

CHADWICK GIVEN

Chadwick Extradition Warrant Refused.

SHERIFF TO MAKE ARREST

Necessary Affidavit Has Been Forwarded to New York.

TESTIMONY IN FORGERY CASE

Officer From Cleveland Says He Has Known the Accused for Years, and Regrets the Task Before Him.

ALBANY, N. Y., Dec. 26.—Sheriff Barry, of Cleveland, O., was refused an extradition warrant for Dr. Leroy S. Chadwick at the executive chamber here this morning. The ground of refusal was that his papers failed to prove that Dr. Chadwick was in the State of Ohio March 5, 1908, when the forgery of the signature of Andrew Carnegie, in which he is accused of having been concerned, with his wife, Cassie L. Chadwick, is alleged to have been committed. Sheriff Barry went on to New York.

Sheriff Barry decided not to try to correct his papers now, but to go on to New York and arrest Dr. Chadwick and arrange for his extradition afterward.

Before leaving for New York Sunday the Cleveland Sheriff telegraphed to the executive department here asking that the papers be prepared so that there might be no delay upon his arrival early today.

When the telegram was received Governor Odell was at his home in Newburgh and the message was given to his pardon clerk. Judge Joyce immediately telephoned the Governor and received reply from him to deliver the prisoner in case the papers were properly drawn up.

Sheriff Barry called at the executive chamber this morning and presented to Judge Joyce the requisition papers signed by Governor Herrick, of Ohio, asking an extradition warrant to enable him to take his prisoner out of New York State.

When the Sheriff learned that his proof was defective he concluded to telegraph to have the necessary affidavits prepared and sent to him at New York. He said that it was a purely formal matter, and that affidavits could be promptly obtained showing that Dr. Chadwick was in Ohio on or about March, 1908.

The Ohio Sheriff left soon afterward for New York, where he will wait for Dr. Chadwick's steamer, which is expected Wednesday. He will consult with New York authorities regarding the best course of procedure. Before leaving Sheriff Barry said that while he was disappointed at not obtaining the requisition warrant at this time, the failure would not delay him to any appreciable extent.

PAPERS ARE ON THE WAY.

Sheriff Barry Will Have Testimony Against Dr. Chadwick.

NEW YORK, Dec. 26.—Sheriff Barry, of Cleveland, reached New York this afternoon from Albany and went to the Hoffman House, where he will remain until the arrival of the steamer Pretoria, which is bringing to this country Dr. Leroy S. Chadwick, of Cleveland, and his daughter, Miss Mary Chadwick. Mr. Barry is not at all disconcerted over his inability to obtain the requisition papers from Governor Odell which would permit him to take Dr. Chadwick to Ohio. In conversation with a representative of the Associated Press tonight the Sheriff said:

"I do not find any fault with Judge Joyce in declining to issue the requisition papers. I realize that it is necessary for him to act absolutely in accordance with his interpretation of the law. I decided that it would be better to have the matter straightened out in Cleveland. Prosecutor Keeler has already forwarded to me an affidavit giving me the testimony before the grand jury tending to show that Dr. Chadwick was in Cuyahoga County, Ohio, March 2, 1908, upon which date the alleged crime was committed, and this affidavit will be in my hands tomorrow morning."

"Sixth—That in confirmation of my undeviating heart's desire, as expressed in the imperial manifesto of March 2, 1908, for the protection of the fundamental laws of the Empire of tolerance in matters of faith, the laws dealing with the rights of communities and persons belonging to heterodox and non-Christian countries should be submitted to revision, and that, independently of this, measures should be taken for the removal of all limitations on the exercise of their religious freedom directly mentioned in the law."

"Seventh—That there should be such revision of existing ordinances limiting the rights of foreigners and measures in certain localities of the Empire, that in the future there should be only such of them as are required by the present interests of the Empire and the manifest needs of our people."

"Eighth—That all unnecessary restrictions should be removed from the existing press laws, and that printed speeches should be placed within clearly defined legal limits; that the native press, in accordance with the progress of education and the independence thereby securing to it, should be left the possibility of actively fulfilling its high calling, namely, to be the true interpreters of reasonable strivings for Russia's advantage."

