# The Japanese Emperor's Birthday

His Subjects in Portland Celebrate Natal Anniversary With Enthusiasm

white ground, emblem of the Ris-ing Sun, had more significance than usual to Portland Japanese yesterday, for the occasion was the 52d anniversary of the birth of the Emperor of Japan. The Japanese colony patiently waited all day and evening, hoping that the telegraph would at last flash the news that Port Arthur had fallen, but their celebration had to get along without that event happening. "Never mind," was the invariable Japanese response. "It is only a question of time when Port Arthur will be ours."

The Japanese Vice-Consul, Tsuneji Alba, held a reception at his offices in the Commercial block, from 10 A. M. to 8:30 P. M., and both American and Japanese tendered him congratulations. Dainty lunch was served by smiling, polite Japanese, and cigars and cigarettes were not forgotten. Among the callers was James Laidiaw, British Consul at this port,

Nearly all the Japanese in this city and suburbs attended a meeting held last night in the Alisky building, Third and Morrison streets, and the hall was filled to overflowing with patriots and American friends. All who could speak English, before the meeting began discourse, agreed that the Japanese are great people. The stairways were 4ecorated with colored lanterns, and in the hall were more lanterns, and American and Japanese flags entwined together. On the platform were pictures of the Emperor and Empress of Japan, and these pictures were carefully kept covered until a given moment. S. Ban was chairman and he first spoke in Japanese and then in English, proposing long life, health and happiness to the Emperor, and he also spoke on the commercial expansion of Japan.

Considerable ceremony was observed in the rolling up and down of the curtain hiding the pictures of the Emperor and Empress. Addresses were also delivered by Vice-Consul Alba, H. Kamamoto, S. Wakabayashi, S. Yoshioka, and others. Several songs in Japanese were sung by a sextet of young men, and there was great enthusiasm when everybody who could do so sang the Japanese National anthem. Then a salute was given to the Emperor, there were shouts of "Bangai," and the mer-rymakers went home to wait for more

## TAKE NO ACTION YET

Neither Sheriff Nor Police Raid Fantan Games.

LOOKOUTS IN PLAIN SIGHT

Chief Hunt Says It Will Be Difficult to Convict Chinamen, and the Charge of Graft Is Not Investigated.

No official investigation of the charges made by Councilman Zimmerman Wednesday that fantan games were running in Chinatown under protection of the graft system has yet been made by Chief of Police Hunt. The resolution passed by the Council asking the Mayor to instruct the Chief to this effect has not been sent the Chief to this effect has not been sent the Chief to this effect has not been sent the Chief to this effect has not been sent the Chief to the Chief th me Chief to this effect has not been sent of Judge Williams.

But there is little need of any investigation, so far as the present operations of the funtan games are concerned. See

of the fantan games are concerned. Second street last evening was much the same as ever. The alleyways of several fantan games were dark, but in others the lookout man could be seen just the same. as usual. Apparently, the heathen Chines who wanted to risk his wages could do so without hunting long for the opporwill be hard to catch them," said

Mayor Williams yesterday. "When an officer gets there he won't find a Chinaman or any game. I haven't seen the resolution since it was read in the Coun-The street numbers of 34 establishments

where it was reported fantan games were in progress was attached to the resolution. These are hardly needed by an experienced officer, for the location of every Chinese gambling-house is known to every one at all acquainted with that celman Zimmerman's direct charge

of graft is a matter which the other city officials do not like to discuss. The fact that Sheriff Word ordered these places, closed, and raided several, and that they are now running and have been running ever since a week or two of the shut-up order, gives point to Mr. Zimmerman's charge. So it is a delicate subject for discussion around the City Hall and Court-

Sheriff Word has again ordered the fantan games to close, and if the mandate is not quickly obeyed more raids will probably be made. The bost gamblers have been busy in the interim, however, and more big iron-bound doors than ever seep out white intruders, officers especi-

Regarding the fantan proposition, Chief of Police Hunt sald yesterday: "Of course, I at present know nothing of the course, I at present know nothing of the situation. I shall, however, investigate the 34 places named by the Council, and report back to that body the condition of affairs as I find them. I shall en-deavor to discover whether funtan is be-ing played in those places or not, and let the Council know. At present there is little to say recording the case. After

# FINE ITALIAN SHIP

S. Celeste Brings Miscellaneous Cargo From Antwerp.

ONE OF BEST OF HER CLASS

Custom-House Report for October Shows Large Increase in Value of Exports\_End of Northern Sealing Season.

