Sister Identifies Mount Cutler Victim.

IT MAY BE MRS. BOUTON

Hairdresser Says Tress Came from Woman's Head.

TRAVELED FOR A DRUG-HOUSE

Sold a Bill of Goods in Colorado Springs, Which Was Never Sent—Was Last Seen in Mrs. Crook's Shop.

SANTA BARBARA, Cal., Dec. 26.—Mrs. Charles Nelson, of this city, believes that the dead woman found near Colorado Springs, Colo., was her sister, Mrs. Beale Bouton.

The main point upon which the conclusion is based is the peculiar nature of the dental work shown on the teeth of the dead woman. Other circumstances support this conclusion. She says Mrs. Bouton left Santa Barbara last August for Los Angeles, going thence to Denver.

HAIR IS SAME COLOR.

Colorado Springs Woman Identifies Lock From Dead.

COLORADO SPRINGS, Colo., Dec. 26.—"The hair is the same color as that which I dressed for the representative of Dr. J. Parker Pray, who sold me a small bill of goods early in October last," said Mrs. H. R. Crook, a hairdresser of this city, to a city detective today.

The answer was in reply to a question by the officer who presented a lock of the hair taken from the body of the Mount Cutler murder victim, and has almost convinced the officers that they are able to locate the identity of the victim. While the hairdresser does not know the name of the female drummer whose hair she dressed, it is believed that she is none other than Mrs. Beale Bouton, daughter of Charles R. Kempier, 406 Avery avenue, Syracuse, N. Y., and a sister of Mrs. Charles R. Nelson of Santa Barbara, Cal., who is reported as missing since early in October.

A visit from some member of the family to this city is anxiously awaited by Chief Reynolds. The description certainly tallies very closely and except in minor details are the same.

It is learned that early in October a woman believed to be Mrs. Beale Bouton called upon a number of druggists and hairdressers of this city as the representative of Dr. J. Parker Pray, manufacturing chemist, 12 East Twenty-third street, New York City. She sold a small bill of goods to Mrs. Crook and had her hair dressed while she was at the store.

For this reason, Mrs. Crook expressed the opinion that she would recognize the color and texture of the hair if she saw it again. When the detectives showed her a lock of hair taken from the body she expressed the opinion that it was the same.

While selling the bill of goods it was arranged that they should be shipped within a case to the Robinson Drug Company, but Mrs. Bouton has never called upon the latter firm for its order, nor has Mrs. Crook received the goods she ordered. The detectives have been unable to find anyone in the city who has seen her daughter in that time, although she had expected to call on several druggists and did call on others. While in the hairdresser store Mrs. Bouton did not remove her gloves and the hairdresser did not see her hands and could not tell if she wore jewelry of any kind.

No word has been received by Chief Reynolds from Syracuse, but today he received a telegram from the Chief of Police James Ross of Santa Barbara, Cal., as follows:

"Mrs. Nelson, of this city, thinks the murdered woman to be her sister who left here in August with Milton Franklin, lives Syracuse, N. Y. Wire description." The request was complied with and a complete description was at once sent West.

An examination of every hotel register in the city, and inquiry at the leading rooming-houses patronized by tourists, fail to shed any light on the matter. The name of Mrs. Beale Bouton does not appear and it is now believed that she stayed here under another name. An examination is being made in an effort to locate Milton Franklin.

Description of Dentistry Fits.

SYRACUSE, N. Y., Dec. 26.—Mrs. C. R. Kemter, of this city, believes that the girl found murdered on Cutler Mountain, near Colorado Springs, is her daughter, Mrs. Beale Bouton. She last heard of her daughter in October, when she was informed that she would leave Colorado Springs and go to Wilkesbarre, Pa., and reach Syracuse on Christmas. The description of the murdered woman fits Mrs. Bouton, whose daughter, when she was exact. Members of the family declared that if the dead woman proves to be Mrs. Bouton, they know the man involved.

PLAN TO FEDERATE.

Presbyterians May Form Co-operative Council.

NEW YORK, Dec. 26.—Official announcement is expected this week, according to the Times, of the details of the plan whereby it is hoped to bring all the religious bodies of the United States having a Presbyterian form of government into one organization which, while not providing organization, shall afford a basis for co-operative work that has not before existed. The plan provides for the organization of a federal council of the Reformed churches in the United States of America holding the Presbyterian system.

The plan of federation, if carried out, would bring into one organization, the 2,000,000 or more members of the Presbyterian and Reformed churches, and will be made public this week in order that it may be thoroughly discussed and may be acted upon in the synods and assemblies of the various bodies next Spring. The aim is thus to secure the approval of the various supreme judicialities to a general plan, and have the committees continued and instructed to prepare a definite plan for adoption a year hence.

churches in the council shall be regulated by the number of communicants in the affiliated bodies, on the basis of four representatives for each 100,000 communicants up to 200,000, and four additional representatives for each additional 200,000 communicants.

