A CIVIL WAR CAPTAIN

Talks to the Point. "Until two years ago I had had piles for about 30 years, at times bleeding and very painful. I got a 50-cent box of Pyramid Pile Cure at the drug store and used it and was entirely cured; got another box in case I needed it, and as the piles did not return in six months I gave the remedy to a friend of mine who wanted the doctor to operate to cure him. My friend said he would use the "Pyramid" but he knew they would do him no good, but they cured him of piles of 25 years' standing. I am free from piles today, and have been since using Pyramid Pile Cure. I was Captain in the Civil War."—James Adams, Soldiers' Home, California.

The majority of people labor under the impression that an operation is necessary in severe cases of piles, or hemorrhoids, and are very skeptical regarding the remedial virtues of any medicinal compound. Testimony like the above should certainly have a tendency to dispel this impression, although it is odd that such a fallacy should prevail, and still more odd that so many people should think an operation effects a permanent cure, whereas the contrary is more often the case.

We advise all sufferers from this painful complaint to buy a 50-cent package of Pyramid Pile Cure at any drug store and try it tonight.

Those interested cannot be too strongly urged to write Pyramid Drug Co., Marshall, Mich., for their little book describing the causes and cure of piles, as it contains valuable information, and is sent free for the asking.

Pyramid Pile Cure is a powerful, yet gentle, and entirely safe remedy for the cure of piles, hemorrhoids, and itching of the rectum. It is sold in 50-cent packages, and is sent free for the asking.