"Acting upon the above principles, with a view to a great internal change impending in the early future, part whereof, under instructions previously given by us, are already under preliminary examination, we deem it well, in view of the diversity and importance of these changes, to fix an order of business for consideration of means and the possibility of their early and complete realization. The closest co-operation is incumbent on the various sections of the administration throughout the whole series of our state institutions."

"With reference to all the above-mentioned subjects, the Council of Ministers has to examine the best way of giving effect to our views and to submit to us at the earliest possible date its decisions as to the further shape of the above-mentioned measure in their prescribed order. The committee has also to report to us as to the subsequent progress of the elaboration of matters maintained."

had been adduced before the grand jury, tending to show that Leroy S. Chadwick was in this county on March 5, 1908, upon which date the alleged crime was committed. Mr. Keeler subsequently swore to this affidavit before a notary public, after which it was at once forwarded to Sheriff Barry at New York.

STUDENTS IN A FERMENT.

Moscow University is Closed After the Recent Disturbance.

ST. PETERSBURG, Dec. 26.—There seems to be no evidence of cessation of the agitation in different parts of the country in favor of the liberal reforms. The situation is most acute in Moscow, where the university is closed and the students at other colleges are in a constant state of ferment.

It develops that the social revolutionary party in Moscow, before the demands of December 18 and 20, issued a proclamation condemning to death Grand Duke Sergius and Police Master Trepoif. If during those demonstrations there should be a recurrence of the police brutality which were witnessed in St. Petersburg. Subsequently the students decided not only to cease attending school, but demonstrate on the occasion of the burial of the victims of rioting of December 18 and 19; to ally themselves with the labor movement and take up arms in their own defense. They also asked the professors of the university to back up their demands. As a result, the latter obtained permission to make a searching inquiry into all the circumstances.

General Kutropatkin, according to an independent source, is in the city of Moscow Red Cross detachment at the front, has added his voice in favor of broader activity of the Zemstvo. This may be fraught with immediate significance later.

RIOTS IN POLAND.

Mobilization is Creating Much Disorder at Present.

ST. PETERSBURG, Dec. 26.—While the new mobilization is proceeding quietly in most places, disorders are reported to have occurred in Poland. The most serious disturbance was at Razon yesterday, where one Colonel was killed and a general wounded.

There also has been much rioting at Bialystok, where 600 corpses fill the streets, and many houses and fruit stalls. No one, however, was killed.

The Emperor has his personal aids-de-camp at all of the mobilization centers in order to see that everything is done for the inhabitants and conscripts to obtain immediate reports at first hand of any disturbance.

WITTE AGAIN IN FAVOR.

Frequent Visitor at the Palace of Emperor Nicholas.

ST. PETERSBURG, Dec. 26.—M. Witte seems again to be high in favor of the Emperor, and is almost a daily visitor at the Tsarskoe Selo palace.

The Zemstvos generally are increasing the rates of taxation 25 per cent. in order to meet the increased demands of the Red Cross work for the relief of the reservists.

American Attaches Coming Home.

ST. PETERSBURG, Dec. 26.—Lieutenant-Colonel Walter S. Schuyler and Captain Carl Richmann, the United States military attaches with General Kutropatkin's army, have arrived here, making a journey of 20 days. After completing their formal calls they will leave immediately for Washington. Both officers have personally seen much fighting, having been present at the battles of Yafanagow, Liao Yang and Shakhe. They express satisfaction with the treatment accorded them, but as they left, the front under the people to the fullest extent, giving equal opportunities."

United States Held up as Example.

ST. PETERSBURG, Dec. 26.—The reaction of Gradostnik publishes a remarkable article against the bureaucracy, declaring that it was responsible for the Russian Revolution, the fallen Roman Empire and the decay of China, whereas Japan has succeeded because, while it overthrew the bureaucracy, it retained the principle of the sacred power of the sovereign. The paper expresses the hope that the bureaucracy is seeing its last days in Russia and adds:

"Bureaucracy is more or less present in all countries except the United States, where the laws safeguard the liberties of the people to the fullest extent, giving equal opportunities."

Jewish Passport Not Yet Taken Up.

