Mayor's Keen Wit Hits City Reform

BEFORE BAR ASSOCIATION

"Portland as Law-Abiding as Any Other,"

Alfred F. Sears, Jr., Elected President Oregon Bar Association at Fourteenth Session-Committee Reports on Ditchburn.

"I will not may that this city is the best governed, but I can truthfully say that it is the most governed city in the

"If the Ministerial Association had its way, Portland would be a New Jerusa-lem, such as St. John saw in his vision. In fancy, if the association had its way, I could see Dr. Hill and myself walking in the New Jerusalem, he singing bass

and myself singing also.
"The Municipal League is composed of most excellent gentlemen. Many-of them came from Scotland to teach Americans how to behave themselves. I like Scotland for its romance, its poetry—yes, even its whisky, but Scotch Presbyterianism is about as digestible to me as pickles and

"Then there is the Taxpayers' League, which is known far and wide for its Joe

"There is also the Sheriff of the county. He reminds me of the bull in the china shop who smashed everything he could reach, and what he did not smash

he left in a very unsavory condition.

"A reform measure that is carried on with revolvers and sledgehammers may be best for the city—there is even some doubt about this.

"We have four of the best Circuit Judges in the state. They are prone to nervousness when they are confronted by honest gamblers. Judge George showed this when he rendered a decision the other day that took up two columns

in the newspapers.
"In spite of the howling of the press and the preachers, Portland is as law-abiding as any city in the world."

abiding as any city in the world."

All these and many more bon mots were handed out by Mayor George H. Williams at the banquet given last night by the Oregon Bar Association at the Commercial Club. The bunquet was the closing feature of the 18th annual meeting of the association, and it was a happy ending to one of the most successful meetings ever held by the members of the bar. The banquet was attended by local

ty and satirical to a degree. His reference to the many good people of the city who knew more about running the city's affairs soon set the many lawyers present in rare good humor, and he was repeatedly interrupted by applause. In the language of the street poet, he "took a fall" out of all the reform associations, the Judges on the bench, and wound up with a bit of bilistering on Sheriff Tom Word. It was all good-naturedly done, so much so that the filing the Mayor took at J. N. Teal, who was present, struck him so that he laughed and applauded

Seven Other Speeches.

The other speakers followed the May-or's strain of light and serious vein. The speakers and the subjects assigned them "What the Bench Owes the Bar," John B.

The End of the Law," Waldemar Seton Our Duty to the Bar Association," Co H. Carey, "The Client," William D. Wheelwright,

Jumant.

Judge Bellinger was scheduled for an address, but he sent word that the land-braud cases had tired him exceedingly but he thinks he can make the point but he thinks

committee was read by Secretary A. F. Plegel, and it showed the difficulty ex-perienced in getting speakers for the an-nual session. It also gave the reason for postponing the annual greeting two weeks to arrange for the session. The report was adopted, and was followed by Treas-urer C. J. Schnabel's report, showing a ballance in the treasury of \$69.44. He also handed in his resignation, after serving as treasurer of the Bar Association for the past ten years.

Report on Ditchburn.

In the case of the disbarment proceed-ings against John Ditchburn, the committee on grievances reported that while, in their opinion, they believed Mr. Ditchburn guilty of unprofessional conduct with his client. John Forebush, they would not client. John Forebush, they would not recommend disbarment, as they believed the offense was minimized. During the session the special committee on uniform legislation reported, favoring more uniform laws in the United States, especially to marriages and divorce. Attached to the report was a bill providing for the appointment of a state commission on the subject. This is to be introduced at the next meeting of the Legislature. The

Oregon Bar Association yesterday after-noon. One was by Judge M. C. George, who spoke on "Early Recollections of the Bench and Bar in Oregon." Judge Affred Seats made an address, entitled "Some Aspects of Crime and Criminal Lawe."

DR. WISE AND DR. MACKENZIE APPROVE THIS CHARITY.

Association Formed to Relieve the Sick Poor Receives the Co-Operation of Kindred Organizations.

The Visiting Nurse Association yester-day called a meeting at which delegates from the various churches and organizations of the city were present by invita-tion. It is the wish of the association to have these institutions interest themselves in the work and lend both financial and personal assistance. There was a good response to the call, and aside from the churches the Young Women's Christian Association, the Needlework Gulid of America, the Unitarian Women's Alliance. the Christian Union, St. Ann's Society, Women's Union, W. G. Elliot Fraternity, King's Daughters and many other organizations were represented. An advisory board will be formed of which the dele-Thomas G. Greene, C. D. Latourette, H.

How to Make "Cockie-Leekie." PORTLAND, Nov. 29.-(To the Editor.)-In interest.-I noticed a dish styled Cockie-Leekie, I am not able to find it in my cook book and will be obliged it you will let me know what it is, and if possible how it is made.

HOUSEKEEPER.

