"LET ROOSEVELT BE ISSUE"

Reception Committee Went to Wrong Dock, so Visitor Wandered About the Water Front, Looking for His Hosts.

SEATTLE, Wash., Aug. 28 .- (Special.)-Hon. Leafle M. Shaw, Secretary of the Freasury, opened the Republican campaign in Seattle tonight, speaking before an audience that crowded the Grand Opera House to overflowing. Secretary Shaw's audience was enthusiastic to the point of continually interrupting him by applause—a "warm audience," as the the-atrical profession would term it; not the wild, cheering crowd that greets a "speli-binder." The fact is that Secretary Shaw's speech and manner of delivery does not invite a demonstration of wild enthusiasm. He had a fund of dry humor; a clear, pleasant voice and a delivery that has something ministerial about it. He is a speaker one delights to hear, though anything but a noisy politi-

cal orator. The keynote of Secretary Shaw's, addrees was sounded early. It was this: "The Democratic party appeals to the voter as a consumer; the Republican

party as a producer."

It was upon this text that he built up a strong argument in favor of a protective tariff that ram through his entire speech, cropping out even as he discussed financial, territorial and trust questions "If as a consumer a satisfactory price can be found, then the Democrats claim people will be happy and satisfied," he elaborated upon his theme.

"If any one in the world can produce goods cheaper than America, let us go there. It is immaterial where it is produced so long as it is cheap. The Re-publican party, appealing to the producer declares in favor of saving the American market and giving to the producer, be he the man with labor to sell or the man with manufactured goods, the highest possible price."

Again Secretary Shaw spoke of the Democracy and its changing platform, declaring: "It seems to me the Demo-cratic leaders have manifested more anxdeclaring: lety to discover an issue upon which they can win their campaign than to teach the people something they can do for the Mr. Shaw's direct reference to the Presi

dent was brief. It was a declaration that he welcomed the Democratic claim that Roosevelt would be the issue in the cam-paign. He declared that Roosevelt's name mentioned in any Democratic meeting west of the Alleghanies would be greeted by cheers, then added:

'No critic has said he is wanting in integrity; no one has said he lacks cor age; no one has said he can be controlled; they have been unable to find anything he has done which, measured by the re ults, has been wrong."

Secretary Shaw leaves for Portland Tuesday morning. He arrived in Seattle on the Revenue cutter Grant, after hav-ing visited the Puget Sound Navy-yard on his way to Tacoma. A reception committee, headed by Mayor Ballinger, went to the wrong dock to greet the Secre-tary and he landed alone with W. M.
