Apostie Edwin Creffield does not want n attorney to appear in his defense. He thinks lawyers are sinful, and still asserts that the Lord will take care of him during his trials and tribulations. Creffield was arraigned before Judge George yesterday on a charge of adul-tery with Mrs. D. Starr, wife of B. E. Starr, and pleaded not guilty. The date of his trial was not set, but will be early in the September term. He appeared in the courtroom clean-shaved, his hair neatly combed, and altogether he made a very presentable appearance. He was ac companied by Harvey Moreland, Deputy Sheriff. Creffield smiled pleasantly as Deputy District Attorney Moser read the formation, and when the reading had een concluded responded promptly when

"Have you an attorney?" asked Judge deorge. "No. I do not want one, thank you,

"When your case comes to trial have ou means to employ an attorney?"
"No, I have no means."
"Then when your case is set for trial

the Court will appoint an attorney to de fend you."
"I do not desire one," said the Joshua

of the Holy Rollers, but Judge George paid no attention to the remark and or-dered the officer in charge to remove the man to the County Jail. Creffield will not state what his line of defense will be, but it will probably be of a sensational nature.

Suit Over a House.

Suit for \$1900 damages was filed yesterday in the State Circuit Court by George H. Howell and wife against the Haw-thorne estate and Cate & Powell, because of the alleged failure of the de-fendants to erect and complete a certain swelling-house in a workmanlike manner. The complaint recites that on February 5, 1903, the Hawthorne estate and Cate & Powell, its agents, agreed to erect for rowell, its agents, agreed to erect for Mr. and Mrs. Howell a frame dwelling-house comprising two stories and a basement for \$2823 on the east half of lots 7 and 8, block 254, Hawthorne Park, according to agreed plans and specifications. It is alleged that interior plaster was used and the saved in the saved and the saved was used and the same is now breaking, and the walls of the house are unfit for use: also that the roof was improperly constructed, and leaks, and the house is unfit for habitation. By reason of the fail-ure and neglect of defendants to erect the house in a proper manner, the damages complained of are said to have been suf-

GAMBLING CASES DISMISSED BY JUSTICE REID.

District Attorney Manning Says Not Sufficient Evidence Was Obtained by Officers.

On motion of District Attorney Man ning, the cases against 23 Chinese charged with violation of the gambling laws, were dismissed yesterday in the court of Justice Reid. They are the same Chinamen who were made victims o an excessive fine purporting to come from orders of the kangaroo court on the night of their arrest. The only reason given by the District Attorney when he asked the Justice to dismiss the cases was that there was not sufficient evidence upon which to hold them to a higher
