Twelve Persons Are Believed to Have Been Caught and Burned Alive or Killed by the Wreckage.

MINNEAPOLIS, Minn., Dec. 20 .- Pour or five, and possibly 10 or 11, people lost their lives early today in the Crocker Hotel, on Fifth street, through the falling of the highest wall of the O. H. Peck building, which was damaged by fire last Tuesday night

The high wind of last night loosened the bricks in the wall, and tons of brick and stones crashed down upon the roof of the three-story botel next door. The roof was carried through to the basement.

A number of people, who were asleep at the time of the accident, and who were not immediately in the path of the falling bricks, escaped with their lives, though badly injured. The Fire Department responded quickly, as did also a large share of the Police Department, who set to work rescuing the injured.

Mrs. Jennie Murray, a cook, was the first to be taken out by the rescuers. She was taken to the City Hospital.

Mr. Crocker, the proprietor, is probably dead. He was in the front of the hotel when the accident occurred, and has not been seen since.

William Imerman was sick in bed, and

Mrs. Williams, daughter of William Crocker, was asleep on the top floor when the crash came, and was buried beneath

In a twinkling the barge was ablaze from

The cause of the fire on the barge has not been explained. None of the survivors was in a condition to talk today, but it was learned that there was an explosion and burning oil was thrown over the vessel. The barge had on board 21,000 barrels, or 1,000,000 galtons, of oll.

SURPRISE WAS COMPLETE.

Russian Garrison Had No Knowledge of Big Mines.

LONDON, Dec. 29 .- According to special prrespondents with the Japanese army, the capture of the Kekwan fort was a complete surprise to the Russian garrison there having been no preparatory bombardment. Japanese sappers drove shafts to feet under the parapet of the fort from the escarpment and most. In these two tons of dynamite were exploded simultaneously, completely wrecking the interior of the fort, while siege and shrapnel guns shelled Russian troops in the veinity.
This occurred at 2 o'clock in the afternoon. A detachment of Japanese infantry made a headlong but premature rush and 60 of them became buried under a mass

In the meantime the Russians had been strongly reinforced and a fierce hand-tohand struggle with bayonets and grenades was continued till near midnight, when few Russian survivors retreated to the city and the fort was captured. Its construction displays the utmost scientific

Japanese Troops Being Moved From Pigeon Bay. (SPECIAL CABLE)

TOKIO, Dec. 19 .- Advices have been re selved here of the rapid and successful ovement of Japanese troops from the direction of Pigeon Bay. It is the object of General Nogi to separate the Russian headquarters from Liatishan Peninsula, for the purpose of making retreat to its protected ridges impossible. The force advancing from Pigeon Bay is considerable, and though imperial army headable, and though imperial army head-quarters have not yet vouchsafed the in-formation, it is generally believed that large hodies of troops are being with-drawn from the harbor side and shifted to positions where they will be ready to join in the land attack. Temporary head-quarters have been established at Liu-chiatun, and the advance is being direct-ed from that noint

While no doubt exists as to the anxiety of Japanese commanders to avoid shelling any of the positions where hos-pitals are located, it is greatly feared the task will be a difficult one. The report of the capture of a strong ostion about three miles distant from 208-Meter Hill is officially confirmed. It commands several points which have proven untenable hitherto, owing to fire from the nearest forts at Etzeshan. The position may prove of great advantage in the attempt to fortify the top of 20g-Meter Hill.

Samelima Given the Praise.

TOKIO, Dec. 30 .- All Japan is today ringing with praises of General Samejima, survivors of the crew of the the hero of the assault on Kekwan Mountain fort. It is conceded that his heroism inspired his men and turned a threatened disaster into a splendid victory.

General Samejima is an old Samurai veteran of the war of the restoration and the Satsuma rebellion. He is gray-haired and bent, but is wiry and active. He is an engineer and was formerly a garrison commander. He is Japanese specialist in fortifications and was called to Port Ar. thur to superintend the siege works. Does Not Appear at Hearing in Bankruptcy.

SEARCH FOR MISSING JEWELS

Her Maid and Son Are Examined Without Very Much Information Being Obtained by Loeser -Inquiry Not Ended.

CLEVELAND, Dec. 12.-Four witruptcy proceedings against Mrs. Cassie L. Chadwick, after which the hearing was continued until tomorrow, when Receiver Nathan Locser hopes to have the woman present. Mrs. Chadwick's appearance will depend on a report to Referee in Bankruptcy Remington as to her physical condition, her counsel stating in court that she was ill, and it being agreed that several physicians should make an examina-tion tomorrow morning.

But little information was secured today as to Mrs. Chadwick's jewelry that creditors think she has, or of a missing trunk and value the receiver desires to find. The examination today of two of the witnesses, Emil Hoover, Chadwick's son, and Swanstrom, her maid, centered about three articles. From several admissions made. Receiver Loeser, however, will continue his inquiry with the hope of locating the property.

At the afternoon session of court, Benjamin G. Malzimer, manager of a Cleveland fur company, told of furs and rugs, valued at \$2000, which were held for Mrs. Chadwick. The proprietor of the same concern denied, in answer to a question, that Mrs. Chadwick had purchased a \$1600 fur-lined coat.