ST. PETERSBURG, Dec. 26.—The commission which is investigating the passport question has not yet taken up the subject of Jewish passports, either foreign or domestic, the whole matter having been temporarily postponed pending the decision of other points. Foreign passports for Jews are issued only in good for the period for which they are issued by foreign governments without requiring the holder, as now, to take out Russian passports at the end of six months.

DODGE IS VERY ILL

Collapses in His Room at a New York Hotel.

OVERCOME BY EXCITEMENT

District Attorney Jerome Will Give Out No Information Concerning Man Brought Back From Texas on Perjury Charge.

NEW YORK, Dec. 26.—Charles F. Dodge, who returned from Texas last week in charge of United States Marshal Hanson to answer to a charge of perjury, suffered a collapse in his room at the Broadway Central Hotel today and a physician was speedily summoned. Later a second physician was called in consultation. During the remainder of the day one of the medical men was in constant attendance.

Assistant District Attorney Garvan called on Dodge and was later asked concerning his condition. "Mr. Dodge is a very sick man under the care of a physician. He is suffering from malaria and a general undermining of the system."

County Detective Jesse, one of the District Attorney's office force guarded Dodge and said that Dodge was in a highly nervous state as a result of the reaction after the excitement of his arrest, followed by the comparative quiet of the past two days.

Mr. Garvan called on the ex-hotel manager for the purpose of securing his signature to a transcript of a notary's report of his statement to District Attorney Jerome. Mr. Garvan declined to discuss the case in any of its phases.

Messrs. Jerome and Garvan spent most of the day in their office working on the Dodge case. Mr. Jerome refused to be interviewed and said he could not say when he would present the case to the grand jury.

James W. Osborne, counsel for Dodge, said there were new developments today.

GOLD-BRICK MAN IS DEAD.

Thomas O'Brien, Originator of the Swindle, Serving Life Sentence.

NEW YORK, Dec. 26.—A report has reached this city that Thomas O'Brien, the notorious gold-brick swindler, is dead in the French Penal Settlement at Cayenne, where he had been serving a life sentence for the murder of his partner, "Kid" Waddell, in Paris, in 1887. Several of O'Brien's old friends in this city are said to have received the news direct from Cayenne. Several years ago it was reported that O'Brien had escaped from the penal settlement and was on his way to New York. The report was never confirmed, however, and the authorities never got sight of O'Brien.

O'Brien's career was a remarkable one. He was born 35 years ago, in Chicago, and, aided by an attractive personality, managed to make an enviable record. In New York he was caught a steamer, and the police saw a man crawling out of a side window of the building soon after the blaze started. She said he went across the street and watched the flames spread. Her description of the man led to the arrest of Witt.

Italian Duel Ends in Death.

NEW YORK, Dec. 26.—A fatal duel has been fought in West Farms, Borough of the Bronx, between two Italians. Fully 300 people saw the battle, which occurred at the street terminus of a trolley line. Many were within a few feet of the combatants, but they were held back by a police line. The duelists fought for a trolley car after a quarrel. Both drew revolvers, backed apart and began shooting without preliminaries. Several shots had been fired when one of the men fell with a bullet through the head. A policeman arrived at the moment and gave chase to the uninjured Italian. Several times the officer fired at the fugitive, who finally fell and was captured. He was one of the wounded. The cause of the duel was not learned.

PASTOR KILLED IN PULPIT.

Volley Fired From Outside During Christmas Celebration in Church.

HANESVILLE, Ala., Dec. 26.—Nine negroes were holding a Christmas celebration in a church at Hanesville, Ala., Monday night, when a volley of shots were fired into the congregation from the outside. Rev. Mr. Clay, the pastor, and one of the negroes were fatally and another seriously wounded. The shooting caused a panic.

Later, the dead body of Henry Jett, a white miner, was found near the church. It is supposed he was the man who was probably dying at a hospital in this city. Brennan was boarding with Mrs. Lowney at the latter's boarding-house in Stumptown, a suburb of this city. The couple are engaged to be married. Brennan has been on a spree, and after quarreling with the woman, smashed the dishes and furniture. Later Mrs. Lowney and her children went to a neighbor's, where a party was in progress. Brennan came in and shot Mrs. Lowney twice, in the chest and in the back, inflicting serious injuries. He then turned the revolver upon himself and is dying. Brennan came here from Butte.

