Foster Will Soon Be in Washington.

## CONFIDENT OF RE-ELECTION

Senator Will Remain in State Until Contest Is Ended.

## KNOWS FOES ARE STRONG MEN

Oregon and Idaho Delegation Regrets Solon Is to Come Home, as He Could Do Much to Secure Good Sum for Columbia.

OREGONIAN NEWS BUREAU, Washington, Dec. 7.—Within the next ten days, Senator Foster will be taken personal charge of his position for re-election, and expects to remain until the Legislature elects his successor. While confident he will be chosen for a second term, Senator Foster admits that the electoral contest will be a very close one, so lively, in fact, that he is not sure he will give it his entire attention.

It is unfortunate for Columbia River interests that Senator Foster will be away from Washington during January, for it is the expectation that the river and harbor bill will pass the House soon after the holiday recess, and be considered and reported by the committee on commerce before the end of the month. In all probability, Senator Foster will not be able to return to Washington until after the river and harbor bill has been laid before the Senate.

The Oregon delegation, as well as the members from Washington and Idaho, had counted on Senator Foster to secure increases in the appropriations for the Columbia River. Without him, there will be no member of the committee on commerce especially interested in the Columbia River appropriations, and it will probably have to stand as agreed to in the House.

Fulton Introduces Two Bills.

OREGONIAN NEWS BUREAU, Washington, Dec. 7.—Senator Fulton today introduced a bill authorizing the issuance of patents to persons who have heretofore purchased grazing lands on Umatilla Indian Reservation. Before patent issues purchasers must prove to the Land Office officials that the lands they have acquired are not timbered and are of use only for grazing. Purchasers, while not discouraged in possession of lands, have heretofore been unable to obtain patents. Senator Fulton also introduced a bill to pay Simon Normie, John F. Fastabend and William F. McGregor \$30,000, reimbursement for losses they sustained as contractors on the Yamhill locks and dams while the Government was acquiring title to the land.

For Survey of Washington Harbors.

OREGONIAN NEWS BUREAU, Washington, Dec. 7.—Senator Foster today introduced and secured passage of resolutions authorizing surveys of Grays Harbor, Grays River, Swinomish Slough, Roche Harbor, Lewis River, Cowlitz River, Skagit River, Uwaco Harbor, Anacortes Harbor and Blaine Harbor in Washington. Some of these resolutions will be incorporated in the river and harbor bill. Surveys and estimates are desired so that appropriations can be secured next time a river and harbor bill is passed.

Senator Foster also introduced a bill authorizing the construction of two revenue cutters for service on Puget Sound.

Bill for Repeal of Timber Act Up.

OREGONIAN NEWS BUREAU, Washington, Dec. 7.—The House Committee on Public Lands today took up the bill passed by the Senate last session providing for the outright repeal of the timber and stone act. There was only a brief discussion of the measure, owing to the lack of attendance of members, and the bill went over until next Wednesday. Several members of the committee express confidence the bill will be enacted before the adjournment in March.

Claim for Salary Disallowed.

OREGONIAN NEWS BUREAU, Washington, Dec. 7.—The Court of Claims has acted adversely on the suit of Joseph P. Chinn, until recently clerk in the office of the Surveyor-General of Idaho, to recover \$900 claimed as salary. Chinn was dismissed by Surveyor-General Perrault two years ago.

Postmaster at Tappanish.

OREGONIAN NEWS BUREAU, Washington, Dec. 7.—Representative Jones today recommended the appointment of W. L. Scheerer as Postmaster at Tappanish, Wash., which has become a Presidential office.

NOTED RAILWAY MEN MEET.

Presidents of Lines Confer at Banquet Given by Ripley.

NEW YORK, Dec. 7.—A conference of railroad presidents has just been held at the Metropolitan Club, where the real or official heads of nearly all the great railroad systems of the United States dined as guests of Edward P. Ripley, president of the Atchafalaya, Topeka & Santa Fe. Nothing was made public as to the result of the deliberations which ensued.