On the Way From Europe. NEW YORK, Dec. 19 .- A special cable NEW YORK, Dec. 12.—A Special cable dispatch to the World from Paris says that Dr. Leroy S. Chadwick and his daughter. Mrs. Chadwick's Son and Maid Put on the Stand. CLEVELAND, O., Dec. 19 .- Mrs. C. L.

Chadwick was too ill to appear today before Referee Remington in the bank-ruptcy case against her. The announcement to that effect was made in the bankruptcy court. The examination of Freda Swanstrom,

Mrs. Chadwick's maid, was then begun by Attorney Grossman, with a view to getting information as to the where abouts of valuable jewels and papers be longing to her employer. Miss Swanstrom said she had been in Mrs. Chadwick's employ for six months and accompanied her on all of her trips. She was not the confidante of Mrs. Chad-wick, she said, and never looked after Swanstrom said she had been in

Mrs. Chadwick's jeweis. Mrs. Chadwick took care of them herself. She did not know where they were. Mrs. Chadwick's son, Emil Hoover, was then called. He could not tell the present whereabouts of a trunk or satchel were removed from the Holland

House. Young Hoover told of a visit he made to Cleveland before his mother's arrest. She had sent him here to obtain a pack-age deposited with a local trust com-pany, and which she said was very important. He said he thought there was

valuable papers in the parcel.
"Mother seemed greatly worried about would explain in time."

In the afternoon a lengthy argument ensued between Attorney Grossman for the creditors and counsel for Mrs. Chadwick, as to her ability to appear in court. It was agreed that two physicians should examine her and report on her condition to the court tomorrow.

Dr. Chadwick Bids Farewell.

PARIS, Dec. 19 .- Acquaintances of Dr. Leroy S. Chadwick, of Cleveland, O., who left Paris for London, yesterday, received letters from him, thanking them for ourtesies extended to him. The letters are blurred, the signatures resembling "J R. Ann," whereby it is believed Dr. Chadwick is seeking to avoid further attention. He did not book a passage on the American line steamer Philadel-phia here, but it is believed that he in-tends to carry out his statement that he would sail this week.

DENVER, Dec. 19 .- The Supreme Court today adjudged Leonard Rogers, William G. Adams, Louis Hamburg and Thomas Kinsley guilty of contempt for conduct in Precinct 2. Sentences were imposed as follows: Rogers, six months in jail and fine of \$100 and costs; Adams and Hamburg, three months in jail and fine of \$100 and costs each; Kinsley, fine of \$50

The court announced that the evidence showed that Rogers, Adams and Hamburg had prevented the appointment of a Republican clerk, and Kinsley had ejected the Supreme Court watcher from the polis. Rogers is a deputy sheriff and was a candidate on the Democratic ticket for the State Senate. Kinsley is a prizefighter. The defendants, City Detective William

Automatic Couplers Must Be Placed on All Cars.

COURT DECIDES

Case Was That of Brakeman on the Southern Pacific Who Lost His Hand While Working Between Cars on His Run.

WASHINGTON, Dec. 18.-In a decision handed down by Chief Justice Fuller in the case of Johnson vs. the Southern Pacific Railway Company, the Supreme Court of the United States today practically held that all cars, including locomotives, should be equipped with uniform auto-matic couplings. The court also held that dining-cars cannot be exempt from the requirements of the safety-appliance law

when in use, even though empty. The decision is considered by the Inter-state Commerce Commission and the Depariment of Justice to be a decided step forward in the protection of railroad em-ployes. Secretary Moseley, of the commission, summarizes the points decided

First-That couplers on railroad cars must be of such a character that they will couple automatically and so save employes from going between cars, though absolute uniformity is not required.

Second—A car, though empty and on a sidetrack, may be engaged in interstate

Third-That for the purpose of the safety appliance laws locomotives are cars and they are required to be equipped with the automatic couplers.

The accident out of which the suit grew occurred at Promontory, Utah, in 1909, when Johnson, who was the head brakeman on a through passenger train be-tween San Francisco and Ogden, was di-rected to couple the locomotive to a din-ing car, which was standing on a side-track at that point. The engine and car were equipped respectively with the Jen-ney coupler and the Miller hook, but they did not work together, and Johnson was compelled to go between the trains, with the result that his hand was badly mashed and amputation became necessary. He brought suit for damages, but both the Circuit Court for the District of Utah and the Circuit Court of Appeals for the Eighth Circuit decided against bim. Today's opinion reverses both these judg-ments and orders a new trial.

Woman a Human Being.

Henry Van Dyke in Everybody's. In Shakespeare's time a woman's existence in the eye of the law, was merged in that of her husband. A man could eay of his wife: "She is my goods, my chattels; she is my house, my household stuff, my field, my barn, my horse, my ox, my anything." The very presents which he gave her were still his property. He could beat her. He could deprive her of the guardianship of her children. It was not until the end of the 17th century century that the law secured to her a right to the separate use of her property, and not until the middle of the 19th cen-tury that the legislation of Great Britain and America began to recognize and pro-tect her as a person, entitled to work and receive wages, to dispose of her own earn-