On this basis the Presbyterian Church North, with its 1,000,000 members, would have 34 representatives in the council; the Presbyterian Church South, and the German Reformed churches, would have eight representatives each, and of the other bodies officially represented at the Pittsburgh meeting the Dutch Reformed, the Reformed Presbyterian General Synod, the United Presbyterian and the Cumberland Presbyterian would have four representatives each, making in all a membership of 28 in the council. Other Presbyterian bodies believed likely to join include the Christian Reformed, the Associate Reformed Synod of the South and the Reformed Church in America, and the Welsh Calvinistic, which would add four representatives each to the council.

It is provided in the plan of federation that the council shall have power to deal with differences which may arise among the several churches of the federation in regard to matters within the jurisdiction of the council, which the constituted agencies of the churches concerned have been unable to settle, and which shall, therefore, be referred by the supreme judicialities of the churches of the council.

Faces Must Be Shaved.

NEW YORK, Dec. 26.—A preliminary decree, reported to have been made by the Minister of Foreign Affairs, commanding that all of the employees of the Foreign Legation, high and low, shall shave off their mustaches and beards, has created considerable excitement, says a Paris dispatch to the World. Protests from the Legation of Government officials are said to have brought the reply that even the mustaches of the employees are at the service of the state. A federation has now appeared to the Society for the Protection of Rights of Mankind.

Bled to Death From Nose.

NEW YORK, Dec. 26.—Nosebleed has caused the death of Edward Murray, 17 years old, a clerk living in Brooklyn. He returned from work Christmas eve in his usual health, but awoke in the morning with a severe headache. A few hours later blood began running from his nose. Doctors were called, but could not stop the flow, and Murray soon died.

Edits at Long Range.

BELGRADE, Dec. 26.—The newspaper Opposita came out today with an editorial vigorously demanding that the regicides of King Alexander and Queen Draga be executed, as were the murderers of Prince Milan, in 1888. The paper was promptly confiscated. Its editor writes his articles from the safe vantage point of Zemlin, Hungary.

STRUCK HIS CHIEF

Kodama Has Been Recalled From the Front.

WAS OYAMA'S CHIEF OF STAFF

One of the Greatest of Japan's Generals—His Brilliant Work in the Field in Manchuria Highly Praised.

PARIS, Dec. 27.—The Tokio correspondent of the Temps writes that Lieutenant-General Kodama, Field Marshal Marquis Oyama's chief-of-staff, has been recalled from the front for striking the Field Marshal. Lieutenant-General Kodama is without doubt one of the greatest, if not the greatest, of Japan's Generals, and at the time of the outbreak of the war it was generally believed that he would be appointed commander-in-chief of the Manchurian army. The announcement of his appointment as chief-of-staff has been received with general satisfaction as the preparation of the Japanese army was generally credited to his foresight and wonderful executive ability.

For years prior to the outbreak of war General Kodama was engaged in perfecting both the home defenses and the means of mobilization of the army on short notice. The scope of the work was a revelation even to the government, for General Kodama had worked out many details, the importance of which became only apparent when the war broke out. He was in command of the mobilization taken in hand. There is no doubt that many of the brilliant strokes executed by the Manchurian army were creations of General Kodama's brain.

During the war with China, Kodama was Vice-Minister of War, and later was appointed to the command of the Third Division, from which position he retired to assume the office of Field Marshal Oyama's chief-of-staff.

NOGI IS BADLY WOUNDED.

Commander of Besiegers Is Struck by Three Rifle Bullets.

LONDON, Dec. 27.—The Chefoo correspondent of the Telegraph says it is reported that General Nogi, the commander of the Japanese forces besieging Port Arthur, has been taken to the hospital at Dainy. He was wounded severely in the arm and leg by three rifle bullets, according to the correspondent.

DASH OF THE BESIERS.

Light Column Takes Many Trenches on Northern Defenses.

LONDON, Dec. 27.—The Daily Telegraph's correspondent at Chefoo in a dispatch dated December 26 says:

A messenger from Port Arthur describes a Japanese attack the evening of December 22, with a light column of 5000 and many machine guns on the northern defenses. They dashed along the railway, carried trench after trench, and succeeded in reaching the water course beneath Puyesean Mountain, where the Russian artillery worked terrible execution.

A force bayonet fight occurred at midnight, and the Japanese forced advanced eastward of Puyesean Mountain, threatened the retreat of the Japanese, who, after a desperate struggle, retired to the north, leaving several hundred prisoners, and 80 prisoners. It is estimated that they lost 600 killed.

The Japanese halted near the cemetery, and finding that both their flanks were carried, they turned back to the outlying range of the main forts, entrenched on a small hill near Eto Mountain under a severe enfilading fire which caused them heavy losses.

ORDER BOATS TAKEN AWAY.

Russian Hospital Ships Obstruct the Shots From Siege Guns.

LONDON, Dec. 27.—The Daily Mail's correspondent at Tokio cables as follows: December 14, the Japanese signaled the Russian hospital ships protecting the destroyers in the roadstead of Port Arthur, to change their positions, and the Russians requested a respite of six hours, which meant giving the destroyers the benefit of darkness. The sequel is not known.

