Bullet Found in Head of Girl Murdered in Colorado,

### CAUSE OF CRIME A MYSTERY

Expert Dental Work, It Is Believed, Will Lead to Identification of the Body-Nothing Else to Go By.

COLORADO SPRINGS, Colo., Dec. 18 .-That the young woman who was found dead on Cutler Mountain, north and south of Chevenne Canyons, on Saturday, was murdered was proven by the post-mortem examination. The removal of her matted hair and scalp revealed the wound in the head and resulted in the recovery of the

There is as yet absolutely no clew to the identity of the girl, the authorities being totally at a loss to establish any-thing in this connection.

The post-mortem examination was held at the Coroner's morgue at 10:30 o'clock today by Dr. P. O. Hanford, the operating being done by Dr. Gilmore, of the St. Francis Hospital staff, in the presence of Drs. Campbell, Hutchings, Arnoid, Scully and Estill, of this city.

The first part of the operation was the removal of the skull-cap, and this revealed the cause of death. The bullet entered the left side of the head, penetrated the skull about two inches be-hind and one and a half inches above the ear. Its course was almost directly through the head, the perforation indicating its second passage through the skull being about one inch lower than the point of entrance. The bullet lay between the skull and the cap, the latter not being perforated. The bullet was much flattened by its two contacts with

The authorities place no faith in the possibility that there is anything in the nature of a clew in any of the cards and papers found about the scene of the crime. Thousands of tourists annually attach their cards, letterheads and other papers bearing their names to trees and rocks in the canyons and on the mountain tops in the vicinity of this city, and they are blown about the hillsides pro-

At 2 o'clock this afternoon the postmortem examination of the murdered girl was complete. It was without result be-yond determining the cause of death. Dr. Hanford stated that her condition at the time of her death was normal and that it was a simple case of wanting to get rid of

the Sheriff and a dentist, who made an examination of the teeth of the dead girl, on which expensive and expert dental work had been performed. Great secreey has been thrown about the case, and Secret Service Agent Flynn, who bandled the case, absolutely refuses to discuss it. Adamson was kept in the local agency of the department three days and nights before the case was completed. He was arrested in a furnished room on Eighth avenue, where it is alleged he was negotiating for the sale of some notes. The supposed buyer was a detective, and he arrested Adamson on the spot. No trace of the printing outfit could be found, however, and this being the most important part the search was continued over wide section of the city, Information finally was obtained, and the materials were gathered in at different houses.

Adamson is asserted to be well connect-

ed in this city. He is highly educated and is said to be one of the eleverest men of the kind in America, but is asserted to have become a user of oplum, which of course he was not permitted to have after his arrest. Quantities of paper and ink enough to print \$1,000,000 worth of fives were found in many hiding places about the city. There was a press and a photographer's outfit, together with many delicate instruments, and the coloring materials of the skilled counterfeiter. delicate instruments, Adamson was taken to Connecticut for bearing, because a case has already been orked up there in which two of his alleged pals are under indictment.

SAN FRANCISCO, Dec. 19 .- The Toyo Kisen Kalaha, whose steamships the Hong Kong, America and Nippon were taken for nong America and Sippon were taken for new with the Japanese navy, will soon be in the field again with three new fast ocean-liners. The company will, it is said, within two months begin work on three 1200-ton steamers. The material for the liners has been bought in Scotland. The vessels will be built at Nagasaki.

It was the intention to build the liners with a speed of 19 knots. The Japanese government, however, wants the Toyo Kisen Kaisha to build faster boats-at least El-knotters. As this additional two knots will involve considerable expense, the steamship company has asked for a great-

Debtor May Not Be Discharged in Bankruptcy.

WASHINGTON, Dec. 19 .- In the case of W. R. Wetmore vs. Mrs. A. B. Markoe, the Supreme Court of the United States today held that an obligation to pay alimony and allowance to a wife and children is not in the nature of an ordinary debt and, therefore, cannot be discharged in bankruptcy. The opinion was delivered by Justice Day, who said:

"The bankruptcy law should receive such an interpretation as will effectuate its beneficent purposes and not make it an instrument to deprive a dependent wife and children of the support and mainte-nance due them from the husband and father, which it has ever been the purpose of the law to efforce."
