FAVOR ASKED FOR EXILES

Granting of General Amnesty is Favored—Memorial Will Be Presented to Russian Minister of the Interior in a Few Days.

ST. PETERSBURG, Nov. 21.—In order to secure the proper development of the life of the state and the people, it is imperatively necessary that there be regular participation of national representatives, sitting as an especially elected body, to make laws, regulate the revenue and expenditures and control the legality of the actions of the administration.

The foregoing is the final form of the declaration of the Zemstvo representatives in favor of the election of a body, not merely to participate in legislation as first reported, but to be trusted with the framing of the laws of the empire.

The meeting today also adopted a declaration in favor of granting general amnesty to political offenders imprisoned or exiled by administrative order.

This completed programme, declaring the necessity of the participation of the people in the government, was signed by 102 Zemstvo Presidents, including 30 presidents of provincial Zemstvo committees out of 32 who attended the meeting.

A sense of panic followed, and there was a great crush for the exit, many women in escaping leaving their wraps behind.

ing of the Austro-Russian programme of Macedonia reform, based on Austro-Russian Consular reports. The period since January last shows that the condition of the provinces has greatly improved. The military government's measures against the revolutionary movement having largely contributed to the success of the reform. Up till August, 6000, or about 80 per cent of the total number of fugitives, had been repatriated, while the financial condition of the provinces was again satisfactory, showing a surplus of \$2,000,000, which is sufficient to cover the expenses of the troops maintained there in normal times.

The revolutionary condition of the provinces in recent years necessitated a large increase of the military forces and a consequent disorganization of finances.

The report remarks that the fund given Inspector-General Hilmi Pasha for the rebuilding of houses is still quite insufficient.

SCHEME DECLARED A FAILURE

Christian Elements Are Now Reported to Be Warring.

LONDON, Nov. 21.—The Standard prints a long letter from Constantinople dealing with the situation in Macedonia. The writer says there has been a remarkable change in the last six months. Formerly it was a question of protecting the Christian population against violence, but now it has become one of intervention between various Christian elements.

Reports of extraordinary lengths for the German press were cabled, including the speeches of the President and Ambassador Sternberg. Leading articles expressing appreciation of Mr. Roosevelt's utterances appear in most of the newspapers today.

The semi-official North German Gazette, which may be taken in this instance as representing general opinion, says:

"In Germany the celebration, and particularly President Roosevelt's address, will leave a lasting impression. The profound insight with which the President as a historian did justice to the personality of the great King and general, and described his heroic and unwarlike self-sacrifice for a great political idea fills us in Germany with warm sympathy.

We fully understand the position that the President, as a clear-minded statesman, assigns to the United States in its political relationship to the various European nations, whose emigrants for three centuries have found a home beyond the ocean and there have been blended into one indivisible whole, which, as a thoroughly specific individuality, is making itself felt more and more on the world's stage.

Our people and the American nation are really not rivals. On the other hand, they supplement each other in more than one salutary direction. If misunderstandings have occurred here and there, it is satisfactory to record that the clouds which formerly obscured the good relations between the two great peoples have been dissipated."

TO RESUME SMOOT CASE. Hearing Against Senator Will Be Taken Up When Congress Meets.

WASHINGTON, Nov. 21.—Senator Burrows, chairman of the Senate committee on privileges and elections, has received a letter from E. W. Taylor, the attorney who is conducting the case against Senator Smoot of Utah, enclosing a list of witnesses whom he wishes summoned when the rehearing begins next month.

There are 40 names, and it is expected that at least 25 will be examined. It is possible that a sub-committee may go to Utah about the first of January to take testimony. Senator Burrows says he intends to have a report made to the Senate in time for action before the adjournment of Congress.

TO CURB RAILROADS. President Urged to Recommend Greater Power for Commission.

WASHINGTON, Nov. 21.—Interstate transportation matters, with specific reference to the fixing of railroad freight rates, formed the subject of an important conference at the White House today.

By previous appointment Governor Van Sant, of Iowa; Governor Cummins, of Iowa; E. P. Bacon, of Milwaukee, chairman of the Interstate Commerce Law Convention; Frank Barry, of Milwaukee, secretary of the convention, and R. A. Hildreth, of New York, an officer of the National Lumber-Dealers' Association, called on the President to urge him to use his influence toward the enactment of a law which would confer on the Interstate Commerce Commission power to fix railroad freight rates in the event of a strike between states.

North German Gazette, Well Representing Public Opinion, Declares Address of President Will Leave Lasting Impression.

BERLIN, Nov. 21.—President Roosevelt's speech at Washington Saturday, on the occasion of the unveiling of the bronze statue of Frederick the Great, and attendant ceremonies have pleased Germany. REBELS KILL AND LOOT

Serious State of Unrest Continues in Armenia.

LONDON, Nov. 21.—A serious state of unrest continues in Armenia, where killing and looting prevail, according to a letter received in London today by the Bible Lands Mission Society from Dr. Reynolds of the American Board of Foreign Missions. Writing from Van, October 28, Dr. Reynolds says:

"Both the political and economical conditions are very unsatisfactory. Poverty has greatly increased, business is pretty much at a standstill, and to crown all the revolutionaries are so much in evidence that the people are in constant fear lest another massacre be precipitated. At the beginning of September, Van was brought to the very verge of massacre and more recently an important village has been looted and burned with 30 or more persons killed. So you see, the prospects for the Winter are far from bright."

The latest news brings communications that the people are in constant fear lest another massacre be precipitated. At the beginning of September, Van was brought to the very verge of massacre and more recently an important village has been looted and burned with 30 or more persons killed. So you see, the prospects for the Winter are far from bright."

that for ten years prior to 1897 the Interstate Commerce Commission had extended the power to adjust railroad freight rates in order to prevent discrimination but since that time, by reason of a decision of the Supreme Court, that power had been denied the commission.

It was urged by the delegation that a law be enacted by Congress conferring upon the commission authority to adjust rates when they were found to be discriminatory in their operation or in violation of the interstate commerce act.

The delegation also suggested to the President the desirability of discussing the subject in his forthcoming message. The President did not indicate, however, what his personal views were, contenting himself with giving a careful hearing to the statements made.
