MOISTURE FROM FOG

Gardens and Pastures in Coast Counties Slightly Benefited.

THRESHING NEARLY ENDED

Few Hopyards Remain to Be [illegible] Yield of Early-Planted Potatoes Is Very Disappointing.

[illegible]ES DEPARTMENT OF AG[illegible]mate and Crop Service, Port[illegible] the weather during the last [illegible] smoky, with warm days [illegible] nights; fogs occurred in [illegible] on several mornings, and [illegible] coast counties there was [illegible] moisture from them, which [illegible] to gardens and pastures. [illegible] in scattered portions of [illegible] the Grand Ronde Valleys. [illegible] was rapidly pushed to completion, and only a few yards remain to be finished up. The yield continues below average, but the quality is very good. Early planted potatoes are being dug; the yield is very disappointing. Late potatoes continue to do poorly on account of lack of rain. The third crop of alfalfa is about ready for harvesting, and some cutting has been done in portions of Eastern Oregon.

But little plowing or seeding was accomplished, as the soil is too dry for working. In the Willamette Valley a few fields have been "disked" in on ground plowed last Spring.

Corn is ripening nicely; the ears are large and well filled, and on the whole the crop promises well. Pastures are very dry and stock is losing flesh.

Prune-drying is progressing rapidly in Southern Oregon. In the Willamette Valley the fruit is rather slow in ripening, and picking and drying will not be general much before next week; the crop is very light. Late apples, while rather small, promise abundant yields; the early varieties continue to drop more than usual.

Coast District.

Bay City, Tillamook County, Captain J. J. Dawson—Dry week so far as rain is concerned; but plenty of wet fog at night, which kept vegetables and low-ground pastures growing; prune picking and potato digging progressing nicely; crop good; buckwheat ripening; milk supply still falling.

Corbin, Curry County, W. T. White—Weather dry, with some fog along the coast at night; apple crop good, though not quite ripe yet.

Willamette Valley.

Montavilla, Multnomah County, A. D. Sullivan—Weather dry, with cool mornings; atmosphere very smoky; harvest completed; prune picking in progress; crop very light, and in some places almost a total failure; pasturage in the open places all dried up, although there is still some browsing in the woods.

Tualatin, Washington County, George Galbreath—Dry and smoky, with heavy dew at night; late potatoes continue to dry up; hop harvest will be finished early next week; light frost the first of the week.

Silverton, Marion County, J. F. Davis—Cool, but very smoky; hop harvest practically completed; yield a little light, but quality unsurpassed; some fall seeding being done; rain badly needed for potatoes and pastures; corn doing well; prune harvest in progress; crop rather below average.

Philomath, Benton County, W. H. Boles—Weather cool and smoky; hop picking in yards here completed this week; yield short; prune drying begins next week; fair crop on high lands, but on low lands a failure; potatoes light; corn ripening; fair crop, considering the weather.

Elmira, Lane County, J. A. Fountain—Weather continues dry and smoky; nights cool and foggy; gardens poor; fruit ripening fast; threshing completed; crops below average.

Southern Oregon.

Riddle, Douglas County, George W. Riddle—Dry, cool and very smoky; rain needed; prune drying in progress; crop light; range dried up; potatoes below average.

Kerby, Josephine County, E. F. Meissner—Dry, with heavy fog and smoke; irrigated crops in fine condition; stock getting thin; some dry plowing and seeding done; Winter apples a good crop; grapes ripe and in the market.

Columbia River Valley.

Weston, Umatilla County, M. M. Baker—Weather continues hot and dry; wheat nearly all hauled to warehouse; plums and prunes ripening, but crop will be less than usual; apples scarce, and potatoes will probably be a light yield.

Simnasho, Wasco County, J. O. Ashenhurst—Weather cool and dry; threshing in progress.

Plateau Region.

Baker City, Baker County, W. C. McGuiness—There has been no rain since August 28; previous to that date no rain had fallen, except a trace, since August 3; but 0.07 of an inch has fallen in six weeks; this is unusual for this vicinity; stock ranges, even in irrigated territory, are suffering for want of water and becoming very dry; plenty of fruit in the markets.

Owyhee, Malheur County, J. M. Harris—As we still have plenty of water in the Owyhee ditch, crops are not suffering from continued dry weather; third crop of alfalfa is now being cut and is fine; grain crop good; prunes are fairly good and are being gathered and shipped; apples wormy.

