"The Wizard of Oz," which has scored

so complete a success in New York th

past season, has been praised with un-stinted encomiums for its spectacular beauty. The costumes and scenery are said to be more beautifully harmonized in

color and tone, better designed and richer in material than any spectacular produc-tion that has ever graced the American

stage. Each succeeding scene brings out new glories of confection, the chorus

sharing with the principals in the glory of their raiment. There are eight superb stage pictures in "The Wizard of Oz."

### Yesterday's Police Record.

FRED DANKE, a farmer living on the Macadam road, drove into town for provisions yesterday. He tied his team on Yambill street, and, after an absence of 29 minutes, returned to find he had no rig. Edgar E. Sutro Would Cut Wife Off From Big Fortune.

SUIT IN COLUMBIA COUNTY

Son of Dead Millionaire, Who Wat Formerly Mayor of San Francisco, Thinks His Spouse Has Had Her Share.

That he may be separated from his wife before the estate of Adolph Sutro, ex-Mayor of San Francisco, is divided, so that she will not share in the \$55,000 which will be his probable portion, Edgar E. Sutro, of Portiand, yesterday filed a suit for divorce in the Circuit Court of

It will be a race between lawyers and legal processes. His wife, Henrietta L. B. Sutro, is expected to immediately bring suit against him in the California courts. Her home is in San Francisco. The tim for advertising such a sult is @ days in California, and but six weeks in Oregon. If the estate is apportioned before the divorce decree is granted, Mrs. Sutro will have a right to claim a portion of her husband's legacy. If, on the other hand, Sutro is separated from her at that time, her claim will be invalid.

The Sutro estate is valued at \$2,000,000 Edgar E. Sutro, the youngest son of the late Adolph Sutro, says that his wife has aiready received enough from him; that she has the deed to valuable property on Battery street. San Francisco, which brings her a good income, and that he does not believe her entitled to any further share in his patrimony.

The suit was filed in Columbia County because, under the Oregon law, if the de-fendant is not a resident of the state, such a case may be begun in any county John F. Logan and Martin L. Sutro had also put in a sult for divorce, al-leging desertion, the allegation in the present instance. Both cases were thrown out by the courts. In the suit filed yes-terday, however, Sutro alleges that his wife deserted him in March, 1896. Sutro has lived in Portland for the past three years, and has been engaged in the confectionery business.

It could not be done, perhaps, if crowded houses were not the rule. The Columbis was affected little by the storm Mon-day night. The reason is clear. Florence Roberts, one of the most sincere and progressive artists on the American stage, will be the attraction at the Marquam Grand for the entire week commencing Monday, October 17, during which she will present her two latest successes, "Tess of the D'Urbervilles" and "Marta of the Lowiands."

"Tess of the D'Urbervilles" is announced for Monday, Tuesday and Wednesday nights. It is Lorrimer Stoddard's dramatization of Thomas Hardy's famous novel. The Oregon Water Power & Railway Company will spend more than \$50,000 in building new and improved car-shops and barns shortly after the first of the year. The company shas not as yet decided where the shops will be lotization of Thomas Hardy's famous novel, and not only a great play but one that is full of interest and excellent character cated, but either the site of the present barns at Milwaukie or the prop-erty owned by the company at Sell-wood will be used in making the im-"Marta of the Lowlands," which will

"Marta of the Lowlands," which will be the offering for Thursday, Friday and Saturday nights and Saturday matinee, is almost entirely new to the American stage. It is a Spanish romance by Angel Gulmera, and has been a tremendous suc-cess in all the Latin languages for years. Among the players who will appear with Miss Roberts are: Messrs. Hobar Bos-worth Lecture Henderson William Verprovements. Since the Oregon Water Power & Railway Company has built so much new track and has extended its lines in many directions the need for new cars has arisen almost faster than the de-mand could be supplied. In addition to this, much repair work is now neces-sary to be done to the rolling stock of worth, Lucius Henderson, William Yer-ance, Sterling Lord Whitney, Gregor Rog-ens, Philip Lord, Christopher Lynton, For-rest Seabury, William Woodson and the Misses Georgie Woodthorpe, Louise Royce, Adele Worth, Lillian Armsby, An-

The new shops will be built in the most modern style and will be large enough to handle all of the work of the company with the possible excep-tion of passenger-car building, it be-ing the policy of the company to have its passenger cars built in the East

where they can be constructed more cheaply than here.

A large freight traffic is being built up on the Estacada line, and the comup on the Estacada line, and the com-pany has other plans in view for the future wishch will open still other ter-ritory and make it tributary to Port-land. For this trade a large number of treight cars will be needed and one of the chief objects of the new shops will be to provide for this want. The repair department will also be large and prepared to handle any sort of work done in any of the shops of the West.

Plans have not as yet been adopted by the management of the company but are being considered. Definite arrange-ments will not be made until after the first of the year, when the business of 1904 will have been concluded, and the plans for the coming year ready to take up. It is decided, however, that the shops will have to be built and that \$50,000 or more will be expended upon them. Future developments will also decide whether Sellwood or Milwaukie will be chosen as the place for the construction of the new buildings. The decision will mean much for the locality chosen, for the enlarged works will employ at least 100 more men in the At Cordray's tomorrow night the besutiful drama of the Southern moun-tains, "Knobs o' Tennessee," will be presented by a splendid company. Blue Mountain Sanatorium

TUBERCULOSIS

BINGHAM SPRINGS, OREGON.

Tuberculosis is curable. It requires propes diet, a pure atmosphere and rest of mind and body. Climate alone has little influence. It takes months of ordinary treatment, however, to start the patient on the road to recovery. Patients at the Blue Mountain Banatorium have the additional advantage of the use of our INHIBITORY SERUM, This serum is harmless and non-irritating. It promptly arrests the disease, stope fever, cough and expectoration, and the patient recovers in one-half the time required in other institutions. For information address DR. J. E. BINGHAM, Gibbon, Orsgon. Gibbon, Oregon.
