WOOL MEN EXCITED

Merchants More Optimistic Than Ever Before-

PLEASED WITH THE ELECTION

Buying the Staple the World Over and Paying Extreme Prices for Available Supplies Great Potato Crop.

Eastern wool merchants, pleased with elece results, are more optimistic than ever possibilities of the staple cannot be predenis are worthless in trying to arrive at an is certainly known that the world's markets no evidence that demand is satisfied or the of the kind has been before witnessed. The ome of past years are being put in the shade. for the present one has so much the appearance wholly legitimate that comparisons with 1890 and other historical years are use less and unprofitable. The season of 1804-5 bids fair to go on record as unique in all par-American dealers are buying wool the world over, paying extreme prices for

Since the large transaction in Oregon we in Boston, reported a week ago, nothing of moment has transpired in the product from this California wools are also less active with the reduction of supplies. Of Texas wool there is little or nothing on the market. In the state the San Angelo Fall wools were to e sold this week.

mays the Boston Transcript, fine selling quickly to 60 cents. Both speculators and dealers con-tinue to trade in them as well as other kinds scoured wools. In baled scoured so-called free Fall sells at 45 to 50 cents, and defective down to 40 cents. Baled Spring California is selling at 55 to 57 cents, and Nevada at 60 to

in them at extreme prices. Consumers are also buying and paying 50 cents for B supers, which are held at 52 cents in some cases. A supers are selling at 54 to 56 cents, and me ium combing putled at 50 to 52 cents.

Manufacturers have been cleaning up all the Australian merinos and crossbreds they could abroad has started the comparatively cheap wool on hand here. From 80 to 90 cents has seen the accoured basis for merinos, and cross-

Speculation in the 1905 clip of the territories continues, and more parties have become in including at least+one Boston firm hitherto deprecating such a so-called fpolish solley. A St. Louis merchant, however, consents was paid in Utah, there are no growers fused even that inviting basis. Should the with the beginning of the year a sizable proportion of the whole territorial ellp may have been cornered months in advance of shearing. an event wholly without precedent in the his tory of wool-growing in the United States.

Eastern Wool Markets.

BOSTON, Nov. 15 .- The wool market is gleter this week, due to the fact that stocks in the bands of local dealers have been heavily remany manufacturers having purchased for future use. Buyers have much dif-in getting desirable lots of wool. The t holds very strong and prices are still

BEST POTATO CROP IN YEARS.

Yield of 288,700,000 Bushels in the United States. "Some developments of rot in important po

tate-producing states, such as Wisconsin, Mich igan and New York," the American Agriculturist of November 12 says, "has cut into the crop somewhat. According to final returns, the potato crop of the United States in 1904 approximates 285,700,000 bushels, compared with 205,000,000 bushels one year ago, and 272,000,000 in 1902. The quality is generally good, although some complaints of rather arge coarse tubers from a few sections." The authority named states that the increase in the heavy-producing sections of the Northwest compared with last year, is very marked. Michigan, Wisconsin, lows and Minnesots to-seiber showed something like 24,000,000 more shels of potatoes than in 1903. New York shows up with much the same crop as last year, after taking account of the recent de-velopment of rot; Pennsylvania and Ohio, a light increase, while the gain in New England over 1906 is substantial, owing chiefly to the did erop produced in Northern Maine Taking the country at large the average yield appears to be something like 10 bushels beavier than a year ago.

PORTLAND MARKETS.

Grain, Flour, Feed, Etc. Wheatdealers continue to report light busi-ess. Values are weaker, in reaponse to the coline in the Eastern markets. Export busi-ess is at a standatili, and no improvement is oked for until shipowners reduce rates. WHEAT-Export basis: Walla Walla, Soc; losstem, Skc; Valley, STac. MUCH SELLING PRESSURE

PROFIT-TAKING IN EVIDENCE IN STOCK MARKET.

At Same Time Inferior Grade of Industrials Make Sensational Advances-Outgo of Gold.

NEW YORK, Nov. 15.-The reactionary and irregular movement of prices was not gone from the market today, and selling pressure to take profits was much in evidence in the ma-sority of the usually active stocks, especially furing the morning. At the same time, the sensational advances in an inferior grade of industrials and railroad stocks of doubtful value kept the character of the speculation under suspicion. In the latter part of the day There are signs of improvement in the chick-en market, and if the demand holds good, to the standard railroad list. Conspicuous prices will be raised, as the low rates last strength did not show in a large number of there was a considerable reversion of interest stocks, but the representative character of those in which it did had a reviving effect by stocks, but the representative character of those in which it did had a reviving effect by sympathy on the general list. Considerable progress was made in restoring communication by glasgraph with outside speculative centers, the interruption of which was assigned as the cause of the lessened activity in the market yesterday. But the market failed to recover up a high level, and the total of transactions of the day was not much changed from those of yesterday. The issues dealt in continued to show great variety, and many stocks made their re-appearance on the tape after a long interval. There are many stocks listed on the exchange or admitted for trading in the unlisted department which are practically dominant except in the periods of apeculative excitament when enthusiasm over the possibilities for the enhancement of values become sufficiently great to accept chances on securities whose value is exceedingly problematical.

