New Town Unharmed by Shells.

The Tientsin correspondent of the Standard, discussing the distance the Japanese are now from Port Arthur, declares that they are unable to approach nearer the new town, owing to the fire from the Russian ships. The Japanese commander, the correspondent says, has ordered that no shells be thrown into the town, for the sake of the noncombatants.

The attempt to attack the forts from he outside lines, both to the westward and eastward, will advance from the north with a view of assaulting the forts from the inside. The correspondent adds that owing to the extensive mine area the operation of the fleet is difficult.

Attacking Japanese Mowed Down Before Port Arthur.

LIAO YANG, Aug. 25.-(Delayed in transmission.)—Numerous reliable reports which have reached here through a dispatch-carrier and other persons are to the effect that despite the extreme Japanese measures of the past fortnight to perfect a blockade of Port Arthur by means of sinking all the junks near that place, the Russians outside Port Ar-thur are considerably underestimated, as is also the existing power of the fortress, which is likely to hold out for two months and possibly until January, even under such a strength of assault as the Japan

contrary to the belief here that the Japanese had taken the outer forts at Port Arthur, it is now understood that the Russians, up to August 15, were successfully defending a five-mile circumfer-ence and that although the old town was receiving an average of 15 Japanese shells daily, the restaurants and clubs, properly safeguarded, continued open and there was order throughout the town. The Japanese occasionally shelled the new town and often attempt to rush the outer trenches, sometimes arriving to within to hold their own in consequence of the

First Address Without Reference to Politics Since Leaving Washington on His Western Political Pilgrimage for the Party.

TACOMA, Aug. 28.-Leslie M. Shaw, Secretary of the Treasury, arrived in Tacoma today at 4 o'clock on his Western trip under the direction of the National Republican Committee. He was met at the depot by a large delegation of former residents of lowa, most of whom were personal friends of the Secretary. In the delegation were two men who were in college at Mount Vernon, Ia., at the time he was a student there and who were present when he graduated in 1877. Others had known him intimately during the early part of his political career. Exports.

WASHINGTON, Aug. 28 .- According to a statement given out today at the Bureau of Insular Affairs, the Philippine import trade advanced nearly \$2,000,000 in valu during the nine months ended March last, and a slight falling off is shown in the exports as a result of decreased shipments in copra and sugar, although hemp and tobacco are exported in larger amounts than for the corresponding three-fourths of the previous year.
Excluding gold and silver and United States Government purchases, the Custom-House returns, the "total value of merchandise imported for the nine months ended March, 1904, at \$25,927,024, and the exports at \$22,256,169, a 7 per cent in-crease in imports and 2 per cent decrease

The ricegrowing sections of the British and French East Indies have enjoyed most of the increase in trade, the latter territory sending three-fourths of the \$10,000,000 worth of rice received.

Except for those countries from which ice is obtained the statement says that or the first time since American occupation, the United States leads in the amount of merchandise sent to the islands and that the outgoing trade with the principal countries shows a decline in the value of shipments to the United States, more than \$700,000 of the loss being cred-

ited to sugar exports and \$600,000 to sisted of food and animals, while the exports were chiefly agricultural products, nemp exports amounting to \$15,000,000 in round numbers. The figures on the carying trade show an increase in volume of business done under the American flag, the amount carried to the islands being \$1,535,627, while \$2,237,805 of the exporta left the Islands under the American flag. The British vessels took \$18,172,819. The sugar trade declined from \$2,479,-001 to \$1,827,074, the entire output being sent to Japan, Hong Kong and China, no portion being exported to the United States. Americans made up more than one-half the total arrivals, the greater

Tired, Tired

Tired. That one word tells the whole story. No rest. No comfort. No particular disease. Just all tired out. Fortunately, physicians know about Ayer's Sarsaparilla. They prescribe it for exhaustion, anemia, depression, general debility. No matter what alls you nor what medicine you take, you cannot get well if your bowels are constipated. Correct this at once by taking Ayer's Pills, just one pill each night. These are a great aid to the Sarsaparilla.