Shot Landlady and Himself.

LEADVILLE, Colo., Dec. 26.—As a result of the drunken rage of Patrick Brennan, both he and Mrs. Kate Lowney are probably dying at a hospital in this city. Brennan was boarding with Mrs. Lowney at the latter's boarding-house in Stumptown, a suburb of this city. The couple are engaged to be married. Brennan has been on a spree, and after quarreling with the woman, smashed the dishes and furniture. Later Mrs. Lowney and her children went to a neighbor's, where a party was in progress. Brennan came in and shot Mrs. Lowney twice, in the chest and in the back, inflicting serious injuries. He then turned the revolver upon himself and is dying. Brennan came here from Butte.

Soldier's Suicide, by Gas.

DES MOINES, Ia., Dec. 26.—Corporal Lewis, of the Eleventh Cavalry, committed suicide in the Wellington Hotel today by turning on the gas in his room. He was found by the janitor. He had served in the Regular Army many years, and had seen service in the Philippines.

Brennans Numerous in Butte.

BUTTE, Mont., Dec. 26.—There are five Patrick Brennans in Butte, but none of them is missing. A Mrs. Hannah Lowney formerly lived here, but has left, and her whereabouts is not now known.

SLEET AND SNOW IN KANSAS.

Severe Winter Storm is Sweeping the State.

TOPEKA, Kan., Dec. 26.—A severe winter storm prevails over Kansas tonight. Much sleet and snow have fallen with a rapid fall in temperature. There will be little suffering among stock, the farmers being generally well prepared for the winter.

There is a blizzard sweeping over Indian Territory. There was a drop of 25 degrees in the temperature. Stockmen assert that the cold wave will not effect cattle as they are in excellent condition and able to stand much cold.

Zero in the Dakotas.

WASHINGTON, Dec. 26.—Reports to the Weather Bureau say the first degraded cold wave of the season is spreading rapidly southeastward over the east slope of the Rocky Mountains. The temperature this morning is below zero in the Dakotas, Montana, Western Wyoming, with a minimum rating of 20 degrees below at Havre, Mont. The area of high pressure attending the cold wave occupies the northeast Rocky Mountain slope and extends well southeastward into Nebraska.

Frozen to Death at Depot.

HERO MORE THAN ONCE. Captain Clininn Receives Medal for Rescuing Capsized Yacht Crew.

CHICAGO, Dec. 26.—The presentation of medals for heroism at St. James' Episcopal Church has brought out the fact that one of the recipients is several times a life-saver. He is Captain V. Clininn, Inspector of rifle practice in the First Regiment, Illinois National Guard. A year ago he was the rescuer of two Italians. Fully 300 people saw the battle, which occurred at the street terminus of a trolley line. Many were within a few feet of the combatants, but they were held back by a police line. The duelists fought for a trolley car after a quarrel. Both drew revolvers, backed apart and began shooting without preliminaries. Hard Lines for Old Drunkards. NEW YORK, Dec. 26.—Arrest, instead of a comfortable cot, will be the lot after January 1 of the several thousand habitual or occasional drunkards who in the course of the year seek Bellevue Hospital for treatment and use the institution as a handy place to sleep off their spree.

Preliminary to the scheme of disposing of the list of alcoholic patients is a statement that a detail of police will be on duty day and night at the hospital. When a drunkard appears as a candidate for the alcoholic ward his pedigree will be examined. If found to be an old customer,

he will be arrested and taken in charge by the city police department. By this business method the officials of the Bellevue Hospital propose to reduce the constant overcrowding in the alcoholic department. There are often 70 patients there, and there are only places for 25.

theater, brought out a child, apparently dead, found his sister-in-law hysterical and took her to the Schiller building, and came back, but was excluded from the fire lines by the police.

The act of heroism, however, for which Captain Clininn received the "Life-Saving Medal," founded by Henry E. Weaver in 1892, was the rescue last May of three men from a capsized yacht, in which he, with eight others, had been sailing.