There were 14 at the table, and, besides the host, who represented his own road, there were: George J. Gould, representing the Missouri Pacific and Western systems; Edward H. Harriman, the head of the Union, Southern and Central Pacific systems; Marvin Hewitt, president of the Chicago & Northwestern; Samuel Spencer, president of the Southern Railway; Roswell Miller, chairman of the Chicago, Milwaukee & St. Paul board of directors; A. J. Cassatt, president of the Pennsylvania; William H. Truesdale, president of the Delaware, Lackawanna & Western; William H. Newman, president of the New York Central; Charles B. McLean, president of the New York, New Haven & Hartford; President Hartung, of the Chicago, Milwaukee & St. Paul; B. L. Winchell, president of the Chicago, Rock Island & Pacific; Robert Mather, president of the

Rock Island Company, and F. D. Underwood, president of the Erie.

For some time it is said Mr. Ripley has been convinced that there were certain matters relating to the running of American railroads and phases of what might perhaps be called political questions having a direct bearing on railroading, that ought to be frankly discussed by the heads of the leading companies. With this object in view, invitations to the dinner were sent out, and Mr. Ripley came on from the West especially for it. Every man present had something to say, and it is understood, spoke his mind freely.

The exact nature of the discussion could not be learned, but one of those present said that some sort of a statement might be given out at a later date. It was added, however, that all those present had a more satisfactory feeling regarding certain great questions affecting American railroads when the conference ended.

CLIMAX IN CASE.

(Continued from First Page.)

will enter into it, I suppose. As to whether forgery can be proven, I am not now prepared to speak.

Regarding the arrest of Mrs. Chadwick by the federal officials, receiver of the Chicago property Nathan Looser said that he did not necessarily interfere with the action of the federal officials, but that she can be arrested in bankruptcy, and her bonds can be forfeited among her creditors.

After to make as strong a case as possible against Mrs. Chadwick, the federal officials will subpoena, as soon as service is possible, a number of witnesses who have known Mrs. Chadwick for years. The witnesses will attempt to prove that Mrs. Chadwick and Madame Devere are the same person.

SECURITIES ARE ATTACHED.

Receiver Wants Reynolds to Give Up Property of Mrs. Chadwick.

CLEVELAND, O., Dec. 7.—Referee Herald Remington, acting upon a motion filed by Nathan Looser, receiver for Mrs. Chadwick, today issued an attachment for all securities belonging to the latter in the possession of Ira Reynolds. Mr. Reynolds is commanded to appear before the referee with all stocks, bonds and securities held by him for Mrs. Chadwick. The bankruptcy proceedings will be heard before Referee Remington next Monday and are expected to show whether or not the securities alleged to be in the possession of Mr. Reynolds really exist. Mr. Reynolds is at present in New York, but a summons in the case has been served at his residence in this city.

Referee Remington has issued an injunction restraining Reynolds from transferring or disposing of the securities.

Application was also made today in the United States District Court for the summons of Mrs. Chadwick, Ira Reynolds and Emil Hoover, the receiver of Mrs. Chadwick, for purposes of examination in the bankruptcy proceedings. The petition, which was filed by Receiver Looser, recites that although reasonable effort has been made, the receiver has thus far been unable to secure possession of the property of Mrs. Chadwick.

The petition recites that he is informed that the persons named in the petition have in their possession securities, jewelry and other property of great value belonging to Mrs. Chadwick and which should be in the hands of the petitioner.

Prosecutor Keeler, of this county, and Prosecutor Stroup, of Loraine County, had a conference today regarding action taken in relation to the forged notes which were held by Mrs. Cassie L. Chadwick and which were the cause of the wrecking of the Oberlin Citizens National Bank. The conference related particularly to the matter of jurisdiction, and it was decided to take up the matter in the Loraine County Court.

Beckwith and Chasler Spear have been subpoenaed to testify before the special grand jury, which will meet tomorrow at Elkhart. Both prosecutors say they are determined to prosecute vigorously any infraction of the state laws in the Chadwick case.

