#### MANY ARE AFTER IT

Patriots Look With Favor on Gubernatorial Chair.

GOOD TIMBER IN ABUNDANCE

Would-Je Candidates Hall From All Portions of the State, and Numerous Little Booms Are Starting to Grow Larger.

Republicans will have a sprightly bunch of patriots from which to choose their lidates for Governor, Secretary of State and State Treasurer 18 months hence. The Democratic candidate for Governor will doubtless be George E. Governor will doubtless be George E. Chamberlain, who was elected to the office two years ago by 150 votes. Other state offices don't seem to be within the reach of the Democratic brethren in the face of \$5,000 plurality for the Republican candidate for President, hence few brethren aspire. The other offices are those of Supreme Judge, Attorney-General, Superintendent of Public Instruction, Labor Commissioner and State Printer.

For Governor, Republicans see they will

preme Judge, Attorney-General, Superintendent of Public Instruction, Labor Commissioner and State Printer.

For Governor, Republicans see they will have to put up a strong man, since Chamberlain has been shaping his course for re-election, and with a good record behind him and already entrenched in the office, he is recognized as possessing strong advantage. Republicans will take no chances in the game, as they did last time, when their nominee was slaughtered. Among the patriots whose names are on the lips of the gossips is ex-Governor T. T. Geer, editor of the Salem Statesman, who is represented as being undecided whether to try for the executive chair or for the United States Senatorship. It is taken for certain, however, that he will make use of the direct primary system to nominate himself for the one or the other. Just after the Legislature adjourned in 1905, Mr. Geer declared he would be elected Senator to succeed John H. Mitchell. If he shall go on the primary ticket with Mitchell a lively scrap will follow and no mietake.

Another stalwart sometimes spoken of for the honor is Binger Hermann, at present Representative in Congress from the First District, but his boom is believed to have been started by somebody who would like to slip into his shees in Congress. Dr. James Withycombe, director of the experiment station at Corvallis, is also eited on the list of eligibles as a candidate who would draw many rural votes. Henry E. Ankeny, of Eugene, who would have accepted the nomination from the State Convention of 1902, is included in the catalogue of saints; also State Senator W. Kuykendall, of the same city. the State Convention of 1802, is included in the catalogue of saints; also State Sen-nter W. Kuykendall, of the same city, who, it is said, would use the Presidency of the Senate this Winter as a stopping stone to higher greatness. Ex-State Sen-nter A. C. Marsters, of Roseburg, had a pretty good-sized boom until the same was flattened out in the June election, when G. P. Coshow, Democrat, beat him for election to the State Senate. F. I. Dunbar, of Astoria, now Secretary of State, has been spoken of frequently for State, has been spoken of frequently for the dignity, but the fact that Clatsop County already has one United States Senatorship is to his disadvantage. Mr. Punhar has said that he will not be a candidate for re-election to his present

place under any circumstances.

Among other notables who are regarded as available timber are C. H. Carey, of Fortland, who desires appointment to the Court of Claims at Washington, D. C. Judge Carey is also frequently mentioned as a possible candidate for United States Scontor should Mr. Mitchell not be a can-Senator should Mr. Michail hat be a call-didate for re-election. George C. Brownell, State Senator from Clackamas, is known to aspire to the Governorship. C. A. Johns, just elected Mayor of Baker City, is talked of; also Malcolm A. Moody, of The Dalles, ex-Representative to Con-

gress.

The Secretary of State's office is a more princely job than that of Governor, but the crop of candidates is not yet so boundous. Claud Gatch, of Salem, is known to have an ambition to possess the place; also Frank Wrightman, of the same city. Willis S. Duniway, of Portland, would not be averse to accepting the nomination, nor Frank S. Fields, County Clerk of Multinomath.

nomah.

The office of State Treasurer, now held by C. S. Moore, of Klamath County, will be sought after by a number of gentlemen, among them being State Senator W. H. Hobson, Lot Pierce, of Marion: T. F. Ryan, County Judge of Clackamas; E. V. Carter, State Senator from Jackson; W. W. Steiwer, of Fossil, Wheeler County, ex-State Senator, and J. H. Aitkin, of Huntington.

#### DIES FROM HIS INJURIES.

David Kuntz, Struck by Train, Succumbs at St. Vincent's Hospital.

From injuries received in an accident on the O. R. & N. line, David Kuntz, a farmer from Troutdale, died last night at St. Vincent's Hospital. His wife was at

his side.

Kuniz was one of the best known farmers in his section of the country. He was bound for this city when the accident befel him. He had a load of pumpkins for the Fortland market. He did not see the freight train approaching in time see the freight train approaching in time to avoid the collision, and subsequent injury to himself and horses. Both animals were so badly injured they had to be shot. Knutz was removed to St. Vincent's Hospital, where he was attended by Dr. William Jones, who said death resulted from a clot of blood that formed on the brain.

#### THOUGHT HIM A MURDERER. John Lakson Questioned Closely by Detectives.

John Lakson was picked up on the street yesterday by Detectives Hillyer and Vaughn, on request of J. N. Olds. and was put through a sensational course and was put through a sensational course of questions that made his hair assume the perpendicular for a few minutes. He was told he hore a most striking resemblance to a man who was wanted in an Eastern city for a triple murder, and he had to clear himself before he was permitted to leave the Police Station.

Laken was able to show that he was

Lakson was able to show that he was not the man wanted for the crimes, which occurred seven years ago, and was reblotter. It was with a great sigh of re-lief that he left the station.

#### SEAMEN TO CELEBRATE.

Will Have Dinner and Boatraces on Thankegiving Day.

Thanksgiving time will be royally observed at the Seamen's Institute. In the afternoon there is going to be a beat race of two miles, participated in by crews from most of the ships of all nations now in the harbor, finishing at the Steel bridge. The rivalry is keen between the different boat's crews, and, as several of the captains are known to be of aporty blood, the event will be a lively one. At 7 o'clock Thursday evening a Thanksgiving dinner will be sarved in the Institute to 126 sallors, the arrangements being under the direction of Mrs. S. St. Martin.
