Meanwhile a loud protest against the methods employed by Messrs. Zimmerman, Albee and Sigler is raised from many quarters. Their fellow-Councilmen are criticising their action in locking the doors of the committeeroom yesterday. An explosion at the last Council meeting was barely realised off. From present indications the special session called to hear the committee's report Wednesday will be red-hot.

EXECUTIVE BOARD MEETS.

Sewer Is the Predominating Subject

With the sewer investigation comm in heated session just around the corner echoes of that meeting naturally floated into the meeting of the Executive Board yesterday afternoon. Only five mem-bers besides Mayor Williams were pres-

The sewer committee recommended that the bids on the big Irvington district sewer be rejected. Mr. Boise moved that the report be accepted. A question was asked whether new bids should be advertised for immediately. Mr. Boise didn't think this advisable, "I also un-derstand that this investigation may ex-tend to the specifications for the livington sewer, and new specifications may perhaps be necessary," said he. The two members of the sewer committee, H. C. Wortman and Joseph Weber, were ab-

sent.

This action was taken because the bid of E. W. Riner, \$15,755, was the lowest of the six submitted. Though it was stated most positively at the time that no pool existed between the contractors, the scandal overhanging the Tanner-creek sewer made the efficials suspicious in the case of the big Irvington sewer. ATTORNEY MENDENHALL FINED BY JUDGE SEARS.

Breach of Court Etiquette When He Told Judge McGinn He Once Spat In a Preacher's Face.

As the result of a wordy quarrel with Henry E. McGinn yesterday morning in Judge Sears' court, Attorney Ed Mendenhall was fined \$10 for contempt. The trial of Harvey Dale, one of the proprietors of the Portland Club, had begun, and Mr. Mendenhall was examining a juror, when Mr. McGinn objected to the method pursued, saying it was decidedly Mendenhall-

Another incident also occurred which was the subject of a spirited argument. The jury panel was exhausted when only a few jurors had been secured. This was because either the prosecution or the defense would not take some of the jurors who had served in the other gambling trials, and for the reasons that jurors were engaged in trials in the other courtrooms.