A. B. WOLLABER,
Acting Section Director, Portland, Or.

General Crop Report.

WASHINGTON, Sept. 20.—The Weather Bureau's weekly summary of crop conditions says:

Frosts occurred as far South as Oklahoma and Tennessee, but little or no damage resulted, except to tender vegetation in the central valleys and to unmatured crops in Wisconsin, Minnesota, the Dakotas and Montana. The conditions were generally favorable in California, but drouth was injurious in Oregon, and no rain fell in Washington.

A light and inferior crop of apples is indicated in a majority of the states of the Central valleys, but in Michigan and Ohio and the northern portion of the Middle Atlantic States, as well as in New England, this fruit is plentiful.

Plowing for Fall seeding has been delayed by dry soil in the Indian Territory.

Boston Wool Market.

BOSTON, Sept. 20.—A resumption of the activity noted last week in the wool market is one of the features of this week's trading. The total sales have reached a high figure. While all grades have been in request, there has been an especially good movment in scoured wools, speculative tendency having caused them to change hands freely. The market for pulled wools is firm, with moderate offerings. There is a good demand for territory grades. Foreign wools are steady. Quotations follow:

Territory—Idaho, fine, 18@18½c; heavy fine, 15@16c; fine medium, 18@18½c; medium, 19@20c; low medium, 21@22c.

Wyoming—Fine, 16@17c; heavy fine, 15@16c; fine medium, 17½@18c; medium, 20@21c; low medium, 22@23c.

Utah and Nevada—Fine, 17@17½c; heavy fine, 15@16c; fine medium, 17½@18c; medium, 20@21c; low medium, 22@23c.

Montana—Fine, choice, 20@21c; fine average, 19@20c; fine, medium choice, 20@21c; average, 19@20c; staple, 22@22c; medium choice, 22@23c; average, 21@22c.

Metal Markets.

NEW YORK, Sept. 20.—Tin reacted somewhat in the London market, where it closed at £127 17s 6d for spot and £128 7s 6d for futures. Locally, the market, sympathizing with the foreign weakness, was also lower, closing at 27.75@28c.

Copper was unchanged at £58 5s for both spot and futures in the English market, but was a little firmer here, with Lake quoted at 12.75@13c; electrolytic, 12.75@12.87½c, and casting, 12.50@12.62½c.

Lead was unchanged at £11 16s 3d in London, and at 4.20@4.30c in the local market.

Spelter was unchanged in both markets also, the London quotation remaining at £22 10s, while 5.10c to 5.20c is quoted locally.

Iron closed at 50s 10d in Glasgow and at 43s 1½d in Middlesboro. Locally, iron was unchanged; No. 1 foundry Northern is quoted at $13.75@14.25; No. 2 foundry Northern, $13.25@13.75; No. 1 foundry Southern and do soft, $13.50@13.75.

Dairy Produce in the East.

CHICAGO, Sept. 20.—On the Produce Exchange today the butter market was steady; creameries, 14@19c; dairies, 12½@16c. Eggs, firm, 14@17¾c; firsts, 18c; prime, firsts, 20c; extras, 22c. Cheese, firm, 8¼@9c.

NEW YORK, Sept. 20.—Butter—Firm; state dairy, common to extra, 13@18½c. Cheese and eggs, unchanged.

SHORTAGE IN CORN CROP

HAS FAR-REACHING EFFECT IN STOCK MARKET.

Union Pacific's Successful Resistance to the Decline—Money Continues to Harden.

NEW YORK, Sept. 20.—An expert estimate of only 1,900,000 bushels of corn, which was given to the public, caused a momentary jump in the corn market, which was more than lost before the day was over, while the decline in stocks was partly relieved. But that estimate was reinforced today by the expressed credence of President Hill, of the Great Northern Railway, and was thus given renewed influence on stocks. The consequence was a decline in prices, which affected not only the corn-carriers, but the stock-carriers, the grangers, Pacifics, coalers, trunk lines and, in fact, every department of the railroad list. The estimates of the crop, based on conditions past, were given added force by the weather reports showing lower temperatures in the Northwest. The weekly crop bulletin of the weather bureau was somewhat ambiguous and obscure in its expression, but offered little to cheer the more apprehensive over either the corn or the cotton crop.

