

Epps, a prominent and prosperous planter who was shot to death Saturday night near Bradfordville, Isum Edwards, Jr., the negro who did the shooting, acknowl-edged that a "before day club" had been organized in the county and that a num-ber of prominent white men had been picked out to suffer death.

The negro Edwards implicated a num-ber of other negroes, and tonight there are eight negroes in the County Jall at Live Oak. They were taken there today on a special train. It is reported that emblems of death have been found on the trees in several plantations of the best citizens of that section. It is supposed they were placed there by members of the club.

A shrapnel shell which burst over the station wounded two nurses, one of whom has since died. "The hottest fighting was on August 30 and 31, when the repeated assaults of the enemy were all repulsed. Ammunition could not be brought quickly enough, and

the men at times actually stoned their ssallants. "Many companies had all of their officers killed or wounded, and the men fought under noncommissioned officers.

'Many of the Japanese wounded fell into the Russian trenches and could not possibly be removed when the retreat commenced and had to be abandoned. Others more unfortunate fell between the lines, and we could not bring them in. The Japanese could not remove them, and they lay most of the day and night exposed in the line of fire. United States Desires Decision on What is Contraband Goods.

ST. PETERSBURG, Sept. 5.-Foreign Minister Lamsdorff is being pressed by Ambassador McCormick for an answer to the representations of the United States in regard to the cargoes of the Portland & Asiatic line steamer Arabis, and the Brit-ish steamer Calchas, both cuptured by the Viadivostok squadron, the Calchas, while bound from Puget Sound for Japan. It is understood that the United States now goes to the extent of asking for the release of the cargoes.

The Foreign Office, however, is unable to give a definite response to the representations made pending the decisi of the commission which is examining the question of contraband of war. The ommittée is not making much progress owing to the position taken by Grand Duke Alexander Mikhailovich, head of the Department of Mercantile Marine, and brother-in-law of the Emperor and Grand Duke Alexis, the High Admiral and uncle of His Majesty, who are standing out against the American and British view of foodstuffs as conditional contraband, on the ground that if the contention is al-
