HOLIDAY GREETINGS

To our patrons and the good people of Portland we extend our best wishes for this holiday season. Our thanksgiving is for a prosperous year of trading with you. If we've pleased you we're still more thankful.

BUCK'S RANGE

There is no drudgery in cooking with the **Buck's Stoves and Ranges**. The arrangement of the firebox, flues, dampers and ovens is so perfect that there is absolutely no loss of valuable heat. The fire burns brightly and evenly and the oven bakes and roasts quickly and thoroughly. There is a maximum of heat with a minimum of fuel.

Buck's Stoves and Ranges are made of solid cold-rolled steel and all removable parts of the finest gray iron. The firebox is lined with the "Duplex" grate which can be changed from coal to wood by a "simple twist of the wrist." The ovens are air-tight and "buckle proof." All oven doors and racks are coated with an indestructible white enamel which can be washed like a plate.
