All this week we shall have a special sale of Morris Chairs with two very attractive features—special prices and special terms. We want two hundred and fifty new customers and this is our way of bidding for them. It's a splendid opportunity to secure a fine bargain on the easiest possible terms. These Chairs are all very carefully built of selected oak and will give you satisfaction as to quality and wear. They are all fitted with a patented automatic device by which the back can be raised or lowered to any desired angle. No bothersome rod to move about—just raise or lower the back and it stays where you put it. They have spring seats and backs and the upholsterings are all pretty and comfortable. They're full of value like all our bargains.

Any of these Chairs would make a splendid Christmas present. If you like we'll store them for you until Xmas week.
