MOVE FOR THE FAIR

Seattle Chamber of Commerce Agrees on a Plan.

COMMITTEE TO BE APPOINTED

Legislature Will Be Asked for Appropriation and Commercial and Other Bodies in Washington WIII Be Interested.

SEATTLE, Wash., Nov. 2 - (Special.)-SEATTLE, Wash. Nov. 2.—(Special.)— The Chamber of Commerce, at its meeting this afternoon, for the first time took up the question of advertising Washington at the Lewis and Clark Exposition next year. Secretary Melkie advised that a commit-tee of five be appointed to take the mat-ter in charge and see if a sufficient ap-propriation will not be made by the State Legislature and at the same time attend to having the commercial and other bod-ies of the state interest themselves. Mr. Meikie said it was time, if Washington and Scattle intend to do anything, that some move be made, and he believed the best, way of handling it would be through peet, way or managing it would be invoked a committee. The members of the Cham-ber of Commerce unanimously agreed and a committee will be named later. The action of the Chamber of Com-merce can be traced to the recent visits

of Portland men prominently identified with the big Exposition of 1905. President H. W. Goods has been here urging cooperation, and so have other prominent Portland men. The Seattle body was among the first to indorse the request of Congress to appropriate more than \$2,000,000 for the Fair.

Recently a personal canvass of the King County nominees for the Legislature showed a strong sentiment in favor of good appropriation for a Washington shibit at the Lewis and Clark Fair. The take up the work of preparing Seattle's ing and also urging the Legislature

endent of Public Instruction J. H. Ackerman introduced the subject of teachers salaries in discussing the sub-ject 'The Teacher as a Missionary.' In the course of his address this feature of the educational system was touched upon, finally Superintendent Ackerman asked the teachers to make a detailed exte of their annual income and ex-es. As a result of these estimates it determined that the average income of Marion County teachers is \$40 per month for seven school months, or \$250 a year. This would be an average of \$21.33 throughout the year, but to make the estimate safe the teachers raised the average to \$31. Then they estimated their cost of living per month, as follows:

LAND ORIGINALLY A SWAMP.

Testimony of ex-Surveyor-General in Warren Valley Case.

SALEM, Or., Nov. 1—(Special.)—The deposition of ex-Surveyor-General W. H. Byars was taken today before Frank Lovell, Assistant Secretary of States, in the suit brought by the State of Oregon against the Warner Valley Stock Com-pany, to cancel patents issued to that company which were alleged to have been ued upon the fraudulent representation

that they were swamp lands.

Mr. Bynrs testified that he surveyed the township in which the greater part of the land is situated, as United States Department Surveyor in August, 1879; that at that time the land was so wet and swampy that he could not run the survey across them and he was compelled to meander it and return the land as marsh; that he tried to run the lines further into the swamp, but had to back out, owing to the swampy character of the land; that he ran the meander line practically along the edge of the marsh; that the iand in controversy, at the time this survey was made, had the appearance of being a permanent marsh and was covered with a heavy growth of tall swamp grass

THROW CLODS AT PROFESSOR

Ordered to March to Classrooms, They Appear on Scene With Small Boy in Uniform to Burlesque Army Officer.

BERKELEY, Cal., Nov. 2-In open rebellion against a new military rule re-quiring them to march into the classroom for lectures on war tactics, the students of the State University participated this afternoon in the most sensational scene in the history of the institution. When Professor William A. Setchell attempted to qualt the disturbance the students jeered his remarks and threw clods at him. It is expected that the ringleaders will be summarily dismissed from collects will be summarily dismissed from college The trouble started among the cadets a few days ago when Captain J. T. Nance, U. S. A., the new commandant, arrived to assume charge of the military department in place of Captain Henry De H.
Waite. Captain Nance had no scener
entered the classroom than the students
acted in a boisterous manner. Finally
Nance declared they would have to be disciplined and issued an order that the col-legians would have to march into the mili-

tary lecture hall.

No scener had the edlet been sent forth than the collegians talked rebellion. This afterneon a strike was declared. Instead of marching in regular order, nearly 1000 students appeared on the scene with a small boy dressed in military uniform and wearing a placard bearing the name of the commandant. The little fellow rang a bell at the students' bidding. In unlean they shouted for Cantain Nance to come out. A hurry call was sent the faculty.

MRS. DOLPH GRANTED DIVORCE Judge Galloway Holds Grounds of Desertion Valld.

