WASHINGTON, Jan. 5 .- Today's Treasury's

Other Cereals Strong at San Francisc

Recent Shipments to the Orient. SAN PRANCISCO, Jan. 5.—(Special.)— Wheat was the only weak spot in the local grain pit. Chicago's heaviness and indica-tions of more rain in California discouraged tions of more rain in California discouraged speculators and caused the decline. Barley femained strong. May sold higher and spot lots commanded full prices, owing to the smallness of stocks. Outs were firmer, with an advance in black. Bran and rolled barley were firmer. Hay receipts were moderate, but the market was quiet. Recent shipments of 2000 tons of hay to the Ordent and the fact that the theverament has wanted 1000 tons for prompt shipments have not changed market conditions, as stocks are large and rains give assurance of good crops next season.

Citros struits were quiet and easy, cold

weather restricting trade. No more nuction sales of oranges will be held until January 2, as southern packing-housen were closed during the helidaya and it will take a few days before they can furnish a regular supply for this purpose. Upper grades of supples were active and firm. Extra Newtown pippins command \$1.50.

All grades of potatoes are moving well at firm prices. Common river stock is cleaning up for chipping, but the improvement is regarded as temporary. Only a few sacks of Oregon Entranks are thus far unloaded from the steamer Effer, and no sales have been made, but if fancy will bring \$1.15. Two lets of Oregon culcums on the same steamer sold at \$1.75, and one lot at \$2.25. The market is weak.

STRONG CASH SITUATION

CAUSES FIRM OPENING IN CHI-CAGO WHEAT MARKET.

Bullish Advices From Argenting-Advance Lost in Last Hour of Trading on Profit-Taking.

CHICAGO, Jan. 5.-The wheat market opened firm with May up a shade to %8%c, at \$1,16%81.16%. The cash situation in the Northwest was the principal cause of the early strength. News from Minneapolla was quite bullish, a claim being made that 1,500,-000 bushels of wheat had been ordered taken out of store to go to outside mills. In adprices at Liverpool, however, had a depressing offset on the market here. Reports of the excellent condition of wheat in the United States also gave becouragement to bear trades. The volume of trading was rather small during the first part of the day. Later the market became more active and a firmer tone developed. During the last hour of trading, however, all of the advance was lost on profit-taking. May closed 10% to lower at \$1.14%.

Throughout the entire session the corn market was subjected to liberal selling by competence.

Harriman Seeks Delay in Northern Securities Windup Pending Appeal.

NEW YORK, Jan. 5.—That the Northern Securities case will be taken up to the United States Supreme Court on a writ of certiorari by E. H. Harriman and the interests allied with him was anounced by W. D. Guthrie, of counsel for the Harriman faction, to-day. Copies of the decision of the United States Court of Appeals were received by counsel today. After a perusal of the decree Mr. Guthrie said application for a writ would be made to the Supreme Court as soon as the

court reconvened.

The Court of Appeals disolved the injunction which had been secured by the Harriman interests restraining the distribution of the assets of the Northern Securities Company, and its de-claion was in effect a defeat for the interests of Mr. Harriman and Wins-low Pierce to secure the return of the Northern Pacific stock which they turned over to the Northern Securities company and which was valued at 178,088,000. It is expected that a writ of certiorari from the United States Supreme Court will act as a stay and prevent temporarily the distribution of the Northern Pscific stock held by the Great Northern Company.

Felter, 1415 Cherry street, was ushered into the court. Felter imagined that he was able to hand millions to every one present, and with outstretched hands believed he did deliver cash to all those near he did deliver cash to all those near him. Pelter is 27 years old and was sent to Dunning. John Munbear, 402 State street, 40

years of age, believed Lawson had looked with favor upon him instead of denouncing him in his magazine ar-ticles and said he had received a check for \$80,000,000 from the financier. Munbear was sent to Dunning.
