PEABODY'S STRENGTH GROWS

Candidate for House Speakership Approved by Governor Was Selected by Party Caucus Yesterday After a Struggle.

DENVER, Jan. 2.-The cause of Governor Peabody made a distinct gain this afternoon when the Republican caucus selected W. H. Dickson, of this city, as speaker of the next House of the Colorado Legislature. Although Mr. Dickeen has been a resident of this state for three years, he has not been active in interests of any Republican faction, but his candidacy was supported by the of Governor Peabody and agreement upon by the caucus is regarded with much complacency by the Peabody peo-

The Republican leaders have not yet determined positively upon their line of action after the Legislature is opened. It is possible that Harry C. Some of the leading Republican politicians say that this will not be done, but the attorneys who are handling the case for Govmor Peabody say that it may be done.

Another plan that is meeting with favor among many members of the Legis-inture is to follow the action of the Supreme Court in reviewing the ballots in s city. As soon as the Supreme Court has finished with a certain number of precincts, the Legislature is to take them and conduct its own examination along lines similar to those employed by the Supreme Court. It would be months before the Executive Committee having this recount in charge would be prepared

The Republican leaders have no hesitancy in declaring that the first thing they will do is to unseat the Democratic Senators, Born and Healy, who two years ago, were given the seats of the Repubicans, Dick and McDonaid.

Other Seats in Danger.

There are four other Democratic Senators who may share the fate of Born and Healy, although it has not yet been decided that they will be unseated.