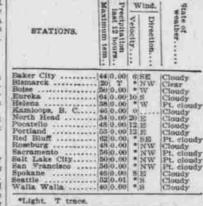

The dish in question is a soup made by boiling a fowl with leeks or onlons. It is an old-time favorite of the Scotch. "Housekeeper" has probably been misled in trying to hunt it up by an error in the name printed, owing to an "h" having been put in place of a "k". The true name of the dish is cockle-leekle, but in English cook books it is styled "cock-a-leskie."
To make it boll a young fowl in two
quarts of white stock until it is tender,
then take it up and put it aside. Wash
two bunches of leeks, trim away the roots and part of the heads, and cut them into one-inch lengths. Put these into the broth and add half a pound of boiled rice and a litle pepper and sait. Boll half an hour. Cut the fowl into neat joints, put it into the soup, boil up and serve very hot. The above is true cockle-leekle soup. Soup bearing this name is, however, as ofter served without the fowl as with it. Time required for cooking an hour and a half

ATTRACTING

Seventh Annual Exhibition of Fine Planos at the Ellers House.

A Wonderful Collection of Choice and Costly Makes Indicative of Western Culture-The Progress of Plano Building-Description of Several New Styles.

The seventh annual exhibition of fine pianos at Eliers Piano House is proving a reveintion to music and art lovers.

The magnitude of the undertaking can only be fully appreciated by a visit to the store.

The entire establishment is a complete and splendid art exhibit embracing a display of the richest-toned and most famous of pianos known to the modern musical world.

There is an elaborate and extensive showing of such peeriess pianos as the Chickering, whose tone possesses that subtle quality which identifies it as THE CHICKERING, just as a flower is identified by its perfume, and which evades all imitation.

In the present display of Chickerings are included some years afformal art.

all imitation.

In the present display of Chickerings are included some very exceptional art cased uprights, concert and parlor grands, and that gem of plano construction, the Chickering quarter grand, a plano which embodies a remarkably graceful ease, volume and strength, as well as all the beauty of the Chickering tone, and yet is so small and compactly built that it occupies but little more space than an ordinary upright plano. So popular has the Chickering quarter grand become as a wedding present that it is known throughout the land as the "Brides" A new style Chickering quarter grand become as a

throughout the land as the "Brides' Flano."

A new style Chickering upright an advance sample of 1905 style, is receiving much praise not only on account of its tone quality and ease of action, but also for the elegance and symmetry of case design along novel lines.

The display also includes the piano honored alike by Church, State and Stage—the Weber. His Hollness, Pope-Plus X has selected it as the official piano of all the apostolic palaces, as well as for his own personal use. This, in itself, is a notable honor, as His Hollness is no less distinguished as a muician than as a scholar. Its manufacturers have also recently been appointed official planomakers to the court of His Majesty the King of Spain.

And by practically all the leading musicians of the world, singers and planists, the Weber is the preferred instrument, its heautiful singing tone being a quality which speals especially to the artist's ear.

Special mention should be made here

the Weber is the preferred instrument, it's heautiful singing tone being a quality which appeals especially to the artist's ear.

Special mention should be made here of numerous most elegant Weber styles in design adapted from the French and also from the German schools. In tone quality these Webers are superb, possessing a wonderful refined sweetness, delicacy and purity, combined with a resonance and singing quality that has always characterized the instruments of Weber make.

Kimball pianos have a no less consplcuous place in this display. These are the pianos that come from the factory where everything is done right. They are worthly made, handsome and possess every one requirement.

Kimball pianos are found in cultured homes throughout the world, and in this Western country they enjoy a popularity that is simply phenomenal.

In Kimball pianos some new and attractive dealgns of the Colonial school are coming in for much praise. There is also a new style large upright in five-painel effect that is very striking and also original. In connection with this it may be stated that the last order just received from the Seattle School Board for Kimball pianos places thirteen Kimball uprights and one Kimball grand (the latter in the high school) before every child of school age in the City on the Sound.

Other great makes, such as the Hazeiton, the Lester, the Hobart M. Cable, the many-toned Crown, the Story & Clark, the Hallet & Davis, etc., etc., are included in the exhibit.

Every school of classic art is superbly represented—Renaissance, Colonial, Chippendale, new and chast designs, the cholocest woods in a great profusion of varieties.

cholcest woods in a great profusion of varieties.

A group in which much interest centers is the Acolian instruments, the entire line of Pianolas, Metrossiyle Orchestrelles, including the Acolian pipe organs. The newest and probably the most important of these instruments is the Pianola Piano. It is pronounced the most complete plano made, combining as it does facilities for playing perfectly either with the hands or through the medlumship of the Pianola, which is built into apace hitherto not used inside the plano case. All Pianola Pianos are equipped with the Metrostyle.

In this season's display is offered an opportunity to study the world's greatest efforts in plano production and plano case architecture. None of the planos in this display will be delivered on sale before Saturday, December 10. The public is cordially invited to our store during this display. Eliers Plano House, 251 Washington street, corner Park.

slowly, and no high winds have yet occurred, unless it be along the Strait of Fuca, where the telegraph line is in trouble, and no reports

the telegraph line is in trouble, and no reports have been received.

No rain of consequence has occurred in the Pacific States during the last 24 hours, and the temperatures continue mild.

The indications are for rain in this district Wednesday, with high winds.

Forecasts made at Portland at 8 P. M. for 28 hours ending at midnight, November 30:

Portland and vicinity—Rain; high south, shifting to southwest winds.

Oregon and Washington—Rain; high southerly, winds.

We Want Those Keys

For four days we've been advertising for a bunch of keys lost somewhere in Portland. We particularly want a key numbered 1287. Our name plate and private mark are also attached to the key ring. If you find it and bring it to us you will receive as a reward a handsome mahogany Chiffonier.

Complete Housefurnishers.