## AGAIN CHANGES HOTELS.

Mrs. Chadwick, However, Shadowed by Secret Service Men.

NEW YORK, Dec. 7.—Mrs. Cassie L. Chadwick today again changed hotels. She went from the New Amsterdam to the Hotel Bristol, Twenty-ninth and Broadway. She left the New Amsterdam Hotel in a carriage accompanied by her son and maid.

Soon after Mrs. Chadwick arrived at the Hotel Bristol she was followed by the secret service men who have been shadowing her. They went to her apartment. The request was made immediately after B. J. Johnson, an attorney, representing the creditors of the Elkhart, O., bank, had called on Mrs. Chadwick.

There were rumors abroad before the arrest of Mrs. Chadwick that several banks feared a step would be necessary to have being run if it became known they had lent her money. No one quite intimately connected with the case knows what these banks are, or what has happened. A note for \$500,000, which President Beckwith of the Oberlin bank, says he is in possession of, was said to be in the hands of Mrs. Chadwick.

It is believed that the purpose of Mrs. Chadwick's trip to New York at the request of Mrs. Chadwick was to endeavor to raise funds on the Chadwick securities, said to be worth \$500,000, of which he is said to be trustee.

One of the prominent men from Ohio now here said: "In a day or two revelations will be made as to what has happened to be the most colossal affair of the century. Five prominent New York men, whose names have not yet been mentioned, will be involved in a deeply involved case. A number of wealthy and prominent Western men will also be dragged into the case, and numerous prominent men will follow. The case will be made public through the grand jury investigation, which begins at Elkhart, O., tomorrow."

Banker Turned Down Note.

BOSTON, Dec. 7.—The Globe says Mrs. Chadwick, before receiving the loan from Herbert D. Newton, of Brookline, saw a Boston attorney, gave him a \$500 note purporting to have been signed by Andrew Carnegie and the certificate that \$500,000 in securities were on deposit with the Wade Park Banking Company, of Cleveland, O., and asked him to raise a loan for her.

With the story of valuable property held in trust for the attorney applied to John M. Graham, president of the International Trust Company, for loan of \$500,000. Mr. Graham saw the note and certificate, but as he says, "there was altogether too much mystery about it. I said at once that I could not make a loan on that basis. Three minutes was all the time I gave to hearing the story and deciding not to make the loan."

Owen Large Jewelry Bill.

NEW YORK, Dec. 7.—It was learned today that Mrs. Chadwick obtained \$100,000 worth of jewelry on credit from Thomas Kirkpatrick, a jeweler of this city, last winter, and that the firm has made efforts for several months to get this jewelry or its money equivalent back. Mrs. Chadwick paid a part of the debt recently, it is said, and her obligation now amounts to about \$25,000. Robert Kirkpatrick, the credit man of the firm, verified the report that this money was still due from Mrs. Chadwick today. He said the firm's lawyers had been to Cleveland and recovered some of the jewelry.

Triumphed over all competitors, and so will it always be when careful investigation is made as to quality and price. Our house stands first for the quality of goods we handle, and second that our prices are consistent with the quality of the piano. The School Board has not in years made a wiser selection of pianos than the four Cable pianos selected for the Ladd, Couch, Brooklyn and Portsmouth Schools. We have handled the Cable piano for years and sold a large number of them in this territory, and they have always given perfect satisfaction and we have no hesitancy in saying they are the best pianos for the money on the market today.

NEWELL'S RIVERVIEW ACADEMY.

Mr. Newell, of the Riverview Academy, selected as best suited and adapted to his use, a fine Everett and Ludwig piano and one of the renowned Esty organs. All of the above came to us unsolicited and selections were made after a very thorough investigation of other pianos handled here, thus, as ever, stamping us as the place where the best can always be obtained for the money. In this connection we want to call attention to our stock of pianos especially selected for the holiday trade and on which we are making quite a substantial reduction in price this month. If you are needing a piano in the home you will find it greatly to your interest to see us at this time as we are prepared to meet every requirement as to price and terms.

fore have they been called upon to assist so great a number of unemployed men. According to statistics at the municipal lodging-house, First avenue, nearly 40 per cent more idle men needed help in November than was the case a year ago. During that month 731 persons, 90 per cent being men, were cared for. The condition is attributed to the completion of the completion of the construction work, which, of course, threw a large number of men out of employment, as to the fame of the tunnel, which has attracted thousands to New York in the belief that they could at once obtain lucrative employment.