Some of the recent strength of the steel stocks has been based on the advantages expected to follow the cut in billets. Amalgamated Copper offered some temporary resistance to the decline, due to an advance in bids on copper, but ultimately yielded to a more effective resistance offered by Union Pacific, which was 1½ over last night. This argued that Union Pacific's corn territory is safe from frost damage, and this statement may also have been intended as a reassurance to some current rumors regarding the health of the head of the system.

It could not be learned that there was any actual calling of loans on the Stock Exchange, but the tone of the money market plainly continues to harden, and the prospect of retrenched credits was undoubtedly a factor in the liquidation of stockholdings. Declines were fairly uniform at between 1 and 2 points, but wide declines in a few high-grade investment stocks were a feature. Such closely held stocks are easy to bid up for effect in a bull market, and the abandonment of protection for the high level is likely to be significant of the speculative mood of those who advanced the price previously for effect. Missouri Pacific's poor showing of net earnings for July cost it an extreme decline of 2¼. Union Pacific was turned against the bears when they began to cover to take profits in the final dealings, and some brisk rallies resulted, but the close was feverish and unsettled.

Bonds were weak. Total sales, par value, $3,865,000. United States bonds were unchanged on call.

LIVESTOCK MARKET.

Prices at Portland Union Stockyards Yesterday.

Receipts at the Portland Union Stockyards yesterday were 1400 sheep, 100 cattle and 80 hogs. The following prices were quoted at the yards:

CATTLE—Best steers, $3; medium, $2.75; cows, $2@2.50.

HOGS—Best large, fat hogs, $5.50@6; medium large hogs, $5.

SHEEP—Best Eastern Oregon and Valley, $3@2.25.

Montana Stock Movement.

GREAT FALLS, Mont., Sept. 20.—Last Fall's slow cattle movement in this part of Montana has been succeeded by a movement three times as heavy, and the Great Northern is kept busy supplying cars for the extensive shipments to Chicago, a condition which is both unexpected and surprising, in view of the packers' trouble, which tended to demoralize the market, and the shape beef cattle are in. Trainload after trainload has gone out from various Northern Montana shipping points, such as Great Falls, Fort Benton, Big Sandy, Conrad, Cascade and others. This movement has been in progress for two months, and bids fair to continue.

Prize Goats for St. Louis Fair.

MONMOUTH, Or., Sept. 20.—(Special.)—Riddell & Sons shipped today a car of registered Angora goats for the St. Louis Exposition, the load consisting principally of billies, and among the number they will enter five in the prize contests. In the same car J. B. Stump also shipped some 30 Angoras, and they were all as choice a lot of goats as were ever sent out of the state. They are all registered, and show the excellence of the respective breders.

Lamb Shipments From Meacham.

LA GRANDE, Or., Sept. 20.—(Special.)—The J. E. Smith Livestock Company, of Meacham, 25 miles west of La Grande, is shipping out 12,000 lambs to San Luis Valley, Colo., this week, for which the company is realizing $1.75 per head. They are nearly all coarse animals, and mostly of the Shropshire grades, and all are said to be very profitable for the mutton market.

COLD WAVE IN NORTHWEST

GIVES WHEAT PRICES STRONG START AT CHICAGO.

Firm Tone of Foreign Markets and Bulge in Corn Also Have Influence on Values.

CHICAGO, Sept. 20.—Active covering by shorts as the result of a cold wave in the Northwest caused a net advance of 1⅜c in the price of both wheat and corn here today. Oats are up ⅜c. Provisions show a gain of 22½@52½c.

Reports of general frosts last night throughout the Dakotas and Western Minnesota gave a strong start to the wheat market, there being a lively demand alike from shorts and commission-houses. The December option opened with a gain of 1@1⅛c to 1¼@1⅜c. May was up ⅝@1¼ to 1⅜c at $1.10⅞@1.11¼. Factors that contributed considerable strength were the comparitively small receipts in the Northwest and the exceedingly low grading of the fresh arrivals. The market was affected also by a bulge in corn prices and by the firm tone of foreign grain markets. On the resulting advance there was considerable selling by pit-traders, causing a loss of much of the initial gain, December declining to $1.08⅝. Meantime, May sold off to $1.10⅝. The reaction, however, was only temporary. With bullish reports coming from the Northwest and the market at Minneapolis showing a big advance, prices here started up with a gain. A decrease in total primary receipts and a smaller increase than expected in the world's visible supply were factors that stimulated buying late in the session. The high point of the day was reached at $1.09⅞ for December. May sold up to $1.11⅞@1.12. The market closed strong with December at $1.07½ and May, $1.11⅛@1.11⅜.

