

MEAD COMES HOME.

And Bellingham Welcomes Its Candidate.

FIRE DOESN'T DRAW CROWD

Republican Campaign in Northern Washington Closes With a Rally, Where Mead Is Interrupted by Enthusiastic Workers.

BELLINGHAM, Wash., Nov. 7.—(Special.)—Amid the shouting of thousands of citizens with torchlights, a blaze of red fire, and bands playing National airs, the Republican campaign ended tonight with the name of Mead on many tongues. Such a reception as was given to the Republican nominee on his return home tonight was beyond anything before attempted in the state.

Excursions were run from the surrounding towns, and long trainloads arrived with hurrahs for Mead. The opera house was packed to its utmost capacity and hundreds were compelled to stand. Many were turned away, notwithstanding a fire broke out in the city just as the rally was commencing. Mead spoke on state issues, but the enthusiasm was so great he could speak only a few minutes without interruption.

MORE IN MARION.

Roosevelt's Majority Is Now Estimated at 1600.

SALEM, Or., Nov. 7.—(Special.)—Indications tonight are that the vote in Marion County tomorrow will be heavier than was expected a week or ten days ago. The fight over the prohibition question is expected to do much to bring out the vote. Estimates made by political leaders here a week ago were that Marion County would give Roosevelt 1600 plurality, but the estimates now made are that the plurality will be 1600 or more. In Salem the saloon men have engaged carriages and will have men at work in every precinct to get out a full vote against prohibition.

RALLY AT HOOD RIVER.

But Prohibition Vote Is Only Interesting Question.

HOOD RIVER, Or., Nov. 7.—(Special.)—J. W. Knowles, of La Grande, and W. H. Hollis, of Hood River, tonight addressed the citizens of Hood River tonight upon the political issues of the day. The speakers were introduced by John L. Henderson, president of the local Roosevelt Republican Club. The campaign closing tonight has been entirely lacking in enthusiasm. Were it not for the local prohibition issue, the voters would be very light. Both sides claim victory on this question, with the prohibitionists basing their claim on 16 majority for local option in June.

DROP AXES TO VOTE.

Gray's Harbor Logging Camps Give Election Privileges.

HOQUIAM, Wash., Nov. 7.—(Special.)—Everything is quiet on the eve of election, very little work being done. The Republicans will carry Chehalis County by a good majority. The mills have arranged to allow their men to get away during the day to vote. All the logging camps have been closed, and the loggers are flocking to the city tonight.

PROHIBITIONISTS CONCEDE DEFEAT.

RAINIER, Or., Nov. 7.—(Special.)—The managers of the Republican campaign in Columbia County place Roosevelt's majority in this county at not less than 600, which is 200 in excess of the normal Republican majority. If weather conditions are favorable and nearly a full vote is out, his majority will be above 700. The prohibitionists concede the defeat of the prohibition measure in this county by upward of 150 majority.

TILLAMOOK HAS A RALLY.

TILLAMOOK, Or., Nov. 7.—(Special.)—There was a large Republican rally in Tillamook City Saturday night, when the speakers were B. L. Eddy, T. B. Handley and A. W. Severance. Every indication goes to show that the Republicans will poll more than their party's strength and there will be a full vote, as the prohibition question has divided the voters.

ROOSEVELT IN UNION COUNTY.

LA GRANDE, Or., Nov. 7.—(Special.)—Things look especially bright for a big victory for Roosevelt in Union County at this time. Prohibition will make this election a very exciting one. All concerned are rustling, and it is doubtful which side will win. It is generally conceded tonight that local option will fall short, however.

PAY FOR EASY DAY.

Women School Teachers May Rest During Election.

SALEM, Or., Nov. 7.—(Special.)—Whether women school teachers, who have no right to vote at the Presidential election, have a right to close their schools on election day and receive pay for that day, is a question that has been submitted to the Attorney-General for consideration. Assistant Attorney-General Van Winkle decided the question today by holding that the power to vote has nothing to do with the right to receive compensation. The provision regarding school shall be closed on certain holidays, election day among the rest, and that no deduction shall be made from the teacher's salary by reason thereof. The law applies to all teachers, regardless of sex, and though neither teachers nor pupils may have the right to vote, the schools must be closed.

Englishman Falls 300 Feet From a Board.

AUSTIN, Or., Nov. 7.—(Special.)—Falling a sheer 300 feet down a shaft in the Susanville mine, William Cobb, an Englishman, who had just started work, was jammed to death by the fall and the weight of the tools he carried.

Cobb was walking across a board laid over the mouth of the main shaft. He bore fully 25 pounds of tools in a sack slung over his shoulder. Apparently, he realized his dangerous position when near the middle of the board. He hesitated, tottered and then fell straight to the bottom. Two other miners were at work on either side of the shaft farther down, and looking up, they saw Cobb dropping straight as a die. Though the space was very narrow, he did not touch them. The bones of the limbs and trunk were shattered. The accident occurred two days ago, but news of it was brought today by a man from the mine.