Rather more consideration was given today also to the money outsode, although there was small change in interest rates. The tone of the money market, however, was called harder. The week's gold outgo to Cuba will be as large as expected. Subscriptions to the Japanese loan, a forthcoming offering of \$25,000,000 of New York City bonds and today's sale of \$25,000,000 of Chicago, Rock Island & Pacific Pallway bonds indicate requirements on banking credits to be met. The decline of nearly \$10,000,000 in value for October exports of domestic products is explanatory of the ease with which Europe is drawing American gold in the Fall of this year.

The attength developed in a number of stocks

with which Europe is drawing American gold in the Fall of this year.

The attength developed in a number of stocks was mostly explainable from special causes. Various specific rumors of an early impending decision in the Northern Securities were responsible for the strength of the Hartinaan group. Rock Island was helped by its bond sales. Amalgamated Coppure enjoyed the betiefit of a further rise in the price of copper. The early heaviness of the Steel group and their later recovery was connected with the meeting of the steel billet pool. The dairs to realize persisted to the last, and the market closed decidedly irregular. eridedly irregular.

Bonds were strong. Total sales, par value, \$11,870,090. United States bonds were un

CHICAGO PIT WEAK FROM START TO FINISH.

Russian Shipments Last Week of Enormous Proportions-Increased Visible Supply.

CHICAGO, Nov. 15.—Beginning with an easier tone at the start, the wheat market gradually developed into an extremely weak affair. Lower cables and weather suitable for the movement of the crop caused considerable liquidation at the opening. Opening quotations on December were unchanged to the lower, at \$1.1349.118%. May was of 469kc, at \$1.135. GLIs. Wires to the East were still working hadily, so that the ordinary market information came slowly. The world's shipments and visible supply statement, that should have been received Monday, was still delayed, but early in the day information was received from a received Mimday, was still delayed, but early in the day information was received from a private source that Russian shipments last week wars of enormous proportions, the largest weekly shipments from any one country. Although not coming from an official quarter, the information apparently had considerable effect and materially augmented the selling pressure. Prospects of a hig increased visible supply also counted against the loags. A decrease of 500,000 busbels in primary receipts was apparently altogether ignored. Neither was any attention seemingly given to bullish gossip from the Southwest, telling of exhausted supplies. Another influential factor tending to depress prices here was the weakness of the Northwest markets, due to expectation of a most liberal movement of wheat from the most liberal movement of wheat from the farms. As prices fell, numerous stop-loss orfarms. As prices fell, numerous stop-cost of-dars were reported, forcing prices still surface fownward. The principal selling was in the December delivery. That option showed the greatest loss, the lowest point reached, \$1.11, being 2%c below the highest point of the day. May sold off to \$1.11%, a drop of 1%62c. The market cleans alread at the hostom final queweakness in the cereal here, and showery weakner in California contributed to the depression. Local holders of December are liquiditing and buying May, but the latter option is freely supplied. The spot quotation for No. I shipping wheat was reduced to \$1.4215. Bar-Trade in outs was exceedingly quiet. Decrm

was relatively well austained. Strictly choice he closed 15% lower, at 25%c. Heavy receipts of hogs at the yards and a curtailment in shipments of products to the gast austained weakness in provisions. At the East caused weakness in provisions. At the full prices.

The noutry market is receiving more attentioned to the leading futures ranged as follows:

WANTS A DIVORCE.

Another Mismated Couple Seeking Relief From the Court.

Because he kicked her about the head Because he kicked her about the head and shoulders, cursed her and threatened to kill her, Mary A. Acton yesterday commenced suit against her husband, Allison Acton, and for the custody of their minor children, three sons and two daughters. The litigants were married at Pendleton in 1878, and Mrs. Acton complains that her husband has pursued a course of cruel treatment for the past ten years. She says that on one occasion he assaulted her with a chair and called her vile names. In November, 1968, she says he kicked and In November, 1968, she says he kicked and beat her. Mrs. Acton alleges that she was compelled to leave him in September last, when he threatened her life and said he would force her to live with him. Acton, his wife says, owns property in Umatilia County and has \$3000 'n the bank. She asks for permanent allriony in the sum of \$50 per month.

SUES RAILWAY COMPANY.

Southern Pacific Asked to Pay for Dead and Injured Horses.

Suit for \$2000 damages on account of the killing of three horses and injuries sus-tained by two others in a railroad acci-dent, was filed by William D. Randall in dent, was filed by William D. Randall in
the State Circuit Court yesterday against
the Southern Pacific Company. The complaint states that on October 28, 1904, Randall shipped horses known as Axminster,
Clivoco, Murat and Jefferson from Portland to Shellmound, Cal. On the following day at Jefferson the train on which
the horse were being carried was run
into by a construction train, killing Axminster and Clivoco, and injuring Murat
and Jefferson. The value of Axminster
is placed at \$5000; Clivoco, \$2500, and Jefferson, \$1000. Randall asks an additional
\$500 because the company did not attend to
the injured animals, making \$5000 in all.
Williams, Wood & Linthicum appear as
attorneys for the plaintiff. attorneys for the plaintiff.

