DECEMBER 15, 1904. I suffered for a long time with a bad case of Catarrh, and took a great deal of medicine without any benefit.

I had a continual headache, my cheeks had grown purple, my nose was always stopped up, my breath had a sickening and disgusting odor, and I coughed incessantly.

I heard of your S. S. and wrote you. I commenced to use it, and after taking several bottles I was cured and have never since had the slightest symptom of the disease.

MISS MARY L. STORM, Cor. 7th & Felix Sts., St. Joseph, Mo.

Wheeling, Va., May 29, 1903. I had Nasal Catarrh for years for which I used S. S. S. with very gratifying results.

I tried local applications for some time, and getting no permanent relief I came to the conclusion that the seat of the trouble was in the blood.

Knowing S. S. S. to be a good blood medicine I began its use, and after using it for some little while it did away entirely with the offensive mucus in the nostrils, and I did not have to hawk and spit, especially in the morning, to dislodge the catarrhal matter.

The filthy secretions and foul mucus that are continually dripping back into the throat, and their way into the stomach and are absorbed into the blood.

It then becomes constitutional, and the only way to get rid of it is through the blood. Write us if you have Catarrh, and our physicians will advise you without charge.