After the election, Sheriff Webb may take the trail again. Information from Meeteetse is to the effect that two men on that place have been kept under suspicion of having assisted in the escape of the bandits. MARCH OR GET OUT

Berkeley Rebels Up Against War Department Rule.

MANY DROPPED FROM ROLL

Students Who Refused to March and Throw Clods at the Professor Must Explain Conduct or Leave University.

BERKELEY, Cal., Nov. 7.—The riot among the students of the University of California last week, over the military order to march into the classroom, had a sensational sequel today when President Wheeler sent letters to a large number of students declaring that they had been dropped from the military roll. In the notice the dismissed students are given until Wednesday to make a written report explaining their actions. President Wheeler stated today that he was acting under direction of the War Department. "The students did not know they were dealing with a War Department order when they acted as they did last Wednesday," said President Wheeler. "This is unfortunate as there can be no yielding in this matter."

As yet the names of the students to whom notices have been sent have not been given out. The orders that caused the students to rebel last week are part of the regulations laid down by the War Department for governing lecture courses in schools where military science is taught. The disturbance was participated in by nearly 1000 students, and Prof. W. A. Setchell, who attempted to stop the riot, was jeered at and struck on the head with clods.

Long did not go on the witness stand in his own behalf, and after the testimony of the state's witnesses had been heard, the judge held the defendant to answer to the charge in the Circuit Court. The testimony showed that Cameron and Long went outside of the town of Butteville to engage in a fight, and that Long took an undue advantage of Cameron and struck him over the head with a fence rail just as he was turning to face Long. After felling Cameron to the ground, Long jumped on his head and kicked him. Dr. F. E. Smith testified regarding the fracture of Cameron's skull, and expressed the opinion that the man will recover.

WHAT THE MINISTER SAYS

Is Most Convincing.

"I thought I would write you what Pyramid Pile Cure has done for me. I had a most aggravated case of bleeding piles; indeed I dreaded when I had to go to stool. One 50-cent box cured me. I feel like a new man. I have recommended it to others as being the most wonderful remedy known. It is indeed a great blessing to suffering humanity. You are at liberty to use for all it is worth, and I hope it may be good. Rev. W. E. Carr, 55 No. Holbrook St., Danville, Va. Clergymen (like all professional men) who lead sedentary lives are especially addicted to piles in various forms, and are continually on the lookout for a remedy which will give relief, with little or no idea of obtaining a cure. Recognizing this fact, Rev. Mr. Carr consents to the use of his name in order that other sufferers may know there is a cure called Pyramid Pile Cure, which is sold by druggists everywhere for the low price of 50 cents a package, and which will bring about for every one afflicted with piles the same beneficial results as in his own case. Be careful to accept no substitutes, and remember that there is no remedy 'just as good.' A little book describing the causes and cure of piles is published by Pyramid Drug Co., Marshall, Mich., and will be sent free for the asking. All sufferers are advised to write for it, as it contains valuable information on the subject of piles."

"OPEN TOWN" WINS

SENTIMENT, NOT PLATFORM

Train Load Comes From Sumpter to Join in Celebration of Victory of the Hotly-Contested City Election.

BAKER CITY, Or., Nov. 7.—(Special.)—C. A. Johns was elected Mayor of Baker City today by 375 majority over F. M. Saxton. It was one of the most exciting city elections ever held in this city. In all 1387 votes were polled. Johns carried every ward in the city. While neither candidate espoused the cause of prohibition, the voters made the issue of an open or closed town. The open-town sentiment won, although Mr. Johns positively declined to run on an open-town platform. Councilmen were elected as follows: Nat Cooper, First Ward; E. T. Beers and H. H. McCord, Second Ward; Joe Wood and A. D. Ferguson, Third Ward; C. H. Beck, Fourth Ward. The election was purely nonpartisan. Johns is a Republican, all the Councilmen except one are Democrats.

Mayor Johns will be inaugurated, in all probability, at the same time that the new \$50,000 City Hall is dedicated. When the votes were counted and it was known that Johns was elected by a large majority, his supporters gathered material and made little bonfires on all of the principal streets; bombs, skyrockets, Roman candles and firecrackers were fired by the hundreds. Pandemonium reigned for several hours. Mr. Johns was congratulated and cheered to the echo by the throng of people who gathered at his residence.

The Mayor-elect was exceedingly well pleased with his magnificent victory, and so expressed himself to all his friends. The celebration down town was kept up until a very late hour. The White Swan Band joined in the celebration and paraded the streets.

When the news of Johns' election reached Sumpter a special train on the Sumner Valley Railroad was made up and 300 of his friends came down and joined with his Baker City friends in the celebration.