MELDRUM TRIAL TODAY.

Ex-Surveyor-General Is Charged With, Forgery.

Under the charge of fraud while in of-fice, Henry Meldrum, ex-Surveyor-Gener-al for the State of Oregon, will today be placed on trial in the Federal Court. The specific charge set forth in the Indictment is that of forgery, it being alleged that Meldrum "feloniously did make and forge" certain affidavits of pretended settlers upon unsurveyed public lands, and this for the purpose of defrauding the Government.

These are but faint indications of what may

Government. The section of the statutes under which Meldrum is indicted provides a penalty of imprisonment at hard labor for not exceeding ten years, a fine not exceeding \$1000, or both.

Additional Jurors Drawn.

Additional jurors to fill the November panel in the State Circuit Court were drawn yesterday as follows: Simon Abraham, barber; J. M. Barrett, merchant; William Donoway, capitalist; J. H. Fox, capitalist; James Frainey, capitalist; William Isensee, machinist; R. B. Jackson, commercial: T. W. B. London, Balfour-Guthrie; Herbert F. Lee, grocer; W. E. McPherson, hotel; A. L. Piper, carpenter; Thomas Roberts, merchant; John C. Sleret, farmer; W. F. Tilton, harness; H. C. Thompson, porter: C. A. Williams, farmer; Charles Wilson, farmer; H. W. Wallace, capitalist: D. D. Neer, architect; Frank C. Young, lumber inspector.

W. B. Ayer, receiver of the West Coast Sash & Door Company, filed a report in the State Circuit Court yesterday showing \$59,343 assets. \$55,550 llabilities and \$1187 sundry accounts.

The complaint and summens in a divorce sult filed in Washington County by Beatrice Hemmer against Charles Hemmer were served by Deputy Shering Moreiand yesterday. Mrs. Hemmer charges her husband with cruel treatment and desertion.

The case wherein Rodney Perser supports

and desertion.

The case wherein Rodney Berger sues the Astoria & Columbia River Railroad Company for refusing to honor a ticket reading over their lines was given to the jury at five o'clock yesterday evening, and orders rendered for the jury to bring in a sealed verdict.

Judge George will render a decision this morning in the saloon and restaurant-box ordinance case, and will also decide the following cases: Merkle vs. Western Union Telegraph Company, demurrer to complaint; E. R. Hatch vs. Thomas K. Muir, demurrer to answer.

murrer to answer.

paint; E. R. Hatch vs. Thomas K. Muir, demurrer to answer.

Dr. Etta Hill Schnauffer is defendant in a suit for His,000 damages filed by Jennie Hawley, through her attorneys. Long & Sweek, for alleged malpractice. The complaint states that Dr. Schnauffer attended Mrs. Hawley in September, 1904, in a case of childbirth. The child died 18 days after birth, it is sileged, through the negligence of the physician. It is further averred that the mother was improperly treated and is now a physical wreck.

A petition asking the will of the inte Jane Abraham be produced and probated in the County Court by her nephew, Premont Abraham, was filed in the County Clerk's office yesterday by J. P. Finley & Sons, creditors of the estate in the sum of Hill. The petition recites that the nephew has the will and that he be required to produce it. The only property owned by Mrs. Abraham at the time of her death is alleged to be a claim against the estate of her husband, James Abraham.

ham.

In answer to a suit of Biormecke & Co., of St. Louis, to recover for goods sold to him, Walter Vivell says Blormecke & Co., agreed to furnish him certain goods and sums of money for his family, in consideration of which he agreed to amy in St. Louis and to fit a certain horse owned by him to enter races at Belmar track. The races were to be beld in 1801 and 1905, and he was to keep Blormacke & Co.

mot a few nights ago and organized a band which in the future will be known as the Portland Marine Band. The new organization has engaged Pro-fessor John Coomer as its instructor and will meet every Wednesday evening for practice. Nearly all of the members are old players and it is expected that in a short time the band will become one of the well-known musical organizations of the city.

Marconi Wireless

It is now used by the British Admiralty ex-

The Marconi System is now employed by the Italian Government exclusively, in all depart-

Under a 14-year contract with Lioyd's great Shipping Agency, it is employed all over the world in reporting vessels registered with that corporation.

The British Postoffice Department has entered into a traffic agreement with the Marconi System to deliver its messages to all parts of England, Ireland, Scotland and Wales. The earnings of one department of this com-pany (the trans-Atlantic), when in full oper-tion, New Year's day, 1906, will alone be suffi-cient to pay an annual dividend of 180 per cent on the present capitalization.

The Marconi System has been heavily subsi-dised by the Canadian Government, and there are now in active operation on Canadian soil upwards of 15 stations in the service of the government.

The Western Union Telegraph Company and the Postal Telegraph Company have each en-tered into traffic agreements with the Marconi System to deliver its messages to all parts of the United States and Canada. The Marconi System is now a permanent fac-tor in American business life by the commer-cial establishment of five stations in daily use, in the transmission of ordinary telegraphic mea-

These are but faint indications of what may