SALEM, Or. Nov. 2.—(Special.)—Chester V. Dolph and Augusta Armstrong Dolph were granted a decree of divorce today by Circuit Judge William Galloway, in a suit brought by the wife. Descriton was the cause alleged. The complaint was filed late last night, after the usual affice rs, and the case was tried today with-

The complaint was not zerved upon the defendant in the usual manner, but C. V. Dolph made a voluntary appearance by filing a demurrer by his attorney, George G. Bingham. The demurrer was overruled without argument and a stipulation was then filed, signed by J. Fred Yates, for the plaintiff, and Mr. Bingham, for the defendant, agreeing to the decree which should be rendered, if any.

Judge Galloway took the testimony of

ARE AGAINST

Leading BusinessFirms Oppose Prohibition.

PUBLIC STATEMENT

With Scarcely an Exception the Bankers. Manufacturing Establishments and Business Men Say It Would Injure Oregon.

To Whom It May Concern: In view of the fact that a prohibition lection has been called for the entire County of Multnomah, we wish to state publicly our position in the matter

We believe that prohibition would have a disastrops effect on the finances of Portland, of the county and of the state. We believe that it would have a depressing effect on business of all kinds and would certainly increase taxes.

In order to meet the loss of revenue de rived from licenses, communities adopting prohibition are forced to raise a portion of the lost revenue by increase taxes, and they meet the remaining deficlency by reducing their expenses. Multnomah County, in Portland and in all other counties and cities of Oregon, such a reduction in expenses would result in poorer streets, fewer repairs, fewer police, fewer firemen, less building and undesirable economies.

We do not, all of us, wish to be understood as being opposed to the genoral principles of local option, but this principle is in no way involved in the ming prohibition election. The prohibitionists have taken advantage of a new. loosely-drawn and little understood law to call county elections, that too, against the wishes of many people who voted for the local option law last June.

The coming election is not for prohibi tion by precincts, but by counties. Under these circumstances, therefore, we merely desire to record our convictions that prohibition in Multnomah County or any other county in Oregon is undesirable, unnecessary and would create an endless turmoli and expense. We believe, therefore, that for the general good, prohibi-tion should be voted against.

Two Persons Are Dying, and the Escape of a Score More is Narrow.

NEW YORK, Nov. 2-Two persons who ate part of a pudding sent to a theatrical boardinghouse in West Forty-third street are dying in Roosevelt Hospital, a third is in a critical condition and the police are scouring that part of the city in an effort to locate the messenger who left the package at the door. It is believed that the sender of the package planned the death of the entire household, with an idea of revenge for some unknown cause. Had the pudding reached the din-ner table, as was intended, the lives of a score of persons would have been im-peried.

perlied.

The colored housekeeper, her son, who acts as beliboy, and another negro lad were the victims. They ate some of the pudding before mealtime. A few momenta later they were writhing from the effects of arsenical poisoning.

A young man left the pudding at the door, saying it had been sent by a caterer in a near-by street. Fortunately for the boarders the next meal was some hours away, and a wholesale poisoning was

Drank Lye by Mistake.

WALLACE, Idaho, Nov. 2.—Ed Benjamin, one of the locators of the Tiger-Poorman group at Burke, died at a hospital here today from the effects of drinking lye. While in his cabin yesterday he mistook a can of lye for one of cream and drank of the poison. He was 75 years old and a resident of the Coeur d'Alenes since 1883.

Amalgamated Holds Contracts.

BUTTE Mont., Nov. 2—A leading atterney in the employ of the Amaigamated Copper Company today publicly declared that the contract for the sale of Heinze's mines through Gates was now in the safe of the Thornton Hotel, in this city. This announcement has created a sensation.

In July, 1883, I began to break out with Eczema on my head, legs and arms, and began treatment with local doctors, but did not get much relief. They said the disease had become chronic. I then quit them and tried various ointments and soaps for another two years, but as soon as cold weather came I was as bad off as ever, so I finally decided to let medicine alone, and for twelve or thirteen years did nothing towards curing the Eczema, except bath-ing. This seemed to do about as much good as anything I had tried.

During the time I lost about one-half of

my hair. I began S. S. Dr. Pierce's Golden Medical Discovery purifies the blood and entirely eradicates the poisons that breed and feed disease. It cures scrofula, eczema, erysipelas, boils, pimples and other eruptions that mar and scar the skin. Pure blood is essential to good health. The weak, run-down, debilitated condition which so many people experience is commonly the effect of impure blood. Dr. Pierce's Golden Medical Discovery not only cleanses the blood of impurities, but it increases the activity of the bloodmaking glands, and it enriches the body with an abundant supply of pure, rich blood.