It is reported that recently positions have been captured behind Laotai which have cut off the Russian supply bases from the main force. Foreign correspondents from Port Arthur declare that the fortress is the strongest that was ever attacked and compared it to Sevastopol, with hills arranged in mutually supporting groups, connected by tramways and telephone and backed by walls masking the movement of the troops from one to another. They assert that no other army in the world could have done what the Japanese have accomplished, but deprecate as

overseas the idea of its immediate capture.

RUSSIANS SNUB THE TAOTAI.

Consul Makes No Reply to Demand for Sailor Murderer.

SHANGHAI, Dec. 26.—The Russian Consul has made no reply to the demand of the Taotai for the surrender to him of the sailor belonging to the Russian cruiser Askold who, December 15, murdered a Chinaman as a result of a dispute over a payment for the hire of a blirikleba. The sailor is still on board the cruiser, where he was sent by the Consul, and where it was reported he would be tried by court-martial. The Taotai has applied to the foreign board at Peking for further instructions. The Ningpo community is becoming restive.

(The murdered Chinaman was a native of Ningpo, an important treaty port, 100 miles south of Shanghai, and the Ningpo

community at Shanghai is 50,000 strong. As told in a dispatch from Shanghai December 19, the lower classes of this community were urging an attack on all Russians in Shanghai, but were being restrained by the Ningpo Guild, which was counseling patience, pending the action of the Taotai.

Manahu on Inspection Trip.

YOKOHAMA, Dec. 26.—The steamer Manahu, bound for the neighborhood of Port Arthur, left here today. She carried as passengers 10 naval attachés, four Peers, 17 members of the House of Representatives, the Secretary of the Diet and one Lieutenant-Commander. There will be no press representatives on board during the voyage, which it is expected will occupy three weeks.

Sent at Request of British.

PARIS, Dec. 27.—The Echo de Paris claims to have information that it was on the request of the British Government that the British Admiral Bevelly sent back Lieutenant Valron, of the transport Kamchatka, to testify before the International Commission on the North Sea affair concerning the wireless messages which aroused the suspicions of the commander of the Baltic squadron and led to the firing on the Gamecock fleet.

PULAJANAS HARD TO REACH.

Practically No Harbor in the Eastern Coast of Samar.

WASHINGTON, Dec. 26.—Secretary Taft today received a cablegram message from Governor Wright at Manila in response to his inquiry in regard to the recent uprising of the Pulajanas. Dolores, Samar Governor Wright's message is as follows: "Manila, December 26, 1904. Secretary of War, Washington, D. C.—With reference to your inquiry in regard to the recent uprising of the Pulajanas, Dolores, Samar, I regret to say that General Corbin's report of attack on Oras and Dolores is correct. Pulajanas have of late left west and north side of Samar, and are active on the east coast, which is practically without harbor and very difficult of access during prevalence of the existing monsoon. Orders were given some time since to strengthen all detachments on the east coast, but unfortunately this was delayed by wreck and loss of coast guard boat crewed by the coast guard cutter. The men were saved, but the delay in sending another coast guard boat to the rescue resulted in leaving these small detachments at Oras and Dolores isolated and the consequent loss. All east coast stations have been heavily reinforced and we are still sending men by my direction. General Allen (chief of constabulary) left for Pulajanas two weeks since to take personal charge of affairs in Samar. I am still further reinforcing him with constabulary and am consulting with General Corbin, who, if necessary, will aid us with troops. (Signed) WRIGHT."

RAMMED BY THE WHITTIER.

Bark General Fullerton Badly Damaged While on Tow to Bay City.

SAN FRANCISCO, Dec. 26.—The bark General Fullerton, which arrived today from the Columbia River, in tow of the steamer Whittier, was run into by the Whittier December 22 and damaged to the extent of about \$1000. The vessels were about eight miles south of the Columbia River, backing a stiff southeasterly. The hawser parted, and when she tried to put another line aboard the Fullerton, the Whittier's nose poked itself deep into the barkentine's side. The Fullerton's guard planks were stove in and the woodwork in her cabin was much damaged.

5000 REWARD for WOMEN WHO CANNOT BE CURED. Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the disease and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States for any case of Leucorrhoea, Female Weakness, Protrusion, or Falling of Womb, which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

I was a great sufferer for six years and doctored all the time with a number of physicians but did not receive any benefit, writes Mrs. George Sogden, of 44 Bond Street, Saginaw (South), Michigan. "I had given up all hope of ever getting better. Thought I would write to you. When I received your letter telling me what to do I commenced to take your 'Favorite Prescription' and follow your advice. I have taken five bottles in all, also five vials of the 'Pleasant Pellets.' Am now regular after having missed two years and suffered with pain in the head and back of a sick nervous, could not eat or sleep. Now I can thank you for my recovery."

Don't hesitate to write to Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. If you want good medical advice from a fully qualified physician as to your personal good health, such letters are always answered free of charge and confidentially. A medicine which has outlasted all others for women in the past third of a century, which is recommended by all those who have used it, is a good remedy to tie to. Dr. Pierce's Favorite Prescription is purely vegetable and does not contain a particle of alcohol to destroy the blood corpuscles and weaken the system. Do not permit the dealer to insult your intelligence by suggesting some other compound which is being recommended as "just as good," because he makes it himself.