The arrival of three more deep-water saliers livened up the harbor yesterday. The newcomers were the Italian ship S. Celeste, British ship Durbridge and French bark Asie. The Italian vessel has miscellaneous cargo from Antwerp. The other two came in ballast from California, the Durbridge to load lumber and the Asie

after wheat.

The S. Celeste was by far the most attractive one of the trio. Seldom has a finer appearing ship reached this port. She is modern in every respect, and has every labor-saving device for the handling of cargo or operation of the ship that can be found on any craft. Besides this the vessel is exceedingly trim and tidy about her decks and her cables are furnished. her decks and her cabins are furnished

her decks and her cabins are furnished handsomely. The smart uniforms of her officers also attracted much attention.

The ship is commanded by Captain Guiseppe Maresca, a brother-in-iaw of the owner, and he was accompanied on the voyage by his young wife. Though haling from Castilamare, the S. Ceieste is owned by Paulo Samengo, of Naples. She was launched at Dumburton in December, 1961 at the yards of McMillan & Son, Ltd. Her registered tonnage is 1945 and her dimensions are: Length, 267,5 feet; beam, 40.1 feet; depth of hold, 23,6 feet. Paulo Samengo also owns the S. Amalla, of 1754 tons, and the S. Margherita, of 1787 tons. The former is now on the way from Sundswall to Natal, and the latter, which is commanded by a brother of Captain

Caldera.

Captain Maresca reports a generally uneventful passage out from Antwerp, which was made in 161 days to the Cotumbia River. When 20 days out from the 
Belgian port a young sailor had the misfortune to fall overboard, but, being a 
good swimmer, he divested himself of his 
clathing and succeeded in keeping affeat. ciothing and succeeded in keeping affoat

him.

The S. Celeste is consigned to Taylor, Young & Co., and brings the following cargo, the discharging of which will commence at Fuller's flock this morning: Fifty cases of whisky, one case of terra cotta statuary, 250 bags of superphosphate, 250 cases of beer, 22 cases of pickles, 8 cases of currie powder, 570 cases of lucca oil, 17 cases of vinegar, 1 cask of essence of coffee, 15 barrels of ginger ale, 20 cases of gin, 5 cases of Jamaica rum, 14,700 barrels of cement and a quantity of of cement and a quantity of The ship is chartered by the Northwestern Warehouse Company, and when her Inward cargo is out will begin load-ing wheat at Irving dock for Europe. The well-known French bark Asie, Cap-

tain Ollivand, is also chartered by the same firm for grain loading. She is in bal-last from San Pedro, and made the run up in 21 days. No incident of importance curred on the trip. The bark was given

occurred on the trip. The bark was given anchorage in the lower part of the harbor, and today will move to one of the ballast docks, probably Banfield's, to discharge. The British ship Durbridge, in command of Captain Nannell, came up from San Francisco after an uneventful passage of 3d days. She is under engagement to the North Pacific Mills to take a lumber cargo to Delagoa Bay. She is now lying at Martin's dock.

EXPORTS LARGELY INCREASED Custom-House Transactions of This

District in October. The summary statement of Custo louse transactions in this district la House transactions in time district last month is by far the most favorable of any issued by Collector Patterson this year. The value of domestic exports amounted to \$1,139.852, as compared with only \$291,508 in September. In October, 1963, exports were valued at \$1,155.601.

ports, receipts from this source being \$61, 661, while total collections amounted to \$61,579. The total receipts of the previous month were \$47,346, and those of October last year \$19,611. The transactions of the month just closed follow:

MELLIN'S FOOD CO., BOSTON, MASS

San Francisco, Off the coast of Kam-chatka she ran on to the rocks and the steamer and the furs were a total loss. After this wreck the Russian com-pany chartered the Harold Dollar to go for the remainder of the furs, amount-ing to \$25,000 worth. When eight days out from San Francisco her machinery gave way and the steamer put into the Sound for repairs. She is now off again, but owing to the lateness of the season her voyage is considered a risky one.