## PROGRAMME IN THE SENATE

Steering Committee Decides Legislation Is to Come Up First.

WASHINGTON, Dec. 7.—The steering committee of the Senate today framed the programme of the Senate until the holiday recess. Four matters will be given attention during this period. They are the Philippine bill, on which the Senate today agreed to vote December 16; Statehood legislation, the nomination of William C. C. and the question of filling vacancies on Senate committees. No effort was made to outline a programme for the session, nor to hasten action on urgent bills which failed in the last session of Congress. Matters advocated by the President in his message to Congress have been discussed at informal meetings of Senators, and the understanding reached that some of them will be kept in the background until late in the session. Notably this is true in the special legislation granting the Interstate Commerce Commission supervision over the railroad rates. It is said several bills will be sent over from the House before long, and as usual in short sessions of Congress, nothing of a disputed character will be allowed to stand in the way of the President's message. It is believed by Senate leaders that there will be no substantial opposition to the statehood bill in its present form, admitting Oklahoma and Indian Territory as one state and Arizona and New Mexico as one state.

The Crum nomination, which failed of confirmation in three sessions because of a contest led by Senator Tillman, doubtless will go through at this session. It is said Senator Tillman has conceded his inability to prevent any longer the confirmation, and will be content to record his own vote in the negative when the matter comes up in executive session. Great interest attaches to the committee chairmanship of the committees of the judiciary, made vacant by the death of Senator Hoar, and on inter-oceanic canals, which has not been filled since the death of Senator Hanna. Senator Platt, of Connecticut, is ranking member of the committee on judiciary, and Senator Platt, of New York, of the committee on inter-oceanic canals. Senator Kittredge, who has been the most active member of the canal committee since the vacancy, is urged for the chairmanship. When the committee vacancies are filled, provision will be made for Senators Knox and Crane.

Miners Will Fight to Last Ditch.

DENVER, Dec. 7.—The executive board of the Western Federation of Miners, in session here, has decided to carry the damage case of the Center Star Mining Company against the Roseland, B. C. Miners' Union to the highest court in Canada, and, if necessary, to take it before the Privy Council of England. In an endeavor to obtain a reversal of the decision of the lower court, awarding the plaintiff damages in consequence of the strike of its employees.

No Cholera on Ship.

NEW YORK, Dec. 7.—Dr. Doty, health officer of the port, after examining the crew of the tramp steamer Coudon, on which it was believed there was a case of cholera, said: "There is no cholera on the vessel. When I examined the crew I found two cases of beri beri, which is not contagious in this country, and nothing else."

Clearly Defines America's Aims.

BERLIN, Dec. 7.—President's Roosevelt's statements in his message to Congress concerning the increase of the United States Navy, preserving order in the Latin-American Republics and insistence upon the "peace of justice" are considered by the newspapers as defining the American aims in relation to the countries more clearly than ever before.

## TO DEFEND BILL OF LADING

Railroads Will Introduce Testimony at Hearing Next Thursday.

CHICAGO, Dec. 7.—The hearing of the case of the railroads placing in operation a "new uniform bill of lading," against which thousands of shippers are complaining, has been continued until next Thursday, December 15, at Washington, by members of the Interstate Commerce Commission. The continuation was announced after three days of sensational testimony, tilts between counsel for the opposing sides and pertinent remarks by members of the commission. When the hearing is resumed it is said the railroad companies against which the investigation has been directed will introduce rebuttal testimony in an endeavor to prove that there is no desire on their part to impose the so-called 50 per cent increase under the common-law liability service for the common carrier.