Predictions that the cold wave in the Northwest would swoop down upon the cornfields of Iowa and Nebraska tonight gave shorts a fright at the opening of the corn market. Traders had not yet entirely recovered from the bullish statements of the two well-known crop experts made yesterday, and this fresh source of anxiety caused a wild scramble for offerings. December closed with a gain of 1⅜c at 51¼@51⅜c. A dispatch from New York crediting James J. Hill with a statement that the total yield of corn will not exceed 2,000,000,000 bushels gave the market additional support during the latter part of the day.

Oats held firm. December closed ⅛c higher at 32⅜c.

Provisions were strong and active. Continued light hog receipts and stronger grain markets were the principal influences. At the close, January pork was up 52½c, lard was up 2½c and ribs 22½@25c higher.

CALIFORNIA HOPS FIRM.

Large Sales of Russian Rivers and Sonomas—Sacramentos Move Freely.

SAN FRANCISCO, Sept. 20.—(Special.)—The California hop harvest is well forward, and in some districts picking will soon be finished. Deliveries at shipping points are increasing. The market is very active and firm, with recent large sales in the country of Russian River and Sonoma hops, and a free movement in Sacramentos. Prices range from 25c to 28c, according to grade and district.

The grain market had a stronger tone, with a higher closing for December wheat and barley and speculation more active. Spot prices for both cereals were firm. An American bark outside the combination has just chartered for barley to a direct point in the United Kingdom at 21s. Oats were firm. Receipts were large, but mostly sold ahead. Feedstuffs were steady. Hay was weak.

The city is filling up with visitors, and the fruit trade is more active, but prices are generally unchanged, as supplies are ample. The first persimmons of the season arrived. Coos Bay cranberries are selling at $2.50 to $3.50 per box. Two carloads of Valencia oranges are offering at $2 to $3.25.

Potatoes are more active at unchanged prices. Onions are in large supply and lower.

Dairy products, except cheese, were firm. Receipts, 48,000 pounds butter, 4000 pounds cheese, 19,000 dozen eggs.

Wool is in good demand and firm for choice selections.

Prunes continue about the only weak feature of the dried-fruit situation. The raisin situation is improving. Peaches are strong.

POTATOES—River Burbanks, 50@75c; Salinas Burbanks, 90c@$1.30; sweets, $1.10@1.25.

RECEIPTS — Flour, 3300 quarter sacks; wheat, 630 centals; barley, 16,600 centals; oats, 8700 centals; beans, 1700 sacks; potatoes, 3900 sacks; hay, 889 tons; wool, 146 bales; hides, 776.

Objects to Cut Rate.

SALEM, Or., Sept. 20.—(Special.)—Manager H. S. Gile, of the Willamette Valley Prune Association, does not like the price given by Tillson & Co., of this city, yesterday as the opening figure in the prune market. Mr. Tillson reported the purchase of a few lots of prunes at a 1¼-cent basis net. Mr. Gile says the association has orders at a 2-cent basis, and has sold prunes of the 30-40 size at a 2¾-cent basis. He sees no reason why any grower should sell at less than a 2-cent basis.

London Wool Sales.

LONDON, Sept. 20.—There was a large attendance at the opening of the fifth series of the wool auction sales today. Competition was spirited. Fine lambs and superior slipes were in good demand, and some sales were made at an advance of 5 per cent. Common crossbreds were occasionally sold. Cape of Good Hope and Natal sold steadily, fine long greasy in seller's favor and short greasy at a slight decline. The offerings number 10,823 bales.

Coffee and Sugar.

NEW YORK, Sept. 20.—The market for coffee futures closed unchanged. Sales, 21,570 bags, including: October, 6.70c; December, 6.85@6.90c; January, 7c; March, 7.15@7.20c; May, 7.35@7.40c; July, 7.50c. Spot Rio, steady; No. 7 invoice, 8⅜c; mild, quiet; fair refining, 3⅜c; centrifugal, 96 test, 4 5-16c; molasses sugar, 3⅛c; refined, steady.