Europe is Being Remeasured. Europe is Being Remeasured.

ASTORIA, Dr., Nov. 3.—(Special.)—The French bark Europe, which arrived in a few days ago from Hobart, is being remeasured by Deputy Collector of Customs McCue in order that the correct amount of tonnage dues may be collected from her. Her papers show her net tonnage to be 200 tons, but if appears that in France exemptions in the measurements are allowed that are not permitted in this country and an agreement was recently made between the two governments that all Franch vessels coming to America shall have an amended register so that they shall pay tonnage dues here on the same basis that American vessels pay in that country.

country.

The Europe has not been to her home port since this agreement went into effect, so a remeasurement here was necessary. This is the first instance of the kind at this port, but one vessel was recently remeasured at San Francisco, the result belief that her tomans due were leaves. by about \$11. The Europe must pay ton-nage dues at the rate of 6 cents per ton and her new register, which will probably be detarmined tomorrow, will not only affect this amount, but will also affect the amount of pilotage dues collected.

Marine Notes.

### THE ROOT OF THE MATTER

He Cured Himself of Serious Stomach Trouble by Getting Down to First Principles.

A man of large affairs in one of our A man of large affairs in one of our prominent Eastern cities by too close attention to business, too little exercise and too many club dinners, finally began to pay Nature's tax, levied in the form of chronic stomach trouble; the failure of his digestion brought about a nervous irritability, making it impossible to apply himself to his daily business and finally deranging the kidneys and heart.

In his own words he says: "I consulted

In his own words he says: "I consulted one physician after another, and each one seemed to understand my case, but all the same they each failed to bring about the same they each failed to bring about the return of my former digestion, appetitie and visor. For two years I went from pillar to post, from one sanitarium to another, I gave up smoking, I quit coffee and even renounced my daily glass or two of beer, but without any marked improvement.

"Friends had often advised me to try a well-known proprietary medicine, Stuart's Dyspepsia Tablets, and I had often perused the newspaper advertisements of the remedy, but never took any stock in

the remedy, but never took any stock in advertised medicines, nor could believe a 50-cent patent medicine would touch my

case.

"To make a long story short, I finally bought a couple of packages at the nearest drugstore and took two or three tablets after each meal and occasionally a meals, when I felt any tablet between meals, when I felt any feeling of nausea or discomfort. "I was surprised at the end of the first

week to note a marked improvement in my appetite and general health and before the two packages were gone I was certhe two packages were gone I was cer-tain that Stuart's Dyspepsia Tablets was going to cure completely, and they did not disappoint me. I can eat and sleep and enjoy my coffee and cigar and no one would suppose I had ever known the

horrors of dyspepsia.
"Out of friendly curiosity I wrote to the proprietors of the remedy asking for information as to what the tablets contained and they replied that the principal ingredients were asseptic pepsin (Govern-ment test), malt diastase and other natural digestives, which digest food regard-less of the condition of the stomach." The root of the matter is this, the di-

gestive elements contained in Stuart's Dyspepsia Tablets will digest the food, give the overworked stomach a chance to recuperate and the nerves and whole to recuperate and the nerves and whole system receive the nourishment which can only come from food; stimulants and nerve tonics never give real strength, they give a fictitious strength, invariably followed by reaction. Every drop of blood, every nerve and tissue is manufactured from our daily food, and if you can insure it sprompt action and complete digestion by the regular use of so good and wholesome a remedy as Stuart's Dyspepsia Tablets, you will have no need of nerve tonics and sanitariums.

Although Stuart's Dyspepsia Tablets

Although Stuart's Dyspepsia Tablets have been in the market only a few years yet probably every druggist in the United States, Canada and Great Britain now sells them and considers them the most popular and successful of any preparation for stomach trouble.
